<b>ALABAMA</b>										<b>ARKANSAS (continued)</b>									
Dauphin Island, Mobile County	8	7:50a			0	0	0	0	Waterspout	Bald Knob Area, White County	5	7:30 a.			0	0	4	0	Wind
An aircraft reported a waterspout just west of Dauphin Island, Alabama moving east southeastward.										Winds generated by a thunderstorm moving through the area destroyed one mobile home and several farm outbuildings.									
Boaz, Marshall County	14	3:00p			0	0	5	0	Wind	Greene and Clay Counties	5	7:30 a. to 8:30 a.			0	0	4	0	Wind and Lightning
A severe thunderstorm with high winds heavily damaged two buildings, uprooted large trees and disrupted power at Boaz, Alabama.										Thunderstorms which moved through the area generated winds which slightly damaged the Delaplaine School and destroyed several outbuildings. Lightning from these storms also destroyed a residence at Knobel.									
Dothan, Houston County	14	3:00p							Funnel	Eudora, Chicot County	6	Afternoon			1	0	0	0	Lightning
An aircraft reported a funnel cloud moving eastward over Dothan, Alabama.										A 17 year old boy was struck and killed by lightning while getting on the back of a pickup truck.									
Evergreen, Conecuh County	17	4:20p	Short	Narrow	0	0	0	0	Tornado	Briggsville, Yell County	6	Afternoon			1	0	0	0	Lightning
A small tornado briefly dipped down 15 miles east of Evergreen, Alabama causing little damage as it moved northeast.										An 82 year old man was struck and killed by lightning while walking on his farm.									
Anniston, Calhoun County	18	8:20p			0	0	3	0	Hail	Howard and Polk Counties	6	5:00 p. to 6:30 p.			0	0	4	?	Wind and Hail
Golf ball size hail was reported by the public in the Saks area just north of Anniston, Alabama. Some automobiles had windshields broken.										High winds generated by strong thunderstorms destroyed a mobile home at the Blue Bayou Community and damaged numerous outbuildings in the two counties. In addition to the winds, hail up to baseball size damaged crops and gardens.									
Double Springs, Winston County	19	3:06p			0	0	0	0	Hail	Magnolia, Columbia County	7	1:50 p.			0	0	0	0	Hail
A radio station at Double Springs, Alabama reported golf ball size hail.										Hail up to 3/4 inch in diameter fell for a short time.									
Huntsville, Madison County	19	3:10p			0	0	0	0	Hail	De Queen, Sevier County	14	4:00 a.			0	0	?	?	Hail
The Huntsville Fire Department reported golf ball size hail falling briefly.										Hail up to 3/4 inch in diameter fell on area for a short time.									
Muscle Shoals, Colbert County	19	4:52p			0	0	0	0	Hail	Northern Pulaski County	15	1:00 a. to 1:30 a.			0	0	5	0	Wind
A severe thunderstorm directly over Muscle Shoals, Alabama produced golf ball size hail.										Strong thunderstorms which moved through the area produced winds in excess of 30 MPH. The majority of the damage was light. However, 15 to 20 aircraft at the Camp Robinson and North Little Rock Airports were heavily damaged, and a television and furniture store at Sherwood received considerable damage.									
Andalusia, Covington County	19	Afternoon			0	0	4	0	Lightning	Western Garland County	15	Early Morning			1	0	0	0	Wind
Lightning killed 17 head of cattle on a farm near Andalusia, Alabama.										A 38 year old man was killed when a large Oak tree fell on his truck while he was traveling on Highway 270.									
Dublin, Montgomery County	19	10:30p			0	0	4	0	Lightning	Northern Clark County	15	1:22 a.							Funnel Cloud
A house was burned after being struck by lightning near Dublin, Alabama. One person suffered serious smoke inhalation.										State Police reported a funnel cloud moving toward the east.									
