Reporting period: 10/01/2004 – 09/30/2006
FINAL REPORT

The following products were completed for this Project:

1. Final Draft of the Management Plan for Arrecifes de la Cordillera Nature Reserve. This document is subject to final revision by the DNER. Copy of this is attached in this communication. The Grantee will be available to implement the necessary revisions prior to final publication upon request from DNER.
2. A set of almost 300 photographs of the Reserve was deposited with the Management Officer.
3. A presentation of the proposed management strategies for the reserve was offered to the general public at the First DNER Coral Reef Symposium in San Juan.
