STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM		
					KILLED	INJURED	PROPERTY	CROPS			
CALIFORNIA Pasadena	23	Afternoon			0	0	2	0	Lightning struck telephone and power lines which fell and blocked freeway for 2 hours.		
Visalia ONE	31	Afternoon			0	0	3	0	Lightning struck one home, starting a fire.		
COLORADO											
Eastern Plains	1	AM					0	4	Freezing Temperatures		
									Record low temperatures for the date, in the low 20's, caused added damage to sugar beets and wheat, to that caused by late April freezes.		
Adams and Arapahoe Counties	12	PM					0	0	Funnel Cloud		
									Public reported funnel cloud between Bennett and Strasburg, about 30 miles east of Denver.		
Pueblo	19	PM					4	0	High Wind		
									Winds gusting to near 60 mph broke windows, uprooted trees, and disrupted power, and caused scattered damage to buildings, including destruction of a horse stable.		
El Paso County	28	4:20 PM					0	0	Tornado		
									Two funnel clouds, one touching ground, reported near Ellicott, 18 mi east of Colorado Springs. No damage reported.		
Cheyenne County	28	7:45 PM					0	0	Funnel Cloud		
									A funnel cloud was reported 20 mi SE of Cheyenne Wells, near the state border, in a storm with marble-size hail, heavy rains, and high winds. No reports of damage.		
Arapahoe County	28	2:40 PM					0	0	Funnel Clouds		
									Two funnel clouds were reported in SE Denver, another 2 miles east of Cherry Creek Dam, and another 5 miles south of Buckley Field		
Kiowa County	29	5:30 PM					0	0	Tornado		
									A tornado was reported 12 miles south of Tower. No damage reported.		
Denver	29	1:30 PM					0	0	Hail		
									No damage reported from 3/4 to 1" hailstones.		
Provers County	30	5:40 PM					3	0	Funnel Clouds, Tornado, Thunderstorm		
									State Patrol reported tornado at intersection of U. S. Highways 287 and 50 near Lamar, and two funnel clouds in same area. No damage reported. Heavy rains caused local flooding in the area.		
Agate	30	7:30 PM					1	0	Tornado		
									State Patrol reported tornado hit Agate about 7:30 MST. No injuries and only slight property damage.		
Denver	30	2:15 - 2:55 PM					0	0	Hail		
									Hailstones to 3/4" reported in Buckley Field area. No reports of damage.		
Southwest Denver	30	3:30 PM					0	0	Funnel Cloud		
									Cloud sighted by police vicinity of South Wadsworth and Bear Creek. No damage reported.		
Adams County (Vicinity of Denver)	30	Afternoon					3	0	Tornado and Funnel Clouds		
									A tornado touched down briefly in the vicinity of W. 60th Ave., moving to W. 62nd Ave., uprooting trees and damaging one building. Doors were ripped off one business house, scattering irrigation pipe widely. Additional trees were uprooted as it moved to 62nd and Washington Streets.		
									In the same area, up to 3 funnel clouds were sighted during the afternoon.		
Denver Area	30	3:30 PM Approx.					3	0	Hail, High Winds, and Heavy Rain		
									Hailstones 1" in diameter fell in West Denver, accompanied by 4.00" rain. Considerable flooding of roads and basements. Hail and rain continued about 1-1/2 hours. Water several feet deep in some yards. Many highways were closed temporarily. Hardest hit area was from West Colfax to W. 52nd Avenues; Sheridan to Kipling Streets.		
									In east and southeast Denver, hail piled up 2 ft. in depth in some low-lying areas. Snowplows were employed to remove hail.		
									Stapleton Airfield was closed over an hour because of hail on runways.		
COLORADO (Cont'd.)											
Northern Mountains	30						0	0	Snow		
									Some mountain passes were closed briefly by unusually late season snowfall.		
Baca County	31	3:40 PM					0	0	Tornado		
									Tornado reported at Campo, 20 mi south of Springfield, by Liberal, Kansas police, moving eastward toward Elkhart, Kansas. No reports of damage.		
CONNECTICUT											
New Haven, Wallingford, New Haven Co., and parts of Eastern Conn.	25-26	AM-PM					0	0	4	0	Wind, rain.
											Intense coastal storm toppled trees, which downed some power lines and clogged drains with resultant flooding in parts of New Haven County. Flash flooding occurred locally in eastern Connecticut.
East Haven, New Haven County	28	All day					0	0	5	0	Flood
											Street, basement and backyard flooding, the result of heavy rains on May 25-26, caused considerable damage in housing developments built in low-lying areas during the recent dry years.
DELAWARE											
Southern Sussex County	15	5:30-6:00p.					0	0	5	0	Wind, rain & hail
											Thunderstorms crossed area and were accompanied by strong gusty winds and heavy rain. Damage was estimated in the thousands as winds demolished five new house trailers, damaged seven camping trailers and leveled at least two chicken houses and two barns. Power and telephone lines as well as many trees were downed.
FLORIDA											
Mglin Air Force Base	4	4:21p.									Funnels aloft
Palm Beach County	6	7:25a.									Funnels aloft
											Public reported two funnels near Juno Beach.
Key West	8	9:30 to 10:30a.									Funnels and Waterspout ten miles
											Three funnels and one waterspout reported about south of Key West.
Satellite Beach, Brevard County	9	3:00p.					0	0	4	0	Windstorm
Palm Beach County	16	9:40a.									Waterspout
											Public reported waterspout just offshore at Boca Raton.
Palm Beach County	16	9:45a.									Funnels aloft
											Public reported two funnels 13 miles SE of West Palm Beach
Homestead, Dade County	17	10:45a.									Funnel aloft
											Funnel reported over Homestead AFB moving southeast.
Avon Park, Highlands County	17	5:00p.					0	0	4	0	Tornado
											Two trailers overturned.
Key West	18	5:20p.									Waterspout
											Waterspout reported 5 miles northwest of Key West.
Pensacola	21	afternoon									Waterspouts
											Several waterspouts reported over Pensacola Bay.
Daytona Beach	22	4:40p.									Funnel aloft
											Funnel reported west of Daytona Beach.
Putnam County	22	afternoon	15	1	0	2	4	0			Tornado
											Small tornado touched down near Hollister and Palatka.
Jacksonville	23	6:31a.									Waterspouts
											Two waterspouts reported 23 miles NE of Jacksonville.
Orlando	23	7:10p.									Funnel aloft
											Flight service station reported funnel just north of Orlando Airport moving northeast.
Polk and Hillsborough Counties	29	3:20 to 3:30p.					0	0	0	0	Hail
											Hailstones one inch in diameter reported one mile northeast of Lakeland and one mile east of Plant City.
Wellborn, Suwannee County	29	4:00p.					0	0	3	4	Hail
											Extensive damage to tobacco, corn, watermelons, and tomatoes.
Sebring, Okechobee County	30	afternoon	1	1	0	0	4	0			Tornado
											Tornado moved across Dinner Lake and knocked down WSEB radio tower.
Sidell, DeSoto County	31	5:40p.					0	0	4	0	Tornado
											short narrow Tornado destroyed a barn at Carleton Ranch.