Albertville, Marshall County	20	9:30p			0	0	5	0	Wind and lightning	Southwestern Arkansas	15	1:30 a. to 2:30 a.			0	0	4	0	Wind and Funnel Clouds
High wind and lightning damaged 6 businesses, partially burned one house and damaged power facilities at Albertville, Alabama.										Thunderstorms which moved through the area produced strong gusty winds resulting in mainly felled trees and power lines. Winds of nearly 60 MPH were observed in the Texarkana area. In addition, a funnel cloud which was moving toward the east was observed just north of Prescott.									
Mobile, Mobile County	27	7:30a			0	0	0	0	Waterspout	St. Francis, Lee and Phillips Counties	15	2:00 a. to 3:00 a.			0	0	5	0	Wind
An aircraft reported a waterspout 3 miles southeast of Mobile, Alabama.										Thunderstorms which moved through the area generated very strong winds. These winds felled numerous trees and power lines. Several homes in the Forrest City area sustained damage when large trees fell on them. Further south at the Helend Airport, several aircraft sustained major damage.									
Evergreen, Conecuh County	28	2:30p			0	0	4	0	Lightning	El Dorado, Union County	15	3:05 a.							Funnel Cloud
A home burned after being struck by lightning 7 miles east of Evergreen, Alabama.										Public reported a funnel cloud moving toward the east.									
<b>ALASKA</b>										<b>ARKANSAS</b>

<b>ARKANSAS (continued)</b>										<b>COLORADO</b>												
Grubbs, Jackson County	16	7:35 p.							Funnel Cloud	Elbert County	4	afn.			0	0	3	3	Hail			
									Police reported a funnel cloud. No movement given.										Hail up to 3/4 inch in diameter fell in the Elizabeth area about 12:00 noon and 1-inch diameter hail fell at Sinla at 12:45 p.m.			
Lawrence County	16	9:10 p.							Funnel Cloud	Boulder, Phillips Counties	7	afn.			0	0	3	3	Hail			
									Public reported a funnel cloud between Alicia and Minturn. No movement given.										Hail up to 3/4 inch in diameter fell at Holyoke at 4:30 p.m. and in the Boulder area about 6:00 p.m.			
Northwest Arkansas	16 17	11:30 p. to 2:00 a.			0	10	6°	C	Wind, Hail, and Funnel Cloud	El Paso County	7	?			0	1	0	0	Lightning			
									Intense thunderstorms which moved through the area from Oklahoma generated extremely strong winds. These winds which were estimated in excess of 75 MPH resulted in extensive tree and power lines being blown down. Minor damage was reported at Fayetteville, Fort Smith, Springdale, and Rogers. The most extensive damage occurred at Siloam Springs where the Allen Canning Company sustained major damage. In addition, golf ball sized hail fell in the Fayetteville area and a funnel cloud was sighted 5 miles west of the city at 12:10 A.M. Ten individuals sustained minor injuries as these storms moved through the area.													Lightning injured a boy on the Air Force Academy grounds.
2 Miles North of Benton, Saline County	19	10:18 p.							Funnel Cloud	Prowers County	8	7:00p.			0	0	4	0	Wind, funnel aloft			
									State Police reported a funnel cloud moving toward the north.										Strong winds caused damage about 7 mi. north of Lamar. A funnel aloft was observed near Lamar.			
10 Miles North of West Memphis, Crittenden County	27	2:00 p.			2	0	0	0	Lightning	Prowers County	8	7:05p.	1	220	0	0	4	0	Tornado			
									Lightning struck and killed two farm workers.										A tornado, moving southeast, hit at the north edge of Lamar, damaging a mobile home park, a drive-in theatre and a commercial building. A steel and concrete block weighing several tons was torn from its mooring.			
Eudora, Chicot County	28	3:30 p.			1	0	0	0	Lightning	Pueblo County	8	eve			0	1	0	0	Lightning			
									Lightning struck and killed a farmer who had sought shelter under a tree during a thunderstorm.										A 13-year old boy was hit by lightning while playing golf.			
