Hello Jennifer,

Attached are the cruise reports. State has said that these can be made public along with the data. Hernan, apologies for the multiple emails, but checking to see on this chain if you or NCEI has received copies of this data from China?

Thank you both for your assistance on this.

Best,
Chrissy

Hi Chrissy,

That would be great. Thank you.

Can I assume that these reports can be made publicly available along with the data?