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS				ESTIMATED DAMAGE	CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS		
GEORGIA										
Bowdon	6	8:15 p	2	150	0	0	4	0	Tornado	Storm blew out one wall of high school auditorium while play was in progress. Numerous small buildings demolished and several residences damaged. Large number of trees uprooted or twisted off along storm path. Storm moved ENE.
Marietta, near	6	8:45 p							Funnel Cloud	Reported by State Highway Officer to be moving toward NE.
Early County	7	9:00 a	4	Narrow	0	0	3	0	Tornado	Small tornado damaged several farm houses and uprooted numerous trees.
Colquitt County	7	10:30 a	Short	Narrow	0	0	3	0	Tornado	Storm damaged a rural church while Service was in progress. Several cars on grounds damaged by falling trees.
Macon	7	?			0	2	0	0	Lightning	Two young brothers injured when hit by a power line knocked down by lightning.
Augusta Area	8	p.m.			0	0	4	0	Wind and Lightning	Many buildings damaged and numerous trees uprooted in Augusta, Richmond County and surrounding counties. Wind speeds of 60 mph recorded at Augusta WBAS. One house was destroyed by lightning.
Tift County	8	9:00 p	?	?	0	0	3	3	Tornado and Hail	Tornado reported near Eldorado, a few miles south of Tifton with damage limited to blown down lines. Additional damage to lines at Brookfield about 8 miles to the NE. Hail caused scattered damage to crops in adjoining Colquitt County a little earlier.
Chickamauga, near	12	9:15 a	?	?	0	0	2	0	Tornado	Trees blown down but no other significant damage.
Cobb, DeKalb and Gwinnett Counties	12	8:15 p			0	1	4	0	Windstorm	Winds wrecked a large boat dock on Lake Allatoona and caused damage to houses and trees in the three county area. Heaviest damage was in the Ackworth area of north Cobb County where several houses were damaged by falling trees and large branches. Winds of 75 mph were reported at Peachtree-DeKalb airport. A woman was slightly hurt at the demolished boat dock.
Santee Community, White County	15	1:30 p	Short	Narrow	0	0	4	0	Tornado and Wind	Several trees were uprooted or twisted off and one large oak tree heavily damaged a house. A number of other buildings were damaged in the area of the tornado and scattered wind damage was reported from other parts of the County.
Augusta Area	21	6:00 p			0	0	?	?	Hail	Golf ball size hail reported.
Manchester, 5 miles north	22	11:40 a							Funnel Cloud	Reported by Department of Public Safety.
Tifton, 10 miles northeast	22	10:00 a	Short	Narrow	0	0	4	0	Tornado	One residence demolished, other buildings damaged and trees uprooted.
Valdosta	22	12:30 p	1/2	500	0	0	4	0	Tornado	Storm hit south side of town causing heavy damage to Farmers Market, Livestock sale barn, three tobacco warehouses, a tire company and several residences. Many trees uprooted. Storm moved eastward.
Southern	29	p.m.			0	0	5	5	Wind, Hail and Lightning	Heavy thunderstorms, with damaging winds and hail, hit several sections of south Georgia during the afternoon. A club house was demolished at Byron, just south of Macon, and several motels suffered roof damage. A house burned after being struck by lightning. Several trees were blown down in Columbus and a number of houses suffered minor wind damage. Lightning heavily damaged one house. Marble size hail fell in the Albany area and numerous trees were blown over, many falling on utility lines and causing an interruption of service. Hail and wind caused major crop damage in parts of Colquitt, Atkinson, Brooks, Lowndes, Tift and possibly other counties. Tobacco was the hardest hit, with several fields considered a total loss.
HAWAII										
Northeastern Kauai	21-22	Afternoon to Morning, 22nd			0	0	0	0	Thunderstorm, Rain	Near cloudburst struck northeastern Kauai near midday. Rainfall well over 10 inches in mountains, 6 to 8 inches coastal areas. Two cars swept from Kuhio Highway near Hanalei and two from Hauaala Road near Kapa during height of storm. \$7,000.00 damage to equipment and tools on ground floor of two dwellings on Hauaala Road. Taro fields flooded by Hanalei River.
IDAHO										
Boise	11	11:15 a. 5:00 p.							Funnel Clouds	The first funnel was sighted by Weather Bureau observer southwest of Boise Air Terminal, moving southeast. It dissipated in less than 10 minutes. The second, around 5:00 p.m., was reported northwest of Boise by a pilot and confirmed by observer on the ground. Both funnels remained aloft and no damage was reported.
ILLINOIS										
Central	1	4:26-5p							Funnel clouds	Several funnel cloud sightings in area south and east of Springfield to Indiana line.
Knex County	7	6:15p	3	150	0	0	5	0	Tornado	Tornado moved southeast from Galesburg Airport to southwest part of city in 100 to 200 yard wide path. Nine parked aircraft damaged or destroyed. Several homes, outbuildings, automobiles and truck trailers badly damaged. Only minor injuries. WBAS, Peoria.
North Central	7	6p-7:30p							Funnel Clouds	Several funnel clouds reported in north central, especially in Peoria and Rockford areas.
Pulaski County	11	abt 3p			0	0	3	4	Hail, wind	Extensive damage to wheat and strawberries in Olmstead area by hail and some wind damage. WBO, Cairo.
Effingham County	15	1:45p	1/2	20	0	0	3	0	Tornado	Funnel cloud observed to approach ground and damage tree tops 1/2 mile before tail lowered and damaged roof of industrial building. Debris from roof could be seen in departing funnel. WBAS, St. Louis.
Madison County	16	4:30p	1/2	20	0	0	3	0	Tornado	Explosive damage to silo and small buildings. Debris and eye witness indicate small tornado. WBAS, St. Louis
Northern	18	6p-10p			0	?	4	0	Wind, lightning hail, funnels	Severe thunderstorms with high winds and roofs. Damage especially heavy Moline area where wind gusted to 75 mph. Numerous funnel clouds reported as squall line moved across northern part of state. One funnel was reported to have touched down in open field near Galesburg with no damage.
INDIANA										
Indianapolis, 4125 E. 16th Street	1	E.S.T. 4:40 p.							Funnel	
Marion County	8	10:00 a. (about)	?	?	0	0	0	3	Hail	Hail reported in most sections of County. At 25th & Arlington in Indianapolis size ranged from pea to walnut; marble size reported at 21st & Post Road.
Hamilton County, between Noblesville and Fishers	11	3:10 a.							Funnel	
Indianapolis, 15 miles NE	28	2:30 p.	?	?	0	0	4	0	Wind	Near Geist Reservoir power and telephone lines blown down. Twenty or more trees felled, barn roof lifted, cement block building damaged and a 250 gallon tank blown into lake.
Economy, Webster, and Jacksonburg (Wayne County)	28	3:30 - 3:40 p.	1/2	35	0	0	4	3	Tornado, hail, rain	Damage was reported in areas of Wayne County near Economy, Webster, and Jacksonburg. Sheriff verified that a tornado briefly touched down between Jacksonburg and Road I-70. Some huge trees were levelled and the tower of a high voltage power line was twisted to the ground. Traffic on I-70 was closed while high voltage lines were being removed. Area had a severe thunderstorm and much hail from 1/2 to 3/8 inch in size. Wind, falling trees and limbs damaged several houses. One mobile home was a total loss.
Ft. Branch, 17 miles north of Evansville	28	7:20 - 7:25 p.							Funnel	Funnel moved eastward according to State Police.
Goldsmith, Tipton Co.	28	7:49 p.							Funnel	
Coatsville, Hendricks County	28	7:49 p.	?	?	0	0	0	0	Tornado	State Police reported funnel cloud touched down 1/2 mile south and 2 miles west of Coatsville on the western edge of Hendricks County.
IOWA										
Northwood-Kensett area	7	3:00 p						4	Windstorm	The re-building in April 30 tornado zone damaged and destroyed.
SNW Marengo	7	3:17 p							Funnel cloud	Moved SE, 35-40 mph.
E of Evansdale, Black Hawk County	7	3:30 p							Funnel cloud	
6S Durant	7	4:34 p	12					4	Tornado	Sighted 5S of Stockton, moving SE, and in Scott County.
5 1/2 SE Northwood	7	4:40 p							Tornado	Tornado touched down 5 1/2 SE Northwood.
SSE Northwood	7	4:40 p							Funnel cloud	
Buffalo, Scott County	7	5:15 p							Funnel cloud	Moved SE.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM		
					KILLED	INJURED	PROPERTY	CROPS			
IOWA (Cont'd.)											
Fairfield	10	10:00 p					5		Lightning		
									\$100,000 damage to electrical substation, 14 cattle struck SE of Fairfield.		
Iowa	18	3:00 - 8:00 p				3	6		Windstorm		
									High winds gusting to 70 mph, associated with a north-south cold front moving across the State caused widespread damage. A dust storm preceded the frontal passage. Buildings were damaged and trees blown over.		
Gladbrook	18	3:50 p							Two funnels		
Woodward	18	4:00 p							Funnel cloud		
Knoxville	18	4:30 p							Funnel cloud		
									Observed with dust storm.		
Waterloo	18	5:00 p							Funnel cloud		
Lamont, Buchanan County	18	5:30 p					4		Tornado		
									Another funnel cloud observed at same time south of tornado.		
Maquoketa	18	6:15 p				13	5		Dust storm		
									Blinding dust blamed for 5 vehicle wrecks.		
Davenport	18	8:30 p					5		Lightning		
Eastern Wayne County	28	6:00					5	4	Windstorm		
									Tree and building damage.		
KANSAS											
Western, northern portions	1-2							7	Freeze		
									A late spring freeze occurred over western Kansas May 1 and over most of the northern and western portions May 2. Crops were damaged severely in some areas.		
Northern and eastern portions	5	a.m.			0	0	4	0	Lightning		
									Lightning-caused fires destroyed a barn in Greenwood County and a house in Osborne County; scattered other damage was reported.		
Neade County	5	about 7:45 p.	8	1800	0	0	0	6	Hail		
									Hail up to 1" diameter fell in the vicinity of Plains severely damaging crops.		
Western one-third of State	18	Evening	?	?	0	0	0	4	Hail, wind		
									Damaging hail and winds caused scattered damage. Damage from hail up to 3/4" in diameter occurred in Gove, Logan, and Lane counties; wind damage was reported in Logan County.		
Phillipsburg	26	4:30-4:40 p.	Under 100	1	0	0	4	0	Tornado		
									Small tornado moved from west to east. Major damage was to Co-op Refinery one mile north of downtown Phillipsburg.		
North-central portion	26	Late afternoon	?	?	0	0	4	6	Hail, wind		
									Hail up to 1" in diameter, accompanied by high winds, caused extensive damage in scattered areas. Portions of Smith and Jewell counties had 100 per cent destruction of field crops and several other localities in north-central Kansas also suffered heavy crop losses.		
Jetmore, near	26	10:00 p.			0	0	4	0	Lightning		
									A lightning-caused fire destroyed a farm home 3 miles east of Jetmore.		
Belleville	27	8:30 a.			0	0	4	0	Lightning		
									Lightning hit a mortuary and the fire which resulted caused considerable damage.		
Eastern one-third	27	Late afternoon evening			0	0	4	0	Lightning, hail, wind, funnel aloft		
									Lightning caused damage in Leavenworth, Iam, Brown, and Crawford Counties. A wind and hail storm hit Lyndon at 5:00 p.m. and a funnel aloft occurred just west of Banner Springs at 6:00 p.m.		
Labette, Montgomery Counties	28	Afternoon, evening			0	0	4	0	Lightning		
									Most of damage reported occurred at Coffeyville.		
Southwestern one-fourth	29	Late afternoon, night			0	0	4	4	Lightning, hail		
									Hail loss occurred southeast of Scott City; lightning caused damage at scattered locations.		
KANSAS (Cont'd.)											
Western portions	30	Evening, night					0	0	5	6	Hail, rain
											Severe hail losses occurred in Lane County as hail up to 1" in diameter fell. Cloudburst rains in portions of Ness County produced flash flooding in Ness City and several other localities. Some crops and bridges were washed out and considerable other damage was reported. Over 7 inches of rain was estimated north of Ness City.
Finney County	31	8:30 a.									Funnel aloft
											Funnel sighted about 8 miles southwest of Holcomb.
Harper, Sumner Counties	31	3:30 - 6:00 p.	?	?	0	0	6	6			Hail
											Severe hail, up to about 2" in diameter and accompanied by strong winds in some localities, caused considerable damage. Stones accumulated to a depth of about a foot at Harper. Wellington was also hard hit by this storm.
Seward County	31	3:38 p.									Funnel aloft
											Funnel observed 12-15 miles north of Liberal
Seward County	31	About 5:00 p.	8	3*	0	0	0	6			Hail
											Hail up to 1" in diameter damaged crops southeast, south, and southwest of Elmer.
Cedar Vale vicinity	31	7:00 p.	?	?	0	0	3	4			Hail
											Field crops and gardens were damaged south of Cedar Vale.
											<u>SPECIAL HAIL SUMMARY</u>
											Hail Loss Clearing House Reports indicate hail was especially severe on the following dates and in the following counties:
											26 Jewell, Osborne, Smith
											30 Lane
											31 Cowley, Harper, Sumner
KENTUCKY											
Calloway County	1	2:15 p.	1	50	0	0	3	0			Tornado
											The storm struck in a rural area between Hazel and Crossland near the Tennessee border, 3/4 mile west of Hazel and 8 miles south of Murray, Kentucky. It was accompanied by heavy rain as it moved from south-west to northeast, touching down 3 times over a distance of about a mile. One house was damaged beyond repair and 2 others were slightly damaged. 2 out-buildings were destroyed and a few trees were blown down in the 3 spots where the storm touched down.
Webster County	6	9:15 p.	10	200	0	2	5	7			Tornado
											The storm struck about 4 miles southwest of Clay, moved into the community and then to a point about 4 miles north of Clay. There was extensive property damage, some 70 buildings damaged to some extent. Width of path varied from about 200 to 500 yards.
Laurel County	6	Night			0	0	3	7			Hail
											Hailstones in the vicinity of London in varying sizes and odd shapes and ranging up to golf-ball size in a 3-minute fall caused extensive damage to a greenhouse, homes, and automobiles.
Fayette County	7	a.m.			0	1	5	7			Rain, lightning
											Heavy rain beginning just after midnight and totaling about 2 inches in 1 hour flooded streets and basements. In the vicinity of Lexington, water swept several automobiles off roads. Fire apparently set by lightning caused heavy damage to a lumber yard.
Mason County	7	6:25 a.	2	7	0	0	4	7			Tornado
											The storm preceded by a sharp hailstorm and followed by hail and rain touched down in the Valley View subdivision east of Maysville, demolished one residence and several other buildings, spun trees from the ground. Hail ranged up to golf-ball size and basements were flooded.
Rowan County	7	a.m.			?	?	4	7			Wind, rain
											North of Morehead, wind and rain were reported to have heavily damaged or demolished 2 houses, the wind unroofing the houses and a mud slide pushing in the walls.
State	11	Afternoon			0	0	4	7			Wind, hail, rain
											In extreme western Kentucky damage due to hail to golf ball size was reported at Mayfield, Graves County and in Murray, Calloway County, and at both Ballard and Ledbetter in Ballard County. Extensive damage from high winds was caused in the Worth Lane sector of McCracken County, some 3 miles west of Lone Oak; a tobacco barn was blown down and large trees were uprooted about 5:45 p.m. At scattered locations in other parts of the State, heavy downpours caused local flooding.

See reference notes at end of table.

					KILLED	INJURED	PROPERTY	CROPS			
KENTUCKY (Cont. State)	14				0	7	0	0	Tornado, thunderstorms and flooding		
	<p>Thunderstorms covered the State and there was a tornado watch in effect for portions of the State for much of the day. Reports indicated that high winds damaged or destroyed buildings, utility lines and trees in scattered areas chiefly in an east-west zone in the center of the State. Evidence from at least three points (in Caldwell, Butler and Jessamine counties) indicated at least one tornado and tornado-type damage along portions of a line stretching from Crittenden County in the west to Jessamine County in the Blue Grass. The first damage was reported from Crittenden County in the early morning hours and the damage in Jessamine County occurred at about 8 a.m. Radar reports indicated speed of thunderstorm cells at between 40 and 50 mph. Width of the path at one point was stated to be between 50 and 100 yards. Length of the path (if one tornado) would have been more than 150 miles.</p> <p>24-hour downpours ranging from 1/2 inch to 6 inches or more over the State and flash flooding was reported to have driven families from homes in at least three widely separated counties - Christian, Hardin, and Morgan. Portions of highways were reported to have been under water in at least 5 counties; local flooding was reported in more than a dozen counties. There was considerable economic loss due to erosion of soil, loss of farm materials and labor. In eastern Kentucky, in some areas more than a score of small bridges were washed away, and there was considerable damage to roads. There was some hail damage at widely scattered locations.</p>										
	Western half	15				0	0	0	0	Flooding	
Lawrence County	<p>The weekend rains of May 13-15, totals ranging from 1 to more than 5 inches, resulted in moderate flooding along portions of some of the tributaries of the Ohio and in more extensive flooding in the lower river bottoms along portions of the lower Ohio. Along the tributaries flooding persisted from about 2 to 8 days, from about the 15th to the 24th, depending on location; along the lower Ohio, from about 2 days to 2 weeks, from about the 15th to the 31st, depending on location. Thousands of acres of early-planted farm land were under water, chiefly along the lower Ohio; there was considerable crop loss on land planted in corn, cotton, and soy beans. There was some damage to roads, bridges, buildings and farm machinery. In some areas, this was the second highest water of record so late in the spring.</p>										
	19	Afternoon	2	800	0	0	?	0	0	Hail	
LOUISIANA State	1-2	p.m. - a.m.					5			Wind, thunderstorms, rain, local flooding	
	<p>High winds and heavy rains were reported in several areas in connection with the passage of cold front and associated squall lines. Winds reached 46 m.p.h. with gusts to 63 m.p.h. at Alexandria and 48 m.p.h. at Baton Rouge, and 5 to 8 inches of rain fell in sections of Central and East Central Divisions, with local flooding.</p>										
	Sabine Parish	1	12:50 p.m.		0	0				Tornado	
	Allen Parish	1	6:15 p.m.	5	800	0	2	4	0	Tornado	
	<p>Moved from west to east near Mittie. Demolished four homes, severely damaged several others and barns and sheds. Timber flattened. One critical injury as flying board pierced person.</p>										
	Vermilion Parish	1	10:40 p.m.		50	0	4	5	0	Tornado	
	<p>Damaged 30 homes and five business places at Kaplan. Moved in from south with damage to rice warehouse, skipped over most of downtown, touched down again with damage to businesses and residences in northern part of town. Power lines and telephone cables damaged.</p>										
	Iberville Parish	1	11:30 p.m.		0	1	4	0	0	Tornado	
	<p>Restaurant-grocery and mobile home destroyed, home and bridge-house damaged, houseboat capsized at Bayou Pigeon.</p>										
	Jefferson and LaFourche Parishes	1	p.m.	15		0	0	2	0	0	Wind
Assumption Parish	<p>Strong southeast wind over area from Grand Isle to Leesville (whose peak speed of 80 m.p.h. measured) overturned two mobile homes, damaged houses and antennas.</p>										
	2	1:00 a.m.			0	0	2	0	0	Wind, funnel	
<p>Tornado roar heard but funnel not seen on ground. Some wind damage to residences, school, and barn at Napoleonville.</p>											
LOUISIANA (Cont'd.)	2	1:15 a.m.			0	0	5	0	0	Lightning	
	<p>Lightning started fire which totally destroyed high school gymnasium with all equipment at Albany.</p>										
	Northwest, West Central and West Central Divisions	6	5-7 p.m.			0	0	5		Thunderstorms, wind, hail, heavy rain	
	Bienville Parish	<p>Cold front and squall line passage. Scattered damage reports included barn unroofed 5 mi. SW of Minden (Webster Parish) with large hail and heavy rain; trees, fences, powerlines, and billboards knocked down in Minden; trees down at Clay (Jackson Parish), Springhill (Webster Parish), and Ruston (Lincoln Parish).</p>									
		6	5:00 p.m.			0	0	4	0	0	Tornado
	Sabine Parish	6	7:00 p.m.			0	0	0	0	0	Funnel cloud
	<p>Sighted at Pleasant Hill.</p>										
	Sabine and DeSoto Parishes	6	7:15 p.m.	2		0	1	3	0	0	Tornado
	<p>Destroyed house, damaged others in the Lula community between Converse and Mansfield. 1/2 mile strip of timber flattened.</p>										
	Northeast, Central and East Central Divisions	14-15	p.m. - a.m.			0	0	4	0	0	Thunderstorms, wind, rain
Vermilion Parish	21	5:45 a.m.			0	0	3	0	0	Tornado	
<p>Second tornado this month at Kaplan unroofed buildings at lumber yard and repair shop and damaged house trailer.</p>											
Jefferson Davis Parish	29	6:50 p.m.			0	0				Funnel cloud, wind, rain	
Northern Divisions	<p>Sighted moving from north to south 2 mi. W of Welch. 150 telephones out of service in rural area due to wind and rain.</p>										
	29-31				0	0	5	0	0	Rain, wind, hail	
<p>Heavy thunderstorms recurring daily throughout the northern sections of the State during the final days of May left 5 to 7 inch rainfall totals (heaviest in the Northwest), and produced local flooding in several areas. Evacuation of about 100 houses was necessary in Shreveport following over 4 inches of rain in 12 hours on May 31. Soil moisture became excessive and water caused considerable damage to cotton and other crops. Scattered light wind damage (mainly tree limbs) was reported.</p>											
Central and North-east Divisions	31	a.m. - p.m.			0	0	5	0	0	Wind, hail, rain	
<p>Strong winds accompanying squall line blew roof off large new maintenance building at Louisiana College in Pineville shortly before noon. Utility lines and poles reported down in other sections of Rapides Parish. Strong winds and heavy rain were accompanied by 7/8 in. diameter hail around noon at Dunkie (Arcyelles Parish). A section of U.S. 84-La. 15 was closed in the Ferriday area (Concordia Parish) when strong winds blew down 12 steel power transmission towers. Roof of Highway Department Headquarters at Chase (Franklin Parish) blown off by winds.</p>											
MAINE State	7-8				0	0	4	0	0	Wind, snow	
	<p>Wind tore boats from moorings and caused many cases of minor damage in coastal area. Some trees snapped off. Storm was accompanied by heavy rain along coast but by unseasonably heavy snow much of central and north. Some local totals of 5 to 10 inches of heavy, wet snow which combined with wind to damage trees, limbs and shrubbery. Only minor utility failures. Some signs damaged.</p>										
Coastal, south of Portland	25-26				0	1	5	0	0	Northeaster	
<p>Debris washed by abnormal storm tide and high surf littered coastal roads. Beaches and coastline battered and damaged. Kennebunk Beach area one of hardest hit; sea walls were broken up. Thousands of lobster traps lost. High wind felled some trees with utility outages, with wind damages decreasing inland. Lobsterman injured off Cape Elizabeth when boat overturned by waves.</p>											