5 Miles Northeast of Kingsland, Cleveland County	29	4:30 p.			1	1	0	0	Lightning	Central portion	9- 10				0	0	4	0	Rain, snow			
									Lightning struck and killed a six year old girl and injured her Aunt while they were on a family outing on the banks of the Saline River.										Several rock slides in the central Colorado mountains resulted from the moderate to heavy precipitation which occurred. Slides derailed a train in the Royal Gorge area, closed a highway between Wetmore and Westcliffe, and damaged property in Manitou Springs. Numerous telephone and power outages were reported in the Canon City-Cripple Creek-Colorado Springs-Westcliffe area. At Colorado Springs the snow was the latest measurable snow of record for the first 6 months of the year.

<b>COLORADO (continued)</b>									
Kiowa County	21	about noon	4-5	?	0	0	3	5	Hail
		Hail stones 1 to 1 1/2 inches in diameter damaged fields of wheat south and east of Shbridan Lake.							
Weld County	22	aftn.			0	0	3	3	Hail, 2 funnels aloft
		Hail 3/4 to 1 inch in diameter fell 8 mi. south of the Greeley Airport about 8:00 p.m. Two funnels aloft, moving NE or ENE, were reported in the Greeley area about 3:00 to 3:15 p.m.							
Crowley, Otero Counties	22	aftn.			0	0	3	5	Hail
		Hail 1 1/2 to 1 3/4 inches in diameter fell northeast of Rocky Ford damaging fields of wheat, corn, hay and melons.							
Prowers County	23	12:45-2:00a.			0	0	4	3	Rain
		Heavy rains up to an unofficial 1 1/2 inches at Lamar flooded numerous streets and home basements.							
Denver area	23	aftn.			0	0	3	3	Hail, 4 funnels aloft
		Hail up to 3/4 inch in diameter fell at Denver Stapleton Airport and in parts of metropolitan Denver. Funnels aloft were reported as follows: 10 mi. NE of Denver at 2:16 p.m.; south of Boulder (west of Denver) at 2:10 p.m.; east or southeast of Boulder at 2:05 p.m.; and south of Aurora at 2:32 p.m.							
El Paso County	23	3:00p.			0	0	5	0	Wind
		One or two large dust devils, which formed ahead of a moderate thunderstorm cell, caused damage to buildings, vehicles, trees and power lines in northeast Colorado Springs about 3 mi. NW of the Colorado Springs Airport.							
Northeast portion	25- eve 25th, 26 mite 25-26				0	0	4	0	Wind
		Strong winds caused damage to utility lines, buildings and vehicles in scattered communities including Boulder, Fort Collins, Loveland, Greeley, Longmont and Atwood.							
Prowers County	27	about 7:00p.			0	0	4	4	Hail, wind
		A violent storm caused property and crop damage in the Lamar area. Hail up to 3/4 inch in diameter fell at Lamar and hail 1 to 1 1/2 inches in diameter fell about 10 mi. north of Lamar.							
<b>CONNECTICUT</b>									
Rowayton	4	At Night			0	0	?	0	Hail Storm
		Few houses damaged by downed trees and electrical power lines. Many children were seen attempting snowball fights with the hail.							
Goshen & Torrington	19	6:45 p			0	0	?	0	Tornado
		Small tornado touched down in East Goshen and West Torrington, damaging a barn in Goshen and knocking down trees along Route 4 in Torrington. A healthy 50 foot Elm was uprooted. As the twister went across the Torrington Country Club, water was sucked out of the pond at the third hole.							
Mansfield	30	5:15 p			0	0	?	0	Lightning
		A fire caused by lightning damaged part of a building on Crane Hill Road and also destroyed an automobile.							
Durham	30	4 p			0	0	?	?	Hail
		In the Bear Rock Road area hailstones "as big as hazelnuts" pelted the ground for about 20 minutes. The hail left two inches of accumulation which did not finish melting for five hours.							