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INURED	PROPERTY	CROPS	
MARYLAND Western Portion	2	Late afternoon			0	0	3	0	Windstorm
									Thunderstorms with locally strong winds and heavy rain caused minor damage. Gusts to 60 knots were reported at Hagerstown Airport.
Southern Portion including Lower Eastern Shore	15	Late afternoon and early evening			2	0	5	5	Wind, rain & hail
									Thunderstorms crossed area and were accompanied by strong gusty winds, heavy rain and some local hail to half-dollar size. Gusts to 44 knots were reported at Patuxent Naval Station. Barns, house trailers and poultry houses were knocked down. Many power and telephone lines as well as trees were downed. During the storm, a tugboat sank off St. George's Island; two men were missing and were presumed drowned. Some crop damage from hail was also reported on the Eastern Shore.
Garrett County at 2E Loch Lynn Heights	19	8:15 p.			1	0	4	0	Tornado
									A tornado picked up a 4-room frame house, 25 by 36 feet, drove it through the top story of a dairy barn 100 yards away and scattered the debris in an area 50 yards beyond. The house and its contents were completely demolished. The only occupant was killed. The area affected was no more than 35 yards by 200 yards. A witness saw the funnel approach and took shelter under barn. Damage was estimated at \$10,000.
Frederick County	19	Afternoon			0	0	4	0	Lightning
									A dairy barn and storage shed were destroyed by two separate fires caused by lightning.
MASSACHUSETTS Coastal	7-8				0	0	4	0	Wind, rain
									Heavy rain caused local flooding of underpasses, low areas, and cellars. Roxbury police rescued two from car caught in flood. Wind tore boats from moorings and caused minor damage inland, such as to TV antennae.
State	25-26				0	1	7	4	Northeaster, with rain and snow
									A slow-moving northeaster produced sustained high winds, which reached full hurricane force in momentary gusts at numerous coastal areas and blew hard over a much longer period than the usual hurricane duration. Some coastal localities were devastated nearly on a par with the 1938 hurricane. In many areas protective structures built since 1938 prevented such extensive damage. Gusts reached 70 mph at Boston, 83 mph at Blue Hill, and some reports of up to 90 mph came from near Cape Cod. High wave action and abnormal storm tides combined to batter the entire coastline with much damage. At Plymouth 2.5 miles of beach was badly damaged. Much destruction to boats in harbors. Thousands of lobster traps and other fishing gear lost. Highest tide early on May 26 flooded much low-lying coastal areas and forced evacuation of numerous homes in many different communities. Sea water flooded coastal streets and parking lots, with much damage to inundated cars. Rainfall in storm extremely heavy in southeast, with new record total in 24 hours for Nantucket, at 6.57 inches. Rain totals decreased from over 7 inches at Nantucket and locally on Cape Cod to 2 to 4 inches for most of the State and to less than an inch in the extreme west. In areas of heavier rainfall much flooding of streets, underpasses, and cellars occurred. Occasional thunder accompanied the storm. Melting snow and sleet was observed in many coastal areas, with snow accumulating in many inland areas. Heavy, wet snow in the central and northern Connecticut Valley accumulated to from 1 to 3 inches and broke down hundreds of acres of newly set shade cloth for tobacco. Damage to plants not so great as little had been set out. Snow also remarkable westward into northwestern Massachusetts. This was generally the latest seasonal date for snowfall of official record for these areas. Weight of snow also damaged many trees and shrubs, also causing many utility outages. Wind damage extensive in eastern portion with much direct structural damage and many cases of plate glass windows breaking. Many homes hit by falling trees and some cars crushed by trees. Amazingly no one was seriously injured. One very minor injury from flying debris. However, numerous auto accidents were blamed upon the storm, mostly skidding accidents. Utility outages were especially frequent in eastern portion. At Newton 30% of homes were without power for more than six hours. Some towns were completely without service for shorter times.
MICHIGAN South Central Lower Michigan	1	7-8 pm			0	0	4	0	Thunderstorms, Lightning
									Scattered thunderstorms caused isolated damage in the Kalamazoo and Owosso areas. Two homes and one barn were set on fire, while wind damaged two garages and a carport and destroyed a large portion of a dairy barn. Total estimated damage at over ten thousand dollars.
MINNESOTA State	3				0	0	0	4	Cold
									Minimum temperatures approached or broke records for so late in the season in many areas. Some early season grain and alfalfa fields injured.
Lakeville, Dakota County	18	10 p.m.			0	0	4	0	Wind
									Winds to 50 m.p.h. blew down large barn.
MISSISSIPPI Alcorn County	1	Cont'd from 30th into 1st			0	0	4	4	Heavy Rain
									Heavy rains harmed cotton and cucumber crops, some require replanting. Creeks out of their banks, number of bridges washed out; Kossuth High School closed. Corinth manholes and drainage ditches overflowed, some streets flooded and automobiles stalled.
Bolivar County	1	1:45 PM	1	200	0	0	4	0	Tornado
									Storm with driving rain and strong wind moved from SW towards ENE. One funnel aloft appeared, touched down about 3 minutes, then rose moving toward ENE. Damage at 600-acre County Conservation League Lake, 2 N Highway 8 near race; some 10 boats and motors were "trapped around trees" or "sunk in the lake"; 200-foot pier had large middle section missing; concession stand was tilted; many trees "ripped to pieces".
Hinds and Rankin Counties	1	6:15 PM 9:15 PM			0	0	?	?	Funnel Cloud Aloft, Thunderstorm
									Severe thunderstorm crossed Central Mississippi. Public reported funnel cloud 6:15 PM near Forest Hill School, West Jackson, 15 SW Thompson Field. Near Forest Hill several trees were blown over and power lines downed. 6:23 PM Jackson radar reported hook echo at Utica; Utica police reported heavy rain. Lots of lightning, strong winds but no tornado evidence; some trees blown down near Utica. 7:55 PM near Red Hills, S Jackson, (lat. 32.3°N, Long. 90.1°W) funnel cloud aloft sighted moving S, loud roaring noise heard when overhead, marble site hail followed. 8:19 PM roaring sound over Plain. 8:45 PM very large thunderstorm just S of Brandon moved E and by 9:15 PM had decreased rapidly. Power outages in Hinds County largely caused by limbs and trees falling on lines.
Copiah County	1	7:13PM 9:00PM			0	0	?	0	Wind
									Large thunderstorms moved across area; heaviest damage between Hazelhurst and Crystal Springs. Located by radar near Hazelhurst 7:13PM moving ENE about 45 MPH. Many Hazelhurst homes had roofs blown off and rain caused water damage; streets littered with uprooted trees, large branches and debris; all major power feeders into Hazelhurst were destroyed by falling trees; damage to service lines and broken poles in every part of city; several homes damaged by falling trees. At 7:30PM four steel 80-foot power transmission towers were blown down to W of Crystal Springs (near Hollingsworth Store); road blocked. Between 8 and 9 PM at 6 E Crystal Springs (Hornum Road) 2 houses blown off foundation and trees blown down.
Eastern Mississippi	1	Night			0	1	?	0	Wind, Thunderstorm
									A series of thunderstorms moved through area; strong gusty winds, some isolated hail. Many fallen limbs and uprooted trees; few minor bruises, one person cut. NEWTON COUNTY: Red Cross and power workers reported minor damage. Hebron Community near Union: "rearing" sound heard 9:15PM as part of roof torn off home, then rain and wind caused interior damage; wind unroofed barn, broke trees and damaged several outbuildings. Traller home blown over 1-1/2 N Decatur, occupants not injured. SCOTT COUNTY: Wind damage - near 10:00PM 6-7 E Forest: barn destroyed, trees downed; in vicinity at 4 other locations, there was slight damage. About 11:00PM near Forest: home demolished, man received cuts and bruises. LAURENDALE COUNTY: Wind damage mostly restricted to utility lines struck by falling limbs and to streets blocked by trees. Little heavy damage in Meridian; strongest wind observed at Key Field was 9:01PM gust of 55 MPH.
George County	2	1:25 AM	Short	Narrow	0	0	?	0	Tornado, Wind
									Heavy rain and lightning, some wind damage in area with trees across roads, some electric and phone outages. Highway Patrol reported small tornado just E of Lucedale (Lat. 30.9°N, Long. 88.6°W); two puff winds, lasting less than minute, lifted house off foundation 1:25AM, then toppled large trees on it; next door trailer house turned over; across road carport and utility pole ripped off.