<b>DELAWARE</b>									
Wilmington	1	Afternoon			1		2		Rain
		Heavy rains produced flash flooding over some sections. Man presumed drowned when his canoe capsized in rain-swollen Brandywine River.							
Wilmington, and New Castle County	5	7 p to Midnight					2		Rain, Lightning
		Violent thunderstorms caused local flash flooding. Lightning activity the worst seen in some time by power company official, as power outages affected several thousand customers.							
Nr. Farmington	19						3		Lightning
		Two quarter horse mares struck and killed while grazing.							
Kent and New Castle Counties	19	Night					3		Wind, Hail, Rain
		Said to be most severe thunderstorm in recent years. Numerous trees and power lines downed by wind. Some local flooding reported. Golf ball-size hailstones caused some damage.

<b>FLORIDA</b>									
Fort Walton, Okaloosa County	1	7:30AM EST			0	0	0	0	Funnel Cloud Aloft
		A funnel cloud aloft was reported 3 miles northwest of Fort Walton moving east northeast.							
Avon Park, Highlands County	1	5:00PM EST	1/2	30	0	0	4	0	Tornado
		A small tornado during a thunderstorm accompanied by heavy rain damaged the roof of a home in River Ridge, took off the back of the barn and blew down two large trees in the yard. The occupants of the home reported that it sounded like a big airplane.							
Ft. Lauderdale Broward County	2	9:00AM			0	0	0	0	Waterspout
		A waterspout was reported 1 1/2 miles east of Ft. Lauderdale.							
Marion County	2	10:30AM to 10:45 AM EST	5	50	0	0	3	0	Tornado
		A tornado moving north eastward during a thunderstorm touched down at least 3 times in a rural area south of Anthony. The first touchdown was at "Another Episode Farm" on SR 464 where trees were knocked down and a mobile home moved from its foundation. Two other touchdowns resulted in roof damage to a home and more trees knocked down, including 6 large oaks. The sound reported was like the roar of a freight train.							
Hillsborough County	2	10:44AM EST			0	0	0	0	Waterspout
		A waterspout was observed over Tampa Bay 10 miles east of St. Petersburg moving southeastward.							
Daytona Beach Volusia County	2	1:20PM EST			0	0	0	0	Funnel Cloud Aloft
		A funnel cloud aloft was reported about 3 miles west of Daytona Beach moving toward the south southeast.							
Titusville, Brevard County	2	1:30PM EST			0	0	4	0	Funnel Cloud Aloft, Heavy Rain, Lightning
Kissimmee, Osceola County	2	9:00AM			0	0	4	0	High Winds and Heavy Rain
		The roof of a new and unoccupied 73,600 square foot warehouse partially collapsed during high winds and heavy rain associated with a severe thunderstorm. Some windows were blown out and several nearby trees were uprooted.							
Palm Beach County	3	Early Afternoon			0	0	4	0	Funnel Clouds Aloft, Wind, Heavy Rain
		Widespread thunderstorm activity spawned several funnel clouds, caused high winds and heavy rains through much of the county with power lines down and street flooding. Delray Beach: Three funnel clouds were observed about 1:30PM EST at the intersection of Atlantic and Congress Avenues. Shortly after that high winds damaged Carver Middle School. Windows were broken, the acoustic ceiling in the science lab collapsed, and fallen power lines draped over a mesh wire fence surrounding the school. No injuries. Fortunately, this occurred shortly after school let out. Damage nearby included TV antennas and trees blown down, a picture window blown in, and damage to automobiles struck by flying objects. Palm Springs: A twister touched down just west of Palm Springs (about 1:20PM EST) moving southward down a ditch between some homes sending debris flying high. Boca Raton: 3 1/2 inches of rain recorded (up to 4 1/2 inches unofficially) with downed power lines, and flooded streets. Widespread street flooding occurred from the Palm Beach to Ft. Lauderdale.							