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
MISSISSIPPI (Cont'd.) Adams County	3-4	Night, - early morning			0	0	?	0	Heavy Rain
		High winds and torrential rains caused considerable damage to trees, shrubs, roads and highways; some damage from slides. All creeks and bayous out of banks in morning. About 2500 telephone outages in Natchez from wet cables in Morgantown and Montebello area.							
Bolivar County	6	6:45 PM 7:00 PM			0	2	?	0	Funnel Cloud Aloft, Wind
		Funnel cloud aloft reported 6:45 PM over Pace, 9 W Cleveland (Lat. 33.7°N, Long. 90.9°W); moving NE. Highway Patrol said no damage or injuries reported in area (or NE of Pace) nor were signs of tornado evident. About 7 PM a house trailer with 7 occupants blown over 5 W Cleveland; 2 received cuts, inside furnishings and top of car damaged.							
North Central and Northeast Divisions	6	Night			0	0	?	?	Thunderstorm, Wind
		High winds and severe thunderstorms buffeted portions of Northern Mississippi. PANOLA COUNTY: light hail at Batesville but no damage reported. TIPPAAH COUNTY: 8:44 PM 9 W Walnut (Lat. 35.0°N, Long. 89.0°W) trees blown across Highway 74. LAFAYETTE COUNTY: 9:05 PM hook radar echo reported 10 SW Oxford.							
BENTON COUNTY	12	9:20 AM			0	0	0	0	Funnel Cloud aloft
		Pilot reported possible tornado 35 NW Tupelo (Lat. 34.7°N, Long. 89.3°W) moving E. Highway Patrol found no evidence of tornado damage while Memphis radar indicated nothing severe.							
Washington County	14	3:00 PM	1	200	0	0	0	5	Hail
		Storm moved from SW towards NE. Heavy hail vicinity Winterville mostly marble size with largest slightly over golf ball size. Destroyed considerable wheat and corn, defoliated pecan trees, necessitated replanting about 350 acres cotton. One farmer reported 18-20 inch drift of hail against house.							
De Soto County	14	3:04 PM							Funnel Cloud aloft
		Southaven Community near Tenn. border and U. S. 51 and 55 (S of Whitehaven, Tenn.); Highway Patrol reported funnel aloft moving NE, did not touch ground.							
Coahoma County	14	Before 7:00 PM - 7:48 PM			0	0	?	?	Funnel Clouds Aloft, Thunderstorms
		Thunderstorm moved across area but no major damage or injuries reported. Hail reported in various sections of County but no extensive crop damage reported. Thunderstorm started shortly before 7:00 PM; rain so intense that some Clarksdale streets were flooded; scattered wind damage to property from Big Creek area E of Clarksdale to Rena Hara SW of city. Clarksdale Police and Highway Patrol reported no evidence of tornado damage; a funnel cloud aloft reported 7:05 PM by public 1 S Clarksdale (Lat. 34.2°N, Long. 90.5°W). Airlines pilot reported funnel cloud 7:11 PM 1 S Clarksdale. Highway Patrol reported funnel cloud 7:11 PM at Lulu (Lat. 34.5°N, Long. 90.5°W) extremely heavy rain hampered vision. Memphis radar at 7:15 PM indicated storm 1 S Clarksdale moving E about 40 MPH. Public reported four funnel clouds over Clarksdale area 7:48 PM.							
Bolivar County	14	Night			0	0	?	?	Wind, Hail
		Severe thunderstorm moved across area. Highway Patrol reported 2 houses blown down and trees across highway 7:06 PM Gunnison (Lat. 33.9°N, Long. 91.0°W). During night, near Scott, hail (size not known) destroyed 200-250 acres cotton.							
Lower Delta Division	14	8:25 PM - 11:49 PM			0	0	?	?	Funnel Clouds Aloft, Wind
		Funnel clouds aloft sighted in area. WASHINGTON COUNTY: Funnel cloud aloft moving E observed 8:25 PM by Highway Patrol 6 E Greenville (Lat. 33.4°N, Long. 91.0°W). Funnel cloud aloft subsequently reported near Leland. SUNFLOWER COUNTY: Funnel cloud aloft moving E reported at 8:35 PM 6 E Indimola (Lat. 33.4°N, Long. 90.6°W) by Jackson Civil Defense. LEFLORE COUNTY: Highway Patrol reported funnel cloud aloft 8:45 PM passing over Greenwood (Lat. 33.4°N, Long. 91.0°W). Public sighted funnel cloud aloft moving NE 8:53 PM vicinity Greenwood. Police Department reported funnel cloud aloft passed over Greenwood 9:11 PM. SHARKEY COUNTY: 10:45 PM Jackson radar showed hook echo about 3 S Osmond near Highway 61. YAZOO COUNTY: 11:59 PM Jackson radar showed hook echo 5 NE Yazoo City. No reports received that these funnel clouds touched ground; there was small limb damage and crop damage due to wind and rain.							
Calhoun County	14	9:25 PM - 10:10 PM			0	0	?	?	Funnel Cloud Aloft, Thunderstorm
		Thunderstorm and some hail moved across area. Part of crops damaged somewhat. Calhoun City Marshall reported funnel cloud aloft just N of City limits 9:25 PM, "traveling from NW towards SE" and did not hit the ground, but about 7 trees blown down. 9:35 PM at Bruce, Highway Patrol reported heavy rain, gusty winds and hail (size unknown); blown down tree damaged nearby roof. 10:10 PM Highway Patrol reported power lines down and trees across road at Derna, 1 E Calhoun City; electric power off for 5 hours.							
MISSISSIPPI (Cont'd.) Warren County	14-15	Night			0	0	?	0	Funnel Clouds aloft, Wind
		Cooler air moved through area accompanied by some heavy thunderstorms; number of trees down on Fisher Ferry Road S of Orange Hall and some trees damaged in area near Eagle Lake; in Vicksburg a tree blown down on a power line. Two towboats on Mississippi River reported funnel cloud aloft just S of Vicksburg Bridge; at 10:16 PM, possibly the same funnel cloud was reported by Highway Patrol moving towards Vicksburg. Another funnel cloud was reported in the Eagle Lake area NW of Vicksburg. At 11:30 PM Vicksburg Police had no damage reports but a thunderstorm with gusty winds had moved S of Vicksburg.							
Lee and Itawamba Counties	14-15	Night			0	0	?	0	Wind, Lightning
		Wind and some lightning damage occurred as storms moved through area. LEE COUNTY: 10:04 PM Tupelo - winds downed some power lines and uprooted some trees; 1/2" hail fell briefly following deluge of rain and knocked off lawns; 10:47 PM trees and telephone lines snapped at Verona and Nettleton. Near Verona large trailer overturned and struck nearby parked car; 2 N Sharon trailer home overturned; most damage to phone lines in Shannon area. ITAWAMBA COUNTY: Mantachie barn roof blown 75 yards then cut through house trailer; 125 year old house near Mantachie received roof damage. Roof new house torn off and moved 20 yards uphill 2 SE Dorsey. Garage top blown off near Centerville. At Trumont the school gymnasium reported struck by lightning, caught fire and was destroyed; flames noticed at 1:00 AM; nearby home was scorched and had some furniture damage by water.							
Hinds County	15	12:10 AM - 12:54 AM							Funnel Clouds Aloft
		Reports indicate two and possibly more funnel clouds aloft passed over area. Jackson radar showed hook echo at 12:10 AM 11 W Jackson; at 12:20 AM 9 SW Hawkins Field; at 12:23 AM 7 SW Hawkins Field. Approach Control at 12:25 AM showed 8 SW Thompson Field. A loud roaring sound at 12:32 AM heard over SW Jackson by public; a funnel cloud reported sighted 12:37 AM and passing vicinity Appleridge Shopping Center (in SW Jackson); no damage reports were received. At 12:47 AM loud roaring noise heard to NW of Clinton; at 12:51 AM loud roaring noise heard over Clinton; there were further public reports at 1:25 AM of roaring noise over Clinton.							
Chickasaw to Oktibbeha Counties	20	2:27 PM - 3:08 PM			0	0	0	0	Funnel Clouds Aloft, Heavy Rain
		Thunderstorms moved across area. OKTIBBEHA COUNTY: Funnel cloud aloft sighted 2:27 - 2:30 PM 5 SW West Point (Lat. 33.5°N, Long. 88.7°W) accompanied by strong surface wind shift. At Starkville, at 3:00 PM, Highway Patrol reported small hail, heavy rain, strong winds with no damage. CHICKASAW COUNTY: Highway Patrol reported hail and funnel cloud aloft 3:08 PM 25 NW West Point (Lat. 33.9°N, Long. 89.0°W).							
Central Mississippi	21-22				0	0	?	?	Heavy Rain
		Heavy rainfall covered area; rainfall amounts ranged up to more than 5 inches; some local flash flooding. Minor wind damage, few trees and limbs downed. Most damage due to flooding.							
Northern Mississippi	25	8:00 PM - 9:00 PM							Aurora Borealis
		Northern Mississippi rural area observers reported Aurora Borealis. At Crystal Springs; greatest intensity 9:30 PM, varied from bright red to pink to orange from NW through NNE with occasional streamers.							
Lee County	28	10:10 PM			0	0	?	0	Wind
		Most of Tupelo dark after thunderstorm snapped power lines and brought hail. Other damage mostly within 1000 foot area. Old garage roof blown off damaging nearby buildings and 2 parked vehicles; 2 trees downed, power pole snapped off. Police said they received no reports of funnel cloud.							
Calhoun County	31	2:29 PM - 2:35 PM			0	0	0	0	Hail
		Highway Patrol reported small hen egg size (1-1/4") hail and high winds at Calhoun City. Weather Observer there saw marble size hail 2:30 PM - 2:35 PM. No wind or hail damage reported.							
Oktibbeha County	31	3:20 PM							Funnel Cloud aloft
		Highway Patrol reported funnel aloft, 5-6 S Maben, moving NE.							
MISSOURI									
Licking, Texas County	6	6:00 PM							Tornado
		A very small "rope like" tornado did minor damage east of US 63 in the southeast portion of Licking. The funnel was also sighted later to the southeast in the Shipp Community.							
DeWitt (Near), Carroll County	7	5:00 PM							Thunderstorm
		Hail one inch diameter.							

See reference notes at end of table.

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM	PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS							KILLED	INJURED	PROPERTY	CROPS	
MISSOURI (Cont'd.) Chariton County, (Near Salisbury)	7	5:05 PM	5			1			Tornado	NEW HAMPSHIRE (Cont'd.) State	25-26				0	1	6	0	Northeaster, with rain and snow
Dunklin County	11	late night					4	4	Thunderstorm										High surf and abnormal storm tide battered the coastline and damaged boats, coastal installations, lobster traps and fishing gear and boats, and flooded low-lying areas. Precipitation totals mostly 1 to 4 inches with some local flooding. Traces of snow mixed with rain in coastal and south-east but heavy snow accumulations locally elsewhere. Mt. Washington reported 24.9 inches, including 22.2 inches in 24 hours, for a new May record. Heavy snow not confined to high elevations and to the north as 5 to 10 inches also reported locally in southwestern portion. Dublin had 6 inches with drifts to one foot. Keene reported 2.5 inches at the station and 5 to 10 inches in nearby localities. At Keene this was the latest seasonal snowstorm in 76 years of official record, producing also a new May record total. Snow weighted down trees and shrubs with heavy damage. Heavy wind damage especially in south-east. A driver was injured when a trailer truck was jackknifed by wind at Salem. Utility outages in many localities. Some damage to signs, antennas, chimneys, etc.
Caruthersville (Pemiscot County)	12	8:30 PM							Tornado	NEW JERSEY									None reported

North Kansas City, Clay County	27	6:35 PM							Funnel Aloft	Valencia County	25	11:52 a.			0	0	0	0	Small funnel cloud observed at estimated distance of 30 miles southwest of Albuquerque Support.
Strasburg (4 S) Cass County	27	6:50 PM							Funnel Aloft	Artesia, Eddy County	28	5:30 p.			0	0	?	?	Hail
House Springs, Jefferson County	28	4:50 PM							Tornado										Hail to 1-3/8 inches in diameter in southeast Artesia area damaged a few roofs, hay, and about 400 acres of cotton.
										NEW YORK									Central and Eastern
MONTANA									None reported		19	p.m.			2	4			Electrical, wind
NEBRASKA																			Thunderstorms, occurring quite generally over the State, concentrated light to moderate property damage in the Hudson River Valley and a few central areas as far west as Onondaga and Madison Counties. Winds gusting to 40 mph, brought down trees, limbs and power lines in parts of Orange, Dutchess and Washington Counties; falling trees and limbs caused some damage to buildings, especially in village of Greenwich, Washington County. Two persons suffered minor injuries from wind blown debris at Poughkeepsie. Lightning bolts added to power outages caused by wind with former blamed for "blackout" at Genesville, Madison County. Minor fires from lightning strikes occurred in several buildings at Schenectady and to two buildings at Syracuse.
Southeastern Nebraska	10	6 p - 7:30 p	85	Narrow	0	0	5	4	Tornado, hail, damaging winds	Southeast	24-	p.m. to 26	a.m.			4	4		Rain, wind
																			Coastal storm approaching Long Island late on 24th and deepening considerably on 25th, yielded from 2.0 to 3.0 inches of rain to extreme eastern sections of the Island. Widespread flooding of agricultural land caused moderate losses to potato and vegetable crops in Riverhead and Bridge Hampton areas of Suffolk County. High tides associated with winds gusting to 50-60mph, resulted in considerable beach erosion along southern and eastern shores of Long Island. Winds downed trees and limbs in parts of lower Hudson River Valley as far north as Dutchess County with some instances of damage to automobiles, buildings and utility lines. Two 100-ft. fishing trawlers torn from moorings by wind in Hudson River near Yonkers, travelled for 3 miles unmaned and came aground at junction of Hudson and Harlem Rivers, New York City.
Eastern Nebraska	10	About 6 p - 7p	60	Narrow	0	0	4	4	Hail										Scattered small areas of hail in northern Lancaster, Saunders, and Douglas Counties. Stones not numerous, but ranged in size up to 2 to 3" in diameter.
Omaha	18	Afternoon	?	30-35	0	0	4	0	Dust devils										An unusually large whirlwind estimated at 100 feet diameter and several thousand feet high and numerous smaller ones formed under clear skies. Gained enough strength to destroy garages, topple trees, and power lines.
Lisco Area	25	Night			0	0	0	4	Funnel clouds, hail	Alexander, Buncombe, Iredell Counties	2	6-8 pm				4	0		Wind
Nuckolls and Thayer Counties	26	6:00 - 7:00 p	50	10*	0	0	4	5	Hail		7					5	5		Blew down trees, broke power lines, lifted roofs, demolished barns.
																			Windy throughout state, with scattered damage to homes, outbuildings, trees and power lines over areas indicated. A few areas with hail up to half inch diameter, causing crop damage.
NEVADA									No report received by printing deadline	Wayne County	8	7 pm				0	0		Funnel aloft
NEW HAMPSHIRE State	7-8				0	0	4	0	Wind, snow										Reported by highway patrol. Some minor damage from winds scattered throughout state this and following day.
										Durham County	11	3:24 pm			0	1	3	0	Wind
																			Tree blown down on auto; driver injured.
										Central and Southeastern N. C.	12	aftn & evening				5	6		Hail, wind, electrical
																			Very heavy hail up to an inch in diameter over large areas of Harnett and Sampson Counties and smaller portions of others damaged crops, especially tobacco and vegetables, over a large acreage. Scattered wind damage to buildings, wind and lightning damage to power and telephone facilities. A few fires set by lightning.