Pompano Beach, Broward County	3	2:15PM EST			1	0	0	0	Lightning
		A 9-year old girl was struck and killed by lightning while walking home from school during a thunderstorm.							
Brevard County	3	Mid Afternoon			0	0	3	0	High Winds
		Gusty winds during afternoon thunderstorms caused damage to a mobile home subdivision in Palm Bay including a 40 foot awning blown off and several TV antennas knocked over. Damage elsewhere in the Palm Bay area included carports, TV antennas and trees. Pea-sized hail was reported in Cocoa Beach and Merritt Island with no damage.							
Clermont, Lake County	3	3:45PM EST			0	0	4	0	Funnel clouds Aloft and Lightning
		Two funnel clouds reached near the ground and lightning struck South Lake Hospital. Considerable damage occurred to one main electric panel in the hospital, but the brief fire was extinguished immediately. Elsewhere, quite a few trees were uprooted along South Lake Shore Drive and a plate glass window was blown in.

A tornado touched down in a trailer park east of Brandon on State Road 60 damaging three mobile homes. In Plant City a large oak tree was blown over causing damage to a truck and a residence.									
Anna Maria Is., Manatee County	3	4:40PM EST			0	0	0	0	Waterspout
A waterspout was reported 3 miles off shore moving east.									
Sarasota, Sarasota County	3	5:00PM EST			0	0	0	0	Waterspout
Two waterspouts were reported about 8 miles west of the airport.									
Tampa, Hillsborough County	4	11:05AM EST			0	0	0	0	Funnel Cloud Aloft
A funnel cloud aloft was reported by the public moving toward the southeast.									
Loxahatchee, Palm Beach County	4	3:15PM EST			0	0	3	?	Funnel Cloud Aloft Heavy Rain and Hail
Widespread thunderstorm activity resulted in severe weather including a funnel cloud aloft, heavy rain and golf ball sized hail. State Road 80 was flooded in some areas near Loxahatchee and several trees were blown down.									
Miami, Dade County	5	9:25AM EST			0	0	0	0	Waterspouts
Four waterspouts were reported by the public southeast of Elliott Key.									
Tampa, Hillsborough County	5	1:05PM EST			0	0	3	0	Wind
A house trailer was blown over 4 miles north of Tampa during a thunderstorm.									
Ft. Myers, Lee County	5	2:30PM EST			0	0	0	0	Hail
Golf ball sized hail was reported during a thunderstorm. No damage.									
Sarasota, Sarasota County	7	7:00AM EST			0	0	0	0	Waterspout
A waterspout was reported southwest of Sarasota moving toward the north.									
Dunnellon, Marion County	7	7:50AM EST			0	0	0	0	Waterspout
A waterspout was reported 8 miles west of Cedar Key.									
Pensacola, Escambia County	7	9:58AM EST			0	0	0	0	Waterspout
A waterspout was reported near the Pensacola Bay and Sound moving toward the east northeast at 28 mph.									
Navarre, Santa Rosa County	7	2:15PM EST			0	0	0	0	Waterspout
Several waterspouts were reported in the Navarre area moving toward the east southeast.									
Southern Escambia and Santa Rosa Counties	7	2:00 to 3:00 PM EST			0	0	0	0	Waterspouts
Waterspouts were reported in the Holly area and south of the Warrington area moving south eastward near 30 mph. Wind gusts to 47 mph were recorded at Pensacola Municipal Airport during a thunderstorm.									
Southern Santa Rosa County	7	Unknown			0	0	3	0	Funnel Cloud Aloft
A mobile home suffered about \$1,000 damage when a funnel cloud aloft dipped down in the Hickory Shore area between Gulf Breeze and Midway. Windows were broken and a portion of the trailer's side was destroyed. At least two other structures in the area sustained minor damage.									
Naples, Collier County	8	9:30AM EST			0	0	0	0	Waterspout
The public reported a waterspout just west of Naples moving toward the northeast.									
West Palm Beach, Palm Beach County	8	1:00PM EST			0	0	4	0	Windstorm
Strong winds during a thunderstorm blew down a 60 x 80 foot revival tent near the Polo Ground Mall at Military Trail and Southern Blvd. causing \$12,000 damage. No deaths or injuries. Wind gusts to 60 mph were measured at Palm Beach International Airport. Several trees were uprooted and an aluminum patio roof weighing 300 pounds was blown off. Heavy rains accumulated 0.85 inches in 10 minutes.									
Ft. Lauderdale, Broward County	8	3:45PM EST			0	0	0	0	Waterspout
The public reported a waterspout 10 miles southeast of Ft. Lauderdale									
<b>FLORIDA (continued)</b>									
Cocoa and Merritt Island, Brevard County	9	5:00PM EST			0	0	4	0	Heavy Rain
A thunderstorm produced 3.4 inches of rain in less than an hour and caused flash flooding in several streets of Cocoa and Merritt Island. Water was 4 feet deep at the intersection of S.R. 520 and Hughlett St. in Cocoa. A restaurant was flooded with 2 feet of water and damage estimated at \$35,000. Flooding also was reported at U.S. 1 and Forrest Ave. in Cocoa, and in Merritt Island along South Tropical Trail and at the intersection of Needles Blvd. and S.R. 3. No injuries or deaths.									
Ft. Myers, Lee County	11	5:20PM EST			0	0	2	0	Funnel aloft and Lightning.
The public reported a funnel cloud 10 miles north of the Ft. Myers Airport moving north. Wind gusts to 71 mph at the airport. No significant wind damage. Lightning caused fire in one building.									
Forest City, Seminole County	11	6:30PM EST	1/2	30	0	0	3	0	Tornado
A tornado touched down briefly and blew off an aluminum patio roof from a home. Trees were uprooted and debris caused damage to a house and car. Damage estimated about \$2500.									
Pensacola, Escambia County	12	11:37AM EST			0	0	0	0	Waterspout
The public reported a waterspout 7 miles south southeast of Pensacola moving east.									
Gainesville, Alachua County	13	5:00PM EST			0	0	3	0	Funnel Aloft
A thunderstorm spawned a funnel over the Windmeadows Mobile Home Park southwest of Gainesville. Minor damage was reported to 3 mobile homes which had their aluminum porch awnings ripped off. Damage estimated at \$2,000. No injuries or deaths.									
Jefferson County	14	Afternoon	10	50	0	0	4	0	Tornado
A severe thunderstorm spawned a tornado which touched down at least twice between Lloyd and Drifton. Numerous trees were uprooted and damage was reported to carpets and to roofs of sheds, barns and houses. Damage estimated at \$7500.									
St. Marks, Wakulla County	15	10:28AM EST			0	0	0	0	Funnel Aloft
A funnel aloft was observed between St. Marks and Newport.									
Daytona Beach, Volusia County	15	7:56PM EST			0	0	5	0	Funnel Aloft, Wind, Hail, Lightning
A severe thunderstorm spawned a funnel cloud over the Town and Country mobile home park off Tomka Farms Road and caused minor damage to mobile homes. Wind gusts to 74 mph were recorded at the Daytona Beach Airport where eleven aircraft were damaged with an estimated loss of \$100,000. 1/4-inch hail caused the temperature to drop from 82 degrees to 54 degrees in several minutes. Lightning disrupted electrical utilities and the airport was blacked out for about 4 hours.									
Jacksonville, Duval County	16	3:00PM EST			0	1	0	0	Lightning
A man was seriously injured when struck by lightning at a construction site at the Mayport Naval Station.									
Keystone Heights, Clay County	16	Afternoon			0	0	3	0	Funnel Aloft
A funnel was observed in the Crystal Lake area and eyewitnesses said it did not touch down. Numerous trees were uprooted and minor house damage was estimated at \$1500.									
Miami, Dade County	17	7:11 to 7:14AM EST			0	0	0	0	Waterspout
The public reported a waterspout 3 miles southwest of Key Biscayne.									