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM		
					KILLED	INJURED	PROPERTY	CROPS			
NORTH CAROLINA (Cont'd.)											
Henderson County	13	4 pm					0	5	Hail		
							Heavy damage to apples and vegetables over a 10 sq. mi. area.				
Guilford County, Wake County	14	5:30 pm	5	900	0	0	5	4	Tornado or tornadoes		
							Wind damage area northeastern Guilford County reported by meteorologist as apparently caused by tornado. Roofs and outbuildings damaged, trees down. Funnel also reported northern Wake County by highway patrol.				
Durham, Greene, Orange Counties	14	6 pm					0	4	Hail, wind		
							Tobacco crop damaged Greene County. Large hail also reported cities or Durham and Hillsboro.				
Hertford and Rockingham Counties	15	3:45pm 9:00pm	short narrow				4	0	Tornado or tornadoes		
							Near Madison, Rockingham County, about 3:45 pm, roof lifted off building as if by section, accompanied by loud roar. Two trees blown down nearby, no other damage in area. News and circuit reports indicate small tornado 9:00 pm at Rhoskip, Hertford County; no confirmation. Scattered minor wind damage several areas of central and northern North Carolina.				
Buncombe, Caldwell, Davidson, Polk Counties	17	4-6 pm					4	4	Electrical, wind, hail		
							Lightning caused minor damage to several homes. Wind blew large tree down on house. Hail damaged fruit Davidson and Polk Counties.				
Yadkin County	18	4:00 pm					0	4	Hail		
							Tobacco damaged over a 7 sq. mi. area.				
Forsyth, Person, Wake Counties	19	night					4	0	Electrical, wind		
							Lightning set several fires Forsyth County. Killed five cows Wake. Wind caused scattered damage to roofs and power lines Person.				
Southwestern Piedmont	20	3-8 pm					0	5	Hail		
							Tobacco, fruit and vegetables damaged several scattered areas.				
Columbus and Henderson Counties	21	4 pm					0	5	Hail		
							Tobacco damaged in Columbus, apples in Henderson, about 25 sq. mi.				
Northeastern N. C.	28	4-8 pm					4	5	Hail, Wind		
							Wind blew off roofs; hail damaged cotton, corn, tobacco and beans.				
Piedmont and Coastal Plain	29	aftn & evening					6	5	Wind, hail		
							Thunderstorms caused gusty winds over a wide area. At least 12 aircraft damaged on three fields. Winds 75 mph at Greensboro. Trees broken, power and telephone service disrupted; houses unroofed.				
Columbus County	30	6 pm					0	5	Hail		
							Tobacco damaged over 6 sq. mi.				
NORTH DAKOTA											
All of State	4/30 5/1						(See Report in April, 1967 Storm Data)				
Western Part of State	24	Evening							Thunderstorm with Hail		
							Some scattered reports of hail occurrences were received from some western parts of the State. At Dickinson hail 1 3/4 inch in diameter was reported. Dickinson and Minot reported gusts to 65 57 knots, respectively.				
OHIO											
Maumee, Lucas County	1	5:30p							Funnel Aloft		
							A funnel cloud was sighted 3 miles north of Maumee moving eastward over Lake Erie. The funnel was not observed reaching the ground or water.				
Findlay Area, Hancock County	1	Evening							Funnel Aloft		
							A funnel cloud was sighted 6 miles north of Findlay over Van Buren Lake. The funnel was not observed reaching the ground.				
New Holland Area, Fayette County	2	7:15a							Funnel Aloft		
							A funnel reported near the Fayette-Ross County line did not touch the ground.				
Entire State	1-15				0	0			Heavy Rains		
							Most areas received 3 to 5 inches of rain during the first 15 days of the month. Showers were especially heavy on the 1st, 2nd, 5th, 6th, 7th, 8th, and 11th. The continuous rains resulted in considerable local flooding. The heaviest flooding since 1959 was reported at La Rue on the 8th. On the same day, 4 Gallia County				
OHIO (Cont'd.)											
Entire State									state highways were covered by water or mud slides. Tons of mud and rock flattened a home near Chillicothe. Boats and docks were washed away and destroyed at Lake Milton in Mahoning County. Reservoirs were reported overflowing in northeast, southeast, and southwest areas. In Hancock County, more county roads along the Blanchard River were closed on the 8th due to water than the county highway department had barricades and lanterns to block passage. Similar conditions were reported in Hardin County. Flooding caused considerable damage to Shelby County roads and culverts.		
Cleveland Area, Lorain County, and Other Areas	8	11:00a 6:00p					0	0	4	Electrical, Hail, Wind	
							Lightning started 2 fires that caused \$5000 damage to a house in Garfield Heights, and minor damage to a Parma Heights home. Thunderstorms dropped hail in scattered areas throughout the state. There were numerous reports of hail up to 3/4 inch in the Cleveland area. Golf ball size hail was reported 30 miles southwest of Toledo. Strong winds broke branches from trees causing minor damage to a Wilmington home.				
Dayton, Montgomery County	17	4:00- 8:00p					1	1		Electrical, Hail	
							A 16-year old Dayton area girl was killed by lightning in a watchtower at a local park. A 17-year old boy with her was injured seriously by the bolt. Hail up to 3/4 inch in diameter was reported in Dayton.				
West Central Ohio	26	2:00- 7:00a					0	1	5	Electrical	
							Lightning caused scattered power outages over much of West Central Ohio. A Dayton area home suffered substantial damage from a fire set by lightning. A Centerville home sustained damage from a fire started when lightning hit the rafters. In Mercer County, fire caused by lightning destroyed a barn and its contents. Firemen estimated the loss at \$12,000. Three additional fires were attributed to lightning in Mercer and Augusize Counties. The storm was also responsible for two fires which caused extensive damage to a Logan County power sub-station and to a semi-invalid's home.				
Southern Ohio	28- 29	6:00p- 6:00a					0	4	5	Electrical, Wind, Hail, Rain	
							Lightning touched off a \$20,000 fire at a company southwest of Lebanon. Winds gusting to 51 miles per hour felled trees and disrupted electricity in a storm that brought up to 1.2 inches of rain in the Miami Valley area. Two Lewisburg residents were hospitalized after a tree fell on their car. Wind blew a house trailer on a car injuring a West Manchester couple. Lightning caused an estimated \$2800 in fire damage in the Jeffersonville area. Ping-pong size hail was reported in some Fayette County areas. Lightning caused power outages in many areas. Residents of Rutland were straddled by water as heavy rainfall caused a creek to overflow its banks and spread up to five feet of water on Main Street.				
OKLAHOMA											
Harmon, Jackson, Tillman, and Cotton Counties	3	8:30p.- 9:30p.	100	*20			0	0	4	4	Hail
							Scattered hailstorms moved eastward across the southern parts of the counties with stones up to 1 1/2-inch size damaging wheat, windows, and roofs. Hail fell up to 15 minutes in the communities of Louis, Cornith, Eldorado, southwest of Frederick, and from about 7 miles west of Grandfield towards Cookletown.				
Ringling, Carter County	5	12:30a.- 1:00a.	Short Narrow				0	0	0	0	Hail
							Hail in the west-central part of the county was generally small with a few stones up to 3/4-inch size reported at Ringling.				
Erick, near, Beckham County	5	9:00a.	1/4	200			0	0	2	0	Tornado
							A small tornado is believed to have touched down on a farm 4 miles south-southeast of Erick where two small barns and pigpens were destroyed and electric lines torn down. Residents heard a peculiar roaring in the sky at the time of the damage.				
Butler, near, Custer County	5	9:35a.- 9:40a.	?	?			0	0	0	0	Hail
							Hail measuring up to 3/4-inch size covered about 10% of the ground in the rural area 9 miles north of Butler. The storm was moving eastward at 25 to 30 MPH. No damage was reported.				
Bartlesville, Washington County	5	9:25a.- 9:35a., 9:45a.	3 1/2	*1			0	0	2	0	Hail and wind
							A hailstorm on the north side of Bartlesville moved east-northeastward across the Oak Park-Dewey area. Hail ranged up to 1/2-inch size at Dewey and up to 3/4-inch size in Oak Park where the 10-minute hailstorm covered the ground in places until the heavy rain filled drainage ditches to the brim. The Central Airlines weather station reported wind to 45 MPH during the storm with two peak gusts registering 70 MPH at 9:45 AM. Damage was limited to a few telephone poles almost blown down.				

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INURED	PROPERTY	CROPS	
OKLAHOMA (Cont'd.)									
Southern portions of Harmon, Jackson, and Tillman Counties	5	8:00p.-8:40p.	70	*25	0	0	5	5	Hail
Widely scattered hailstorms moved southeastward along the Red River and caused heavy damage to harvest-ready wheat, windows and roofs of homes, and automobiles. Heaviest damage occurred in the southwest corner of Harmon County and west of Eldorado where stones averaged 2-inch size and some silt hail measured up to 4 inches across. Damaging hail was also reported near Olustee and Duke with some wheat loss reported at 100%. Scattered damage continued into the Grandfield area.									
Northwest Blaine County	5	11:55p.	?	?	0	0	0	?	Hail
Scattered hail of 1/2- to 3/4-inch size was accompanied by heavy rain in the Eagle City-Canton-Longdale area with some crop damage indicated.									
Jefferson, Carter, Murray, Johnston, Pontotoc, and Hughes Counties	12	6:55p.-9:05p.	110	*7-18	0	0	6	4	Hail
A line of thunderstorms 25 to 30 miles wide extended from southern Jefferson County to the southwest corner of Hughes County. Severe hailstorms developed along the line and moved northeastward at 25 to 30 MPH causing scattered damage during hail fall of 5 to 15 minutes. Hail size averaged from 3/4- to 1 1/2-inch size across the area with notable roof and window damage occurring at Terral, Oscar, Grady, Ringling, Wilson, Lone Grove, Sulphur, Mill Creek, Stonewall, and Allen. Hail nearly covered the ground in places while largest stones of 2-inch size fell at Mill Creek (8:50 PM) and 2 1/2-inch size at Sulphur (6:55 PM) and Allen (8:00 PM). Greatest damage occurred in the Sulphur area where hundreds of automobiles were battered and new-car dealers had about 150 automobiles damaged. Trees and shrubs were severely damaged and hundreds of roofs on homes were reported to be a total loss. Some of the large hail simply beat holes in the roofs, crashing into the attics of homes.									
Pittsburg and Haskell Counties	12	7:30p.-7:55p.	14	*2	0	0	?	0	Hail
A hailstorm moved east-northeast at about 25 MPH from the northeast part of Pittsburg County into the northwest part of Haskell County. Hail up to 1 1/2-inch size fell along a 4-mile path in the Russellville area with spotty coverage up to 1 inch deep. Large hail was also reported in an area 2 miles southeast of Whitefield at 7:55 PM. Some roof damage was reported along path.									
Kingfisher, Kingfisher County	13	1:30p.-1:45p.	2	*1 1/2	0	0	0	?	Hail
Hail fell in immediate area of Kingfisher and nearly covered the ground with stones averaging 1/2-inch size. Largest hail of 1 1/2- to 2 1/2-inch size fell on the south side of the City. Some damage occurred to trees and wheat.									
Lovell area, Logan County	13	About 1:50p.	5	*2	0	0	0	?	Hail
Hail up to 1 1/4-inch size damaged wheat to the west of Lovell with some field loss ranging from 5% to 30%. The storm moved northeastward at about 20 MPH.									
Pawnee County	13	2:00p.	10	*3	0	0	3	3	Hail
A path of hail damage in the north-central part of the County extended northeastward from Masham towards Ralston. Hail averaged 1-inch size and covered the ground.									
Perry area, Noble County	13	2:15p.-2:30p.	3	*1 1/2	0	0	4	0	Hail
A hailstorm moved northeastward across Perry providing a 40% ground cover of hail averaging 1-inch size with some stones up to 1 1/2- and 2 1/2-inch size. Numerous roofs and gardens were damaged and two greenhouses had 150 panes shattered.									
Bartlesville, Washington County	13	About 3:30p.	?	?	0	0	0	0	Hail
Hail up to 1 1/2-inch size was reported at Bartlesville.									
Craig and Ottawa Counties	13	4:30p.-4:45p.	13	*1-3	0	0	?	?	Hail
Hail pelted the area from 2 miles north of Welch into the Miami area where stones varied from 1- to 2 1/2-inch size. Light damage was indicated to roofs and automobiles.									
Payne County	14	1:00a.-1:30a.	6	*2	0	0	6	4	Hail and wind
A severe hailstorm moved eastward at about 40 MPH across the County with a few hail up to 1 3/4-inch size first falling 2 miles south of Stillwater at 1:00 AM. The main damage path began about 4 miles northwest of the City and continued east-southeastward across the City. Average hail size varied up to 1-inch size and nearly covered the ground in places along the path with largest stones reported as ranging from 1 1/2- to 3 1/2-inch size which caused the greatest damage in the northwest and downtown sections of the City about 1:15 AM. Oklahoma State University housing and buildings lost over 750 windows and roofs were severely damaged. Other extensive damage to roofs, automobiles, and windows was reported as widespread across the City. Two greenhouses were nearly demolished and plant loss set at 75 to 90%. Wheat and other									
OKLAHOMA (Cont'd.)									
Payne County									crops northwest of the City ranged up to total loss in some fields. Strong wind accompanying the storm downed numerous trees and pushed a few trailer homes from their foundations. Hail up to 3/4-inch size also covered about 10% of the ground 5 miles south of Glencoe, and the Yale area received a ground cover of hail up to 7/8-inch size at 1:30 AM.
Creek, Tulsa, and Rogers Counties	14	1:45a.-3:00a.	45	*12	0	1	6	6	Hail and wind
A line of severe thunderstorms pushed eastward across the three counties with large hail and winds estimated at 70 MPH causing a major damage path from Sapulpa across Sand Springs, the south part of Tulsa and into the Inola area. Hard wind overturned a trailer home and damaged two others northeast of Sapulpa along US66 where 6 power poles and lines were downed. The hail and wind moved across Sand Springs and Tulsa between 2:00 AM and 2:45 AM. Tulsa damage was most extensive in the Brookside area and along 31st to 51st Streets from the Arkansas River east for about 6 miles to Memorial Drive. Hail of 1/2-inch size was general along the path and covered the ground in scattered areas. Two-inch egg size hail covered the ground at the Turner Turnpike Gate in the southwest part of Tulsa at 2:10 AM while stones up to 1-inch size fell at Pine St. and Harvard Avenue. Reports of 1 1/2-inch size hail were numerous over south Tulsa, generally from the 2100 block southward. Hail covered the ground 1 to 6 inches deep along the 3700 block of S. Peoria Avenue and the 3500 block of S. Lewis Avenue. Greatest loss was from damaged roofs, shattered windows, and dented automobiles and trailer homes. There were numerous downed limbs, two snapped power poles, 38 wire spans torn down, and 18 transformers knocked out by lightning caused outages for over 3,800 customers between 2:15 AM and 4:40 AM. High winds demolished a 60-foot high drive-in theater screen, removed the roof of a garage, blew down 2 concrete block walls at a church under construction, and downed many trees with 15 toppled on the grounds of the Southern Hills Country Club. The storm continued eastward and damaged property on 6 farms 4 miles southwest of Inola where one girl was injured by flying glass. One 30- by 60-foot barn was destroyed, 12 other buildings damaged lightly, and 8 trees blown down. Hail up to 1 1/2-inch size also fell in the area and covered up to 20% of the ground. Hail damage 60% of \$5,282,000 total and wind 40%.									
Wilson, near, Carter County	14	5:46a.-5:52a.	?	?	0	0	0	0	Hail
Hail fell 4 miles south-southeast of Wilson and covered about 60% of the ground with stones of 1/2- to 3/4-inch size.									
Walters, near, Cotton County	19	8:00p.-8:30p.	2 1/2	*1 1/2	0	0	0	3	Hail
Hail damaged 50 acres of wheat and cotton 3 miles west of Walters as the storm moved northeastward. Heaviest damage was along a 2- by 1/2-mile path with average hail of 1-inch size and largest stones of 3-inch size. The ground was covered in places to a maximum depth of 5 inches.									
Sentinel, Washita County	28	12:10a.-12:35a.	13	*2	0	0	5	5	Hail and wind
A strong thunderstorm developed about 15 miles southwest of Sentinel and moved northeastward with the damage path extending from 8 miles southwest of the City to 4 miles northeast. Hail averaged 1-inch size with largest of 2-inch size causing wheat loss of 60 to 90%. Cotton will need to be replanted. Nearly all business buildings will have to be reroofed and very few residences escaped without roof and window damage. High winds blew down two barns, 8 power poles, and damaged homes and other property.									
Hannford, Creek County	28	About 3:20p.	Short Narrow		0	2	2	0	Wind
Strong straight winds struck at the Hannford auto race track during a heavy thunderstorm. The wind hurled a motorcycle against a parked car, ripped up temporary tents and wind breaks, and blew two women official scorers off a flatbed truck with each receiving broken foot bones.									
Canadian County	28	2:30p.-2:40p.	8	*5	0	0	?	?	Hail
Scattered hail fell along a path in the south-central part of the County. It moved northeast and ended about 5 miles east of El Reno. Hail up to 3/4-inch size was reported and wheat loss indicated.									
Savanna, near, Pittsburg County	29	10:35a.							Funnel aloft
Civil Defense spotters observed a funnel aloft 6 miles south of Savanna. The funnel moved out of sight to the east.									
Ottawa County	29	About 4:00p.	Short Narrow		0	0	0	0	Tornado
Civil Defense observers reported that a small tornado touched down briefly in the open between Afton and Fairland. No damage was reported.									
Mooreland, near, Woodward County	30	About 8:30a.			1	0	0	0	Electrical
A farmer was struck and killed instantly by a bolt of lightning in an open field 7 1/2 miles east and 2 1/2 miles south of Mooreland. He was struck while gathering limbs from a newly bulldozed field during a local rainshower.									

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
SOUTH CAROLINA (Cont'd.)									
Sumter County	15	7:15 p.	1	400	0	0	4	0	Small tornado, wind
									Tornado moved from SW to NE through Wedgefield demolishing barn and chicken house. Roofs damaged, trees and limbs down. Power failure. Storm lasted about 3 minutes. High winds at Sumter blew down a huge tree on a church and the building and its contents were a total loss.
Spartanburg County	28	7:10 p.			0	0	0	0	Hail
									Golf ball sized hail fell in the town of Arcadia. One-half inch hail fell in Spartanburg.
Sumter County	29	8:00 p.			1	0	3	0	Wind
									A young Airman was killed when a large tree fell on a trailer due to high winds. He was lying on a bed and was crushed by the tree; 4 others in the trailer escaped injury. The trailer was parked off U. S. Highway 52, eight miles northwest of Sumter.
Richland County	29	7:00 p.	1/2	20	0	3	3	3	Small tornado, wind, hail
									Damage path from 1 1/2 miles SE of Hopkins to 3 miles ENE of Hopkins. Two farm buildings destroyed, others damaged. Extensive damage to all crops in area. Golf ball sized hail. House trailer rolled over twice and left upright; three of the occupants were injured, one seriously. Tornado moved SW to NE.
Lexington County	30	3:30 p.			0	3	5	0	Wind
									High winds badly damaged the roof of a large boat factory. Three female employees were injured slightly. There was a damage path about 500 feet long and 50 feet wide. Storm struck about 3 miles south of Lexington.
Charleston County	31	4:30 p.			0	0	3	0	Wind, rain
									Severe thunderstorm, rain and high winds demolished 2 light aircraft and damaged three others at Charleston Municipal Airport.
SOUTH DAKOTA									
Most of State	Cont.				1	?	7	0	Blizzard
									The blizzard was the latest in the season recorded in the state. Snowfall in the west was generally 5-12 inches with 16 inches at Lemmon and 30 inches in northern Black Hills. Light snow fell in east. Winds of 40 to 50 MPH caused blowing snow which occasionally reduced visibility to near zero and drifts 4 to 5 feet in west. Livestock loss from the storm was estimated at 5% in west river area. One death was directly attributed to the storm. A party became stranded in the Badlands area and apparently died of exposure. Six deaths were indirectly attributed to the storm. Two persons died of heart attack after shoveling snow and 4 persons died of carbon monoxide poisoning near Porcupine after their car became stalled in the storm. Most roads were blocked and little traffic was moving in the west.
ERN Half of State	7				0	?	?	?	Dust Storm
									Strong winds of occasionally over 60 MPH caused blowing dust that at times reduced visibility to near zero. The low visibility caused many auto accidents on the highways. A large amount of top soil was eroded from many fields and some small grain crops were reseeded.
Near Lodgepole Perkins County	23	10:30 P-12:00 M	10	300	0	0	3	0	Tornado
									Tornado moved from W to E mostly over open country damaging hay stacks, trees and a few farm buildings.
TENNESSEE									
Memphis, Shelby County	1	2:10 p.			0	0	5	0	Wind, rain
									Wind gusts to 65 mph from a line of thunderstorms that moved into the State damaged roofs, powerlines, windows and trees, including several boats at Memphis Yacht Club on McKellar Lake. The Memphis WNAS observed winds between 20-30 mph with gusts to 32 mph.
Somerville, Fayette County	1	3:00 p.			0	0	4	0	Wind
									Wind damage to roofs and buildings in southeast part of town.
Marshall County	1	6:00 p.			0	1	4	0	Wind
									High winds damaged parts of central Marshall County. In Lewisburg, a woman was slightly injured by flying glass. Winds felled trees, smashed windows, downed powerlines and damaged crops.
Bedford County	1	6:15 p.			0	0	4	3	Wind, rain and hail
									Windstorm accompanied by heavy rain and hail struck an area one and one-half miles to three miles north of Shelbyville, between Highway 231 and Fairfield Pike. Damage mostly to roofs, farm buildings and trees. Hail of undetermined size produced some crop damage in the County.
Moscow, Rossville area, Fayette County	1	p. m.			0	0	4	0	Rain
									Minor flooding along Wolf River inundated a portion of Rossville business district, and fields recently planted to corn near Moscow.
TENNESSEE (Cont'd.)									
White County	1	p. m.			0	0	4	0	Wind, hail
									Thunderstorm caused wind damage to roofs and trees. Hail destroyed many small gardens and floral plants in Bon Air community.
Lake, Weakley Counties	1	p. m.			0	0	3	0	Wind
									Minor property and crop damage.
McMinnville, Warren County	1	p. m.			0	0	4	0	Wind
									Strong winds from a thunderstorm flattened a barn and several other farm buildings, and unroofed buildings in the area.
Memphis, Shelby County	6	8:30 p.							Funnel cloud
									Pilot sighted funnel cloud aloft, 50 miles southeast of Memphis.
Memphis, Shelby County	6	9:00 p.			0	0	4	0	Wind, hail
									Small hail and some wind damage reported in scattered areas of City. Winds estimated to 45 mph.
Milan, Gibson County	6	10:00 p.			0	0	4	0	Wind
									Several small airplanes and hangar at Gibson County Airport damaged by high winds.
Lauderdale, Dyer Counties	6	10:15 p.	?	?	0	2	5	0	Tornado
									A tornado touched ground intermittently, first in Halls, Lauderdale County, then bounced eastward to the community of Cross Roads, Dyer County, caused considerable damage to houses, farm buildings and trees.
Northwest portion	6	10:45 p.			0	0	5	4	Wind, hail
									Largest hail to about 1 inch in diameter fell in Gibson County. Wind damage occurred in Lake, Weakley and Gibson Counties.
Trenton, Gibson County	6	10:45 p.	?	?	0	1	5	0	Tornado
									Tornado touched down in the nearby Edison farm community, injuring one person, destroying a house, several barns and damaging three other residences.
Cleveland, Bradley County	7	3:30 a.	2	300	0	0	4	0	Wind
									Straight line wind accompanying a severe thunderstorm caused local damage to roofs, powerlines and toppled 25-30 large trees.
Hartsville, Trousdale County	7	3:30 a.	3	200	0	0	4	0	Tornado
									Three miles southwest of Hartsville, a tornado moved northeast through several small farms. Worst damage was to four houses, farm buildings and a grove of trees were uprooted and twisted. Some livestock was killed.
Columbia, Santa Fe Maury County	7	a.m.							Wind
Morristown, Hamblen County	7	a.m.							Wind
Chattanooga, Hamilton County	7	a.m.			0	0	5	0	Wind
									Residential area on Signal Mountain struck by severe thunderstorm just before daybreak. Winds from 50-75 mph damaged 3 houses.
Bristol, Sullivan County	8	1:00 p.			0	0	3	2	Wind
									Also heavy rain and some hail damage.
Bristol area, Sullivan County	8	3:00 p.	?	?	0	0	0	4	Hail
Knoxville, Knox County	8	p.m.			0	0	3	0	Lightning
									House roof struck by lightning.
Jackson, Madison County	9	4:00 p.			1	0	3	0	Lightning
									Lightning killed 18-year-old boy while driving a motorcycle.
Friendship, Crockett County	11	a.m.			0	0	3	0	Lightning
									Lightning killed three cows in open field.
Clinton, Anderson County	11	a.m.							Wind, hail
									Thunderstorms caused scattered damage. Wind broke tree limbs and felled trees disrupting utility service. Hail reported up to 1-inch in diameter.
Knoxville, Knox County	11	a.m.			0	0	4	0	Thunderstorm
									Severe thunderstorm with locally heavy rain and strong winds, flooded streets, knocked out power service and downed trees.
Paris, Henry County	11	p.m.			0	0	4	0	Winds
									Winds toppled large trees. Minor damage to utilities and roofs. Some crop damage reported.

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
TENNESSEE (Cont'd.) Robbins, Scott County	12	7:00 a.			0	0	?	?	Thunderstorm, hail
Lawrenceburg, Lawrence County	12	3:50-4:50 p.			0	0	5 ⁰	C	Rain, wind, hail Heavy rain, accompanied by hail to 3/4 inch diameter and high wind. Hail damaged property and crops. Scattered wind damage to trees and utilities.
Halls, Lauderdale County	12	5:17 p.							Funnel cloud aloft
Chattanooga, Hamilton County	12	7:30 p.			0	3	3	0	Lightning Lightning bolt struck top of utility pole on Belvoir Avenue, then traveled downward striking a manhole cover, and sent it spinning through the windshield of a moving automobile. The 100-pound cover came to rest beside the passenger in the rear seat.
McKenzie, Carroll County	12	8:45 p.			0	0	?	?	Hail Hailstones to 1 3/4 inches in diameter reported by Tennessee Highway Patrol. This was the second hail storm within the past hour.
Paris, Springville area, Henry County	12	p.m.			0	0	4 ⁰	C	Rains, flooding Thunderstorms with heavy rains flooded low lying fields, roads and highways.
Dyer County	12	p.m.			0	0	0	4	Wind, hail Evening thunderstorms with strong winds and hail heavily damaged wheat and vegetable crops. Largest hailstones were about 1-inch in diameter.
Northwest portion	12-14				0	0	5	7	Rains, hail, flooding Unusually heavy thunderstorms produced considerable heavy rains and flooding, especially in Haywood, Tipton, Lauderdale, Dyer, Lake, Obion and Gibson Counties. Rainfall totals of 6 to 8 inches damaged or destroyed 26,000 acres of wheat and 8000 acres of cotton will have to be replanted. Extensive damage was also reported to corn and vegetable acreage. Hail 1-inch in diameter, or larger, fell locally in various parts of the seven-county area. Highways were flooded and irrigation ditches overflowed in several areas.
Maury, Marshall Counties	12-14				1	0	6 ⁰	C	Rains, flooding Heavy rains on the 13th, falling on ground already waterlogged by previous nights thunderstorms, sent waters of the Duck River rushing into scores of houses and inundated numerous roads and highways in southern Middle Tennessee. The Duck River at Columbia crested at 38 feet early on 13th, 6 feet above flood stage. Seventy families were evacuated from homes in the Mt. Pleasant, Hampshire, Sunnyside and Columbia area. A Columbia man suffered a fatal heart attack fleeing his house during a severe thunderstorm.
Coffee County	12-14				0	0	4	0	Lightning Scattered lightning damage to powerlines.
Giles County	13	p. m.			0	0	5 ⁰	C	Rains, flooding Heavy rains resulted in flooding of highways, bridges and fields along sections of Elk River and Richland Creek.
Montgomery, Stewart Counties	13-14				0	0	5 ⁰	C	Rains, flooding Highways and cultivated fields washed out or heavily damaged by flooding streams.
Millington, Shelby County	14	12:35 p.							Funnel cloud aloft
Memphis, Shelby County	14	2:53 p.	short narrow	0	0	6	0	0	Tornado, and funnel cloud aloft A tornado touched down in the industrial area on Presidents Island in Mississippi River, then skipped over most of the City before lowering again to tree-top height in the Macon Road-Summer Avenue area of East Memphis. The tornado damaged roof tops of 39 homes, smashed cars, and took tops out of several trees. At about the same time, a funnel cloud aloft was observed in North Memphis.
Franklin, Williamson County	14	p. m.			0	0	4	0	Hail Hail averaged 1/2 inch in diameter. Storm moved from NW to SE.
Granger, Hawkins, Greene, Washington Counties	14	p.m.			0	0	5 ⁰	C	Hail Hail up to 1 1/2 inch in diameter damaged gardens, automobiles and broke windows. Some hailstones observed in clusters of golf-ball size.
South of Chattanooga	15	8:30 a.							Turbulence Pilot reported extreme turbulence 25 miles south of Chattanooga.
Martin, Weakley County	15	5:18 p.	?	?	0	0	0	0	Tornado Public reported that funnel cloud touched ground near Martin with no damage reported.
TENNESSEE (Cont'd.) Loudon County	17	3:30 p.			0	0	4	5	Hail Hail to 1/2 inch covered ground to depths up to 6 inches in parts of County. Hail fell for about 15-20 minutes. Considerable damage to crops and trees.
Clarksville, Montgomery County	19	3:45 p.			0	1	0	0	Lightning Boy injured by lightning while working in garage.
Jackson, Madison County	19	4:30 p.			0	0	5	0	Hail Hail to 1 1/2 inch diameter damaged roofs, cars and signs.
Nashville, Davidson County	19	4:57-5:27 p.							Hail Hail 1/4 to 3/4 inch in size reported in various parts of City, but no reports of damage.
Southwest of Memphis	19	8:15 p.							Funnel aloft
Shelby, Fayette Counties	19	9:30 p.							Hail Small size hail. Little or no damage reported.
LaFayette, Macon County	29	4:30 p.			0	0	4	0	Lightning Lightning damaged house and caused a power failure in parts of the City.
Northeast Counties	29	p. m.			0	0	?	?	Hail Small hailstones fell briefly in extreme northeast counties, caused some crop damage.
Memphis, Shelby County	31	9:20 a.							Funnel aloft Pilot reports funnel-shaped cloud 14 miles southeast of Memphis.
Morristown, Hamblen	31	1:00 p.			0	0	4	0	Rains, flooding Cloudburst resulted in flooding of streets in low-lying areas of business district. Approximately 15-20 inches of water was standing in streets during height of the storm.
Covington, Tipton County	31	p. m.	?	?	1	1	4	0	Tornado Covington Police Department reported a small tornado struck the Elm Grove community destroying a house under construction, killing a carpenter and injuring a workman.
Jackson, Madison County	31	p. m.							Funnel aloft Federal Aviation Agency at McKeellar Field, Jackson, Tennessee, reported funnel cloud sighted 15 miles southwest of field.
TEXAS									
Near Center Madison Co.	1	6:00 a	short narrow	0	0	3	0	0	Tornado A tornado demolished a barn and stock pen, and twisted fence posts out of the ground on the Fred Hendrix farm near the Center community. The tornado moved across pasture land about one mile from their home.
SE Pittsburg Camp Co.	1	7:30 a	?	?	0	0	3	0	Tornado A tornado described as "bouncing like a basketball" demolished two chicken houses and damaged several large feeders on the Jack Eford farm southeast of Pittsburg. A number of trees were blown down.
Near Avinger Cass Co.	1	11:00 a	1/2	300	0	0	0	0	Tornado A tornado struck near Avinger uprooting and twisting off trees in a churchyard. The church escaped damage. The tornado moved from southwest to northeast.
Near Mt. Pleasant Titus Co.	1	morning	?	?	0	0	?	?	Tornado A tornado dipped down on five or six farms in Titus County west of Mt. Pleasant. One house and a number of farm buildings were heavily damaged. A number of trees were uprooted.
N Basette Navarro Co.	1	morning	?	narrow	0	0	4	0	Tornado, windstorm A tornado cut a swath across the Hancock Ranch north of Basette uprooting a large pecan tree, damaging the northeast corner of the Hancock house, overturning a trailer house, and destroying an old barn and house. A number of barns in the Basette area were damaged by the tornado or by strong winds. In Kerens, telephone lines and tree branches were torn down by strong winds.
Onalaska Polk and San Jacinto Counties	1	2:00 p-2:10 p	8	?	0	2	4	0	Tornado A tornado struck the Onalaska community in Polk County causing damage to 14 homes, the Post Office, and a store. One person was injured when struck by flying glass. Property losses were estimated at \$25,000. Onalaska resident Jim Hudson observed the tornado funnel as it approached Onalaska from the southwest. The tornado tipped off the roof of the E. A. Sheffield store, which also houses the Post Office, and tore out the rear wall. There were six people in the store-post office building when the storm struck, but no one was injured. The First Methodist