Ft. Pierce, St. Lucie County	17	10:35AM EST			0	0	0	0	Waterspout
The public reported a waterspout 15 miles east of Ft. Pierce.									
Naples, Collier County	17	3:00PM EST			0	0	4	0	Lightning
Lightning started a fire which destroyed a mobile home. Damage estimated at \$18,000.									
Hillsborough County	17	4:00PM EST			0	0	5	0	Lightning
Lightning hit the electrical control panels at the Tampa Stadium and caused \$50,000 damage. 25 crows were killed at Thonotosassa when they sought shelter from rain under a tree and lightning struck the tree.

FLORIDA (continued)									
Pasco County	17	6:50PM EST			0	0	4	0	Lightning
									Lightning struck a packing plant and two homes in Dade City causing fires with damage estimated at \$12,500.
									Lightning caused a fire which destroyed a barn and its contents in Lacoochee.
Miami, Dade County	20	7:50AM EST			0	0	0	0	Waterspout
									A waterspout was observed 15 miles east of Miami.
Jacksonville, Duval County	20	8:30AM EST			0	1	2	0	Lightning, Heavy Rain
									A workman received minor injuries when lightning struck nearby as he was talking on the telephone. Heavy rains downtown caused some flooding along 3rd Street from Beach Blvd. northward for about 10 blocks, and reports indicate that water entered some stores in that area.
Jensen Beach, Martin County	20	9:00AM EST			0	0	5	0	Lightning
									Lightning started a fire in a storage company building destroying the building and its contents of 30 cars and recreational vehicles.
Juno Beach, Palm Beach County	20	9:09AM EST			0	0	0	0	Waterspouts
									Two small waterspouts were observed for about 4 minutes off Juno Beach.
Orlando, Orange County	20	Afternoon			0	2	0	0	Lightning
									Two construction workers were injured when lightning struck a 30-foot pipe one of the men was carrying. The man carrying the pipe was knocked 20 feet.
Carol City, Dade County	20	4:10PM EST			0	0	0	0	Funnel Cloud Aloft
									A funnel cloud aloft was reported north of Carol City. Movement unknown.
Miami, Dade County	20	6:20PM EST			0	0	0	0	Waterspout
									A small waterspout was observed for 5 minutes over Biscayne Bay.
Lakeland, Polk County	20	Evening			1	1	0	0	Lightning
									A 16-year old boy was killed instantly and his 16-year old companion was injured when lightning struck a power line adjacent to a tree house in which the boys were located.
Stuart, Martin County	21	10:00 to 10:30AM EST			0	0	0	0	Funnel Cloud Aloft
									Several funnel clouds aloft were reported 5 to 6 miles west of Stuart moving north northwest.
Key West, Monroe County	21	1:00PM EST			0	0	0	0	Waterspout
									A waterspout was reported 4 miles west southwest of Key West lasting 5 minutes.
Dade County	21	3:25PM EST			0	0	0	0	Funnel Cloud Aloft
									A funnel cloud aloft was reported 7 miles west northwest of Miami International Airport. Movement unknown.
Arcadia, Desoto County	21	Unknown			0	0	4	0	Lightning
									Lightning destroyed a 50 x 50 foot barn and charred most of its contents. The contents included 2 tractors, 2 motorcycles, a dune buggy, 2 tons of feed and a workshop. Damage estimated \$10,000.
Miami, Dade County	22	10:30AM EST			0	0	4	0	Lightning
									Extensive damage resulted when lightning struck a residence in South Dade County during a thunderstorm and caused a fire. An adjoining building also was damaged.
Jacksonville, Duval County	22	All Day			0	0	3	0	Heavy Rain and High Wind
									Heavy rains and high winds raked the Jacksonville area and the beaches causing street flooding and power outages. Rainfall amounts included 4.7 inches in West Jacksonville and 3.5 inches along the beaches.