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
TEXAS (Cont'd.) Onalaska, Polk, and San Jacinto Counties									Church was twisted off its foundation. What appeared to be the same tornado twisted trees in the Point Blank community of San Jacinto County, and demolished a church and damaged several homes in the Trinity River Bottom. One person was reported injured in this area.
Dayton Liberty Co.	1	5:45 p 6:00 p	?	?	0	0	4	?	Tornado, windstorm A tornado struck the west end of Dayton causing heavy damage to some businesses, snapping off utility poles, and causing considerable damage to trees. High winds and heavy rains caused additional damage to property in an area about two miles wide and four miles long. The tornado ripped a section of the roof off the Peoples Lumber Company causing about \$5,000 damage. At the J. J. Rodrk Machine Shop, two miles from Dayton, two heavy steel doors were pushed in and torn down. A large piece of machinery that had been anchored to the ground was turned over and sheet metal wrapped around it. Three horses were in a barn on the Bill Moreau farm. One was killed when the barn collapsed during the storm.
LNE Geronimo Guadalupe Co.	1	8:45 p	?	?	0	0	3	0	Tornado A tornado ripped off the roof of the Alejo Campos home four miles northeast of Geronimo. A barn near the home was demolished.
Copano Bay Aransas Co.	3	3:00 p- 4:00 p						6	Waterspouts The Cooperative Weather Observer at Rockport observed six waterspouts over Copano Bay between 3:00 and 4:00 p.m.
JN Sinton San Patricio Co.	3	3:45 p- 3:48 p	**500	?	0	0	3	0	Tornado A tornado damaged a barn and small camp house on the O. D. Edwards Ranch north of Sinton. Property losses were estimated at \$2,500. Utility poles along the Missouri-Pacific right-of-way were blown down.
Daingerfield Morris Co.	3	5:30 p	?	?	0	0	?	?	Hailstorm Hail damaged gardens and shredded trees in Daingerfield. Hailstones were three-quarters to one inch in diameter. There were no strong winds accompanying the storm.
W Taft San Patricio Co.	3	afternoon	short narrow		0	0	0	0	Tornado A small tornado touched ground briefly in open farmland west of Taft without causing any damage.
Gilmer Upshur Co.	3	6:00 p	?	?	0	0	?	?	Hail and windstorm, funnel aloft A funnel cloud roared over Gilmer with a sound like the combined efforts of many freight trains and a squadron of jet planes leaving in its wake gutters filled with hailstones and streets littered with green leaves thrashed from trees. A torrential rain followed the hail. The first hail to fall was crystal clear and about one inch in diameter. This was followed by opaque hailstones about three-quarters inch in diameter. Largest hailstones were 1 3/4 inches in diameter.
Sherman Grayson Co.	4	1:52 a							Lightning A two-story frame house burned to the ground after being struck by lightning.
Eden Comcho Co.	4	5:10 p- 5:30 p	14	*5	0	4	5	?	Hailstorm Very large hail, falling in a 14 by 5 mile strip from northwest to southeast across southern Comcho County damaged an estimated 90 per cent of all residences and business houses in Eden. All windows on the north side of practically every home in Eden were shattered. At least four persons were injured by flying glass, broken by the hail. Roofs were damaged extensively, and screens perforated by the hail. Mr. T. F. McQuinn of Eden said: "One fellow measured a hailstone nine inches in diameter but mostly they were about the size of tennis balls." Average hailstones were reported as "about the size of goose eggs" by the Cooperative Weather Observer, Mr. G. H. Spiser. Property damage was estimated at \$500,000. This included \$25,000 in damage to 31 new automobiles parked on one dealer's lot. The recent drought left few crops in the area to be damaged by the hail.
30NNE San Angelo Coke Co.	4	7:50 p	?	?	0	0	0	0	Hailstorm Hail up to 1 3/4 inches in diameter fell in Coke County near the Rumpels County line. No damage was reported.
Del Rio Val Verde Co.	4	evening	?	?	0	0	?	?	Hail and windstorm Hail and high winds, accompanied by heavy rain, battered Del Rio and Ciudad Acuna, Mexico. Hailstones measured three-quarters inch in diameter. Students from San Felipe High School in Ciudad Acuna displayed numerous dents in their automobiles as a result of the hail. Gusty thunderstorm winds buffeted Del Rio and trees were uprooted in Greenwood Park and on Nicholson and Hudson Drive. Property damage was light.
McClulloch Co.	4	11:30 p	?	?	0	0	4	?	Hailstorm A severe hailstorm caused extensive property damage in several areas of McClulloch County. The Placid community was hardest hit. Only those houses with sheet metal or solid roof decking came through the storm undamaged. In some areas a few deer and larger numbers of birds were killed by the hail. In the Deep Creek area the farm-to-market highway had chunks of pavement dug out by the large hailstones. Wild turkeys were found wandering around with broken legs and wings. One man reported that the bottom of an old cast iron washpot had been broken by the hailstones.
TEXAS (Cont'd.) Abilene Taylor Co.	5	3:00 a- 3:30 a	5	*5	0	0	7	0	Hailstorm A severe hailstorm caused an estimated six million dollars in insured losses over a five by five mile area of Abilene. Fixed property losses were estimated at five million dollars, and insured automobile losses at one million dollars. An estimated 75 per cent of the city received hail damage. Damage was primarily to roofs with comparatively little broken glass reported. Insurance adjusters estimated that 20,000 claims would be processed, ranging from about \$350 to \$500 per house. The area from about the 400 block of Willis north to the 2200 block of Willis was the hardest hit. Damage was comparatively light in the northeast section around the 400 hill and in the southwest around Elmwood West. Between 5,000 and 10,000 automobiles were damaged by the hail. New car dealers along North and South First Streets reported over 900 cars damaged. Four hundred and fifty windows in Abilene public school buildings were broken by the hail. One hundred and fifty traffic lights were knocked out. Hailstones averaged one-half inch in diameter with largest stones three inches in diameter. Winds gusted to 58 miles per hour at Dyess Air Force Base.
12SE Caryon Randall Co.	5	1:50 p	**100 narrow		0	0	2	0	Tornado A tornado touched ground about 12 miles southeast of Caryon at Washington Street and Hungate Road lifting the roof from a small cattle shed. A stack of hay adjacent to the shed was not moved by the funnel. The shed is owned by Roy McGee. The tornado traveled about 100 yards on the ground toward the east before lifting back into the clouds.
8SE Fritch Hutchinson Co.	5	3:45 p	?	?	0	0	0	0	Tornado A tornado touched ground in open rangeland 8 miles southeast of Fritch without causing any damage.
10NW Claude Carson Co.	5	4:30 p- 6:00 p	15	*3	0	0	4	4	Hailstorm, 2 tornadoes, funnel aloft A hailstorm damaged ripening wheat in a 15 by 3 mile strip northwest of Claude. The loss was estimated at \$14,000. Cars and trucks in the hailstorm suffered an estimated \$230 damage, and damage to a building was estimated at \$3086. Average hailstones were 1 1/2 inches in diameter, with largest stones 4 inches in diameter. Two tornadoes touched ground in the area but caused no damage. A third funnel was observed aloft.
Etter Moore Co.	5	4:45 p	?	?	0	0	?	?	Tornado, hailstorm A small tornado struck the nitrate storage area of the Cactus Chemical Plant operated by Phillips Petroleum Company, damaging the south side and the roof. The tornado funnel also picked up a truck from a parking lot, lifted it 20 feet into the air and gently let it down on the ground on its side with little damage. Hail, with largest hailstones 2 3/4 inches in diameter fell seven miles northwest of Etter.
10S Pampa Gray Co.	5	afternoon short narrow			0	0	3	?	Tornado A small tornado touched ground about 10 miles south of Pampa and demolished a vacant farmhouse.
8NE Dalhart Dallan Co.	5	?	?	?	0	0	?	?	Hailstorm Large hail injured livestock and shredded about 50 acres of ripening wheat on the Wendell Porter farm eight miles northeast of Dalhart. Cattle had bloody bruises on their backs where the hailstones had hit them. About half the leaves were beaten from the trees around the Porter home, and 20 hours after the hail fell, Mrs. Porter found some hailstones one inch in diameter that had been covered with leaves. The hail cooled the air near the surface of the ground sufficiently for dense ground fog to form.
Delhi Caldwell Co.	7	7:00 p- 7:30 p	?	*1	0	0	?	?	Hailstorm A brief but vicious hailstorm battered the Delhi community about 15 miles east of Lockhart. Roofs, crops, and some livestock in the area suffered damage. Hailstones 2 3/4 inches in diameter were reported, but most of the hail was about 1 3/4 inches in diameter. The large hail knocked out screens and windows on the north side of the Mrs. Ray Hay home and beat holes in an aluminum patio cover. Heavy damage occurred on the Bill Walker and Martin Fritch places.
Moulton Lavaca Co.	7	8:00 p- 8:30 p	?	?	0	0	?	?	Hailstorm Hailstones up to 2 3/4 inches in diameter caused extensive property damage in Moulton. The Moulton Public School and the Moulton Lutheran Church suffered the heaviest damage. Almost all windows on the north side of the school building were broken out by the hail. At the Lutheran Church most of the stained glass windows were broken. There was little or no wind accompanying the hailstorm. The hail came far in advance of the cloud. In Waelder, 3,000 to 4,000 turkeys were killed by the hail. Several automobiles in the Moulton area had their windshields broken by the hail.
Delhi Caldwell Co.	8	3:03 p	short narrow		0	0	2	0	Tornado A small tornado touched ground on the Loy Duddleston place in the Delhi community about 15 miles east of Lockhart. Several utility poles were twisted off.

See reference notes at end of table.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INURED	PROPERTY	CROPS	
TEXAS (Cont'd.) Falls City Karnes Co.	8	5:00 p- 5:15 p	8	*4	0	0	3	?	Tornado, hailstorm
									A tornado touched ground at Falls City demolishing a feed house belonging to the Farmer Gin Company, and manging a few barns, chicken pens, trees, and utility lines. Mrs. Benjamin Pawelek, whose home was shaken by the tornado, described the winds as "whistling like a freight train." The Pawelek chicken house, trees, and roof were damaged by the tornado. The storm cut a swath west to east moving down trees, curling television antennas, and hurling hail and debris. The tornado dissipated about eight miles east of Falls City. Small hail, averaging one-half inch in diameter accompanied the storm and caused some damage to crops in the area.
George West Live Oak Co.	8	5:15 p- 5:45 p	?	?	0	0	0	0	Hailstorm
									Hail, averaging one-quarter inch in diameter fell at George West. Largest hailstones were about 1 3/4 inches in diameter. Little or no damage resulted.
Near Onero De Witt Co.	8	afternoon							Funnel aloft
8 1/2 S Alice Jim Wells Co.	8	6:00 p- 6:15 p	1	*1	0	0	?	?	Hailstorm
									Marble size hail damaged crops in a one by one mile area about one-half mile southwest of the Ben Bolt community in Jim Wells County. Losses were estimated at 30 per cent. Some limbs were broken off trees. Largest hailstones were 1 3/4 inches in diameter.
Coleman Coleman Co.	12	5:00 p- 5:20 p	?	?	0	0	?	?	Hailstorm
									"Chunks" of ice up to 3/8 inches in diameter fell at Coleman for about 20 minutes. The large stones were widely scattered. Average hailstones were 3/4 to 1 inch in diameter. No damage was reported. The heaviest hail was reported in the southern sector of Coleman.
Bangs Brown Co.	12	afternoon	?	?	0	0	5	?	Hailstorm
									Hail up to 1 3/4 inches in diameter fell at Bangs, 10 miles west of Brownwood. The amount of damage was estimated at \$100,000. Most of the damage was to roofs. Many automobiles were dented by the large hail and some windows were broken. All three churches suffered extensive roof and window damage. Almost all the stained glass windows of the Methodist Church had holes from one end to the other on the north side.
DeLeon Comanche Co.	12	afternoon	?	?	0	0	?	?	Hailstorm
									Hail, 1 3/4 inches in diameter, fell at DeLeon causing light damage to trees and gardens. The largest hailstones were 2 3/4 inches in diameter. The hailstorm was brief, lasting about 10 to 15 minutes.
Joy Clay Co.	11	4:00 p- 5:30 p	6	*2	0	0	0	0	Hailstorm
									Small hail, averaging one-half inch in diameter fell over a six-by-two mile area of pasture and crop land in the Joy community of Clay County. Largest hailstones were one inch in diameter. Only minor crop damage resulted from the storm.
SNE Columbus Colorado Co.	11	5:00 p	?	?	0	0	0	2	Tornadoes
									Two tornadoes were observed moving northeastward across open farm land five miles northeast of Columbus by a Texas Department of Public Safety Highway Patrol unit. There was no known damage.
Stephenville Erath Co.	11	6:00 p- 7:00 p	8	*3	0	0	?	?	Hailstorm
									Marble size hail partially covered the ground in an eight-by-three mile area including Stephenville and extending west and north. Some hailstones were the size of small eggs, and a few were 2 1/2 inches in diameter. Little property or crop damage resulted from the hailstorm.
Montague Co.	11	7:00 p- 8:00 p	30	*15	0	0	?	?	Hailstorm
									Hail, varying in size from 1/4 to 2 1/2 inches in diameter, fell in a 15-by-30 mile strip across Montague County including the cities of Bowie, Nocona, and Spanish Fort. Considerable damage to roofs and automobiles in Nocona resulted. There were many hailstones 1 3/4 inches in diameter, with a few 2 1/2 in diameter. Hail damage to property in Bowie was described as slight to moderate, where hailstones averaged 1/2 to 1 inch in diameter with a few stones 2 1/2 inches in diameter. Some slight damage occurred to field crops in the area.
6SE Henrietta Clay Co.	20	11:40 a	short narrow		0	0	0	0	Tornado
									A tornado touched ground briefly on open farm land six miles southeast of Henrietta. There was no damage reported.
Sylvester Fisher Co.	20	1:10 p	?	?	0	0	?	?	Hailstorm
									Hailstones up to 1 3/4 inches in diameter fell during a storm at Sylvester in eastern Fisher County. No known damage resulted.
Merkel Taylor Co.	20	2:30 p	?	?	0	0	?	?	Hailstorm
									Hailstones up to 1 3/4 inches in diameter fell at Merkel. Property damage was reported to be light.
6NW Snyder Scurry Co.	20	2:30 p							Funnel aloft
8N Carthage Panola Co.	20	3:36 p							Funnel aloft
1CN Corsicana Navarro Co.	20	7:00 p							Funnel aloft
TEXAS (Cont'd.) Comal Co.	20	7:15 p- 7:30 p	15	*2	0	0	?	?	Hail and windstorm
									Hailstones, some larger than coconuts, shattered glass and hampered dents the size of fists in automobiles and homes in a two-by-fifteen mile strip from Canyon Lake to Hunter in Comal County. Average hailstones were about one inch in diameter. Largest stones were ellipsoidal, the lengths of the major and minor axes being 6 1/2 and 3 inches respectively. At Canyon Dam the corrugated sheet steel roof of the engineer's boat shed was punctured by the hail. Livestock in the area were badly bruised. Winds accompanying the storm were estimated at 70 miles per hour. Numerous oak trees up to 12 inches in diameter were broken off or uprooted.
4W Beeville Bee Co.	20	10:00 p							Funnel aloft
29N Snyder Kent Co.	26	8:45 p	?	?	0	0	3	0	Tornado, hailstorm
									Tornado touched ground on open rangeland without causing any damage. One farm house suffered between 500 and 1000 dollars damage from hail that fell during the storm.
10NW Rotan Fisher Co.	26	10:00 p							Funnel aloft
Near Plainview Hale Co.	27	4:00 p- 5:00 p	?	?	0	0	4	?	Hailstorm, heavy rains
									Hail up to 1 3/4 inches in diameter and larger punched holes in the roof and broke windows at the Richard E. Covert home, three miles south of Plainview on State Road 400. Clayton Terrell, who farms six miles southeast of Plainview suffered major crop damage from hail 1 3/4 inches in diameter. Hail damage to young cotton and sorghum was reported west and south of Plainview also. There was little damage within the city of Plainview caused by hail; however, the roof of the Optinist Clubhouse at 12th and Travis Street collapsed, apparently from the weight of the water. Heavy rains fell during the storm. Damage to the clubhouse was estimated at \$15,000.
Ashtola Donley Co.	27	5:38 p							Funnel aloft
5W Brownfield Terry Co.	28	5:35 p							Funnel aloft
Near New Boston Bowie Co.	29	2:35 p	?	?	0	0	0	0	Tornado
									A tornado was observed near New Boston moving in direction. There was no apparent damage.
40NW Houston Montgomery Co.	29	3:15 p							2 Funnels aloft
Near Noodle Jones Co.	29	6:38 p- 7:20 p	?	?	0	0	0	0	Tornado
									A tornado dipped down on open farm land near the Noodle community in southwestern Jones County. There was no apparent damage.
3S Three Rivers Live Oak Co.	29	8:00 p	?	?	0	0	3	?	Tornado, wind, hailstorm
									A tornado touched ground three miles south of Three Rivers at the intersection of U. S. Highway 281 and Texas State Highway 9. A 22,000 pound trailer home owned by Mr. and Mrs. W. K. Williams, Jr. was blown about 60 feet and demolished. A hailstorm pounded Three Rivers for about 40 minutes and left the ground covered with ice. The largest hailstones were 1 3/4 inches in diameter. Some crops in the area were damaged by the hail. An 80-foot section of the roof of the new Live Oak County Livestock Commission Company was ripped off by wind.
Holiday Archer Co.	30	11:52 a							Funnel aloft
Near Thalia Foard Co.	30	5:30 p- 6:30 p	8	*2 1/2	0	0	0	5	Hailstorm
									Hail, averaging 1 1/2 inches in diameter, pounded ripening wheat in an 8-by-2 1/2 mile strip of Ford County southwest to southeast of Thalia. Some fields suffered losses of 85 per cent. Crop damage was estimated at 80,000 dollars. The largest hailstones were 3/8 inches in diameter.
Grayson Co.	30	5:30 p- 9:00 p	30	*30	0	0	?	5	Hail, wind, and heavy rain
									Hail, wind, and heavy rains threshed out approximately three bushels of wheat per acre on 50 per cent of the acreage in Grayson County. Some isolated areas received much heavier damage. The leaves on cotton were damaged on a large area and the leaves on grain sorghum and corn were split. Plants suffering leaf damage were expected to recover. Oats crops suffered more extensive damage than wheat. County Agent Stanley F. Oakley estimated wheat and oats losses conservatively at \$230,000. Hailstones averaged 5/8 inch in diameter.
NW Lake Grapevine Denton Co.	30	5:50 p	short narrow		0	0	0	0	Tornado
									A tornado dipped to the ground briefly northwest of Lake Grapevine without causing any apparent damage.
Near Silsbee Hardin Co.	30	6:00 p	3	?	0	0	4	?	Tornado, windstorm
									A tornado demolished the home of Mr. and Mrs. Sam Ward, about one mile north of Silsbee on Farm Road 92, and ripped the roof and porch from the Clyde Hare home on Brittonville Road, about one-half mile northeast of the Ward residence. Several other homes in the area were damaged. A section of a tree farm owned by the Kirby Lumber Company was heavily damaged. Trees, power and telephone poles were damaged in the area north of Silsbee.

See reference notes at end of table.

MAY 1967

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS				ESTIMATED DAMAGE	CHARACTER OF STORM
					KILLED	INURED	PROPERTY	CROPS		
TEXAS (Cont'd.)										
										Part of a fence and the scoreboard at the Little League Park and two light poles at the high school football field were blown down by strong winds. Total property damage was estimated at \$20,000.
SW Burkburnett Wichita Co.	30	6:50 p	?	?	0	0	3	?	Tornado	A tornado dipped to the ground nine miles west of Burkburnett on State Highway 240 demolishing a 150 yard section of utility poles. The funnel then lifted and touched ground again eight miles northeast destroying a sheet metal oil field building.
Burkburnett Wichita Co.	30	7:00 p	?	?	0	0	4	?	Tornado	A tornado struck the southern section of Burkburnett severely damaging two homes and flipping a large trailer home upside down. The trailer home, owned by CIBA Products Pipe Company was a complete loss. Seven other houses suffered extensive damage. Oil tanks weighing from 1500 to 1800 pounds were lifted from their bases and slammed to the ground. A barn was completely demolished. Property damage was estimated at \$30,000.
SW Tascosa Oldham Co.	30	7:00 p	?	?	0	0	0	0	Tornado	A tornado was observed for 10 to 15 minutes moving across open rangeland southwest of Tascosa. There was no apparent damage.
Pilot Point Denton Co.	30	7:00 p- 9:00 p	5	*5	0	0	4	4	Hailstorm	Hail averaging one inch in diameter damaged property and crops in a 5-by-5 mile area extending from Pilot Point southeast, east and northeast. Property damage was mostly to roofs and was estimated at \$25,000. Crop damage, estimated at \$10,000, was mostly to small grains. Hail covered the ground completely in some areas. Largest hailstones were 2 1/2 inches in diameter.
20W Ranger Erath Co.	30	8:20 p	?	?	0	0	0	0	Tornado	A tornado was observed in northern Erath county, about 20 miles west of Ranger, moving northeastward about 25 miles per hour. There was no apparent damage.
SW Ranger Eastland Co.	30	evening	short	narrow	0	0	0	0	2 Tornadoes	Two tornado funnels touched ground briefly southwest of Ranger in Eastland County causing no apparent damage.
Cooke and Montague Counties	30	9:00 p- 10:00 p	10	?	0	0	?	?	Wind and hailstorms	Wind and hailstorms lashed the extreme eastern portion of Montague County and the northwestern portion of Cooke County. In Saint Jo, in Montague County, the front wall of the Foxworth-Galbraith Lumber Company was blown out and one residence was unroofed. Other residences suffered roof damage. U. S. Highway 82 was blocked temporarily by fallen tree limbs. From Saint Jo the area of storm damage extended about 10 miles northeastward to the Bulker community in Cooke County. Hailstones up to 1 3/4 inches in diameter and larger pounded the area.
SN Denton Denton Co.	30	9:20 p- 9:24 p							Funnel aloft	
Near Rowlett Dallas Co.	30	11:30 p							Funnel aloft	
Near Burkburnett Wichita Co.	30	night	?	?	0	0	4	?	Wind and hailstorm	A severe wind and hailstorm struck the small Clara community near Burkburnett in Wichita County. The Lutheran Church and nearby parsonage sustained extensive wind and hail damage as did virtually every farm residence in the area. Telephone poles were toppled by the wind on the O. W. Prechel farm on Highway 240. Ripening wheat in the area was described as "almost a total loss."
Near Slidell Wise and Denton Counties	30	night	short	narrow	0	0	?	?	Tornado	A tornado touched ground near the dairy of Albert Morris, two miles south of Slidell damaging the roof on a barn, the roof on a residence, and snapping off utility poles. The funnel touched ground again on the H. R. Pruett farm about two miles southeast of Slidell in Denton County without causing any apparent damage.
Wichita Falls Wichita Co.	30	?			0	0	5	0	Lightning	Lightning struck the C&S Distributing Company building in Wichita Falls starting a fire that destroyed property valued at \$160,000. At least four automobiles were destroyed in the blaze.
NE Fort Hood Coryell Co.	31	morning							Funnel aloft

VERMONT	None reported									
U. S. VIRGIN IS.	None reported									
VIRGINIA										
Most of state	7	5:00 a.- 6:00 p.			0	0	5	0	Wind, lightning	Strong gusty winds and thunderstorms caused minor damage in numerous locations mostly from trees falling onto utility lines, motor vehicles, and buildings. Signs were blown down and glass windows broken in several locations. Heaviest damage was across the southern part of the state. Wind gusts to 78 mph were reported at Radford, Pulaski County, and several areas had gusts of 40 mph or greater. A few fires were attributed to lightning.
South Hill, Necklen- burg County	7	2:00 p.			0	0	3	0	Hail	Hailstones reported as large as baseballs broke windows and sdgm doors.
VIRGINIA (Cont'd.)										
Norfolk area	7	4:00 p.			0	0	0	0	Hail	Hail up to 1 3/4 inches in diameter covered the ground near Diamond Springs.
Near Keller, Accomac County	7	5:00 p.	**100	20	0	1	4	0	Tornado	Funnel cloud possibly touched ground briefly. A house trailer was blown onto a truck and automobile, all of which were damaged or destroyed, about 2 miles west of Keller. One of the three occupants of the trailer received a minor leg injury. A few trees were broken or uprooted there and about 1/2 mile further east where a small two story frame house was blown off its foundation and partially unroofed.
Carroll County	15	12:15 p.			0	0	4	0	Wind	Strong winds during severe thunderstorms ripped apart a frame store located near Ground Hog Hill. Other minor damage to roofs, trees and utilities in the area was reported.
Central	15	1:30 p.- 3:40 p.			0	0	5	0	Wind, lightning	A line of severe thunderstorms, first observed on the Richmond radar extending from Charlottesville to just southwest of Lynchburg, moved east-northeastward into the Northern Neck area. Widespread damage occurred to trees and powerlines in Goochland, Caroline, Louisa, King William, King and Queen, Essex, and Richmond Counties and lesser damage in several contiguous counties. About 50 trees were downed in one location about 8 miles north of Doswell, Caroline County. Many house trailers were damaged or destroyed by overturning and by falling trees. A large dairy barn near Brington, King and Queen County, was demolished and other farm buildings damaged or destroyed in scattered locations. Several business establishments had roof damage, glass breakage, and minor structural damage. Greatest damage to private homes was to roofs, porches, chimneys, antennas, storm doors and awnings. A number of automobiles were damaged by falling trees and flying objects. A few buildings were destroyed or damaged by fire attributed to lightning.
Central and Southern	15	3:45 p.- 5:30 p.			0	12	5	0	Wind, lightning	A line of severe thunderstorms first observed extending from Western Goodland County to Henry County moved eastward. Three persons were hospitalized from injuries received when their house trailers overturned at Danville. Eight others injured, mostly from flying glass, were treated and released. A woman received a cut knee when a house trailer blew over 10 miles west of Halifax. Scattered damage occurred to buildings, house trailers, automobiles, trees and utilities over an extensive area eastward to Nottoway County. A private airplane was demolished and a 125 foot ham radio tower toppled at Danville, and another plane damaged at Blackstone. Lightning did minor damage to trees and utilities.
Blackstone, Nottoway County	15	4:35 p.							Funnel Cloud	Funnel cloud reported 2 miles southwest of Blackstone Airport moving from south to north.
WASHINGTON										
East of Spokane	9	7 PM							Funnel cloud.	A funnel cloud was reported in the area approximately 3 to 10 miles east of Spokane. One report indicated the funnel approached the ground over an open area.
WEST VIRGINIA										
Spencer (Gilmer County)	7	9:00 a.m.			0	0	3	0	Windstorm	The roof of the nearby Moose Lodge was torn off.
Pruntytown (8 mi. N. of Clarksburg (Harrison County)	7	9:45 a.m.	?		0	0	4	0	Tornado	The West Virginia Industrial School farm suffered the brunt of the storm damage and had several buildings destroyed. Nearby buildings also were unroofed, trees uprooted, and utility poles knocked over in the Meadowdale community.
Bemis, Randolph County	21	8:30 p.m.	1/2	300	0	3	3	0	Tornado	A house trailer was blown over onto a car and injured its three occupants.
Rockport (south of Parkersburg)	28	8:30 p.m.			0	0	2	0	Hailstorm	Hail the size of hen eggs was reported by a utility company.
Kingwood, Preston County	29	12:45 a.m.			0	0	5	0	Lightning	A \$51,000 fire started by lightning destroyed a lumber company on the Cheat River near Kingwood.
Dutch Ridge, near Parkersburg	29	4:25 a.m.			0	0	4	0	Lightning	Lightning damaged a home.
WISCONSIN										
Lafayette County (Near Gratiot) State	7	5:18 p			0	0	0	0	Funnel cloud	
	18	1:00 - 9:00 p			0	0	5	0	Wind	Severe thunderstorms with damaging winds crossed the state from northwest to southeast during the afternoon and evening hours. Most wind damage reported in the east-central counties surrounding Lake Winnebago.