Collier County	22	12:55PM EST			0	0	0	0	Waterspout
									Two or three waterspouts were reported south of Marco Island.
Key West, Monroe County	22	1:08PM EST			0	0	0	0	Waterspout
									Several waterspouts were observed lasting only a few minutes.
FLORIDA (continued)									
Miami, Dade County	23	8:20AM EST			0	0	0	0	Waterspout
									A waterspout was reported 5 miles northeast of Miami.
St. Lucie County	23	1:45PM EST			0	0	0	0	Funnel Cloud Aloft
									A funnel cloud aloft was reported some 20 to 30 miles west of Ft. Pierce. Movement unknown.
Dunedin, Pinellas County	23	3:30PM EST			0	0	4	0	Lightning
									Lightning caused at least two fires to residences during a thunderstorm and a third bolt struck and damaged a tree. Damage estimated at least \$15,000.
The Beaches, Duval County	25	Morning			0	1	0	0	Lightning, and Heavy Rain
									An 18-year old man was injured when lightning struck near where he was using a telephone, knocking him to the ground. 3.5 inches of rain caused street flooding as much as 2 feet deep near First and Third Streets. (This increased the rainfall total to more than 7 inches during the past 4 days.)
Daytona Beach, Volusia County	25	10:08AM EST			0	0	0	0	Funnel Cloud Aloft
									A funnel cloud was reported 4 miles west of the Daytona Beach airport moving northward at 5 mph.
Okeechobee, Okeechobee County	25	2:42PM EST			0	0	0	0	Funnel Cloud Aloft
									A funnel cloud aloft was reported northeast of Okeechobee. Wind gusts to 60mph and hail were reported near Okeechobee during a thunderstorm at 3:15 PM EST.
Key West, Monroe County	25	3:50PM EST			0	0	0	0	Funnel Cloud Aloft
									A brief funnel cloud aloft dissipated in 3 minutes.
Lake Placid, Highlands County	25	Afternoon			0	0	4	0	Lightning
									Lightning struck a residence and caused a fire. Damage estimated at \$2,000.
Key West, Monroe County	26	7:23AM and 7:28AM EST			0	0	0	0	Waterspouts
									Waterspouts were reported 2 miles southeast of Key West and 25 miles east of Key West.
Pensacola, Escambia County	26	6:52 to 6:58PM EST			0	0	0	0	Waterspouts
									Waterspouts were reported 4 miles northeast and 8 miles east of Pensacola, and southeast of Pensacola Airport.
Orlando, Orange County	27	Evening			0	0	4	0	Severe Thunderstorm
									A severe thunderstorm caused miscellaneous damage in the area. A 40-foot oak tree was knocked down by lightning onto a passing automobile. Another tree was knocked into the corner of a residence. Various power and communication outages were reported.
Orlando, Orange County	28	Afternoon			0	0	4	0	High Winds and Lightning
									Power outages were reported, signs blown down, a plate glass window blown in in downtown Orlando, and a large oak tree was blown down and blocked traffic in one area during afternoon thunderstorms. Wind gusts to 50 mph occurred at 2:25 PM EST. A brief hailstorm was reported.
Brevard County	28	4:00PM EST			0	0	0	0	Funnel Cloud Aloft
									A funnel cloud aloft was reported 4 miles west of Patrick Air Force Base.
St. Lucie County	28	Afternoon	1/2	50	0	0	0	0	Tornadoes
									A tornado was reported to have touched down at 3:12 PM EST near Kitterman Road and U.S. 1 in White City. About 4:15 PM, another twister touched down in a wooded area near Florida Power and Light Company's Hutchinson Island Nuclear Power Plant. A funnel aloft was seen in Ft. Pierce near Hawley and Midway roads. All three sightings were in isolated areas.
Hillsborough County	29	2:23PM EST			0	0	0	0	Waterspout
									A waterspout was reported over Tampa Bay about 5 miles southeast of Albert Whitted Airport (St. Petersburg).
North Miami, Dade County	29	3:35PM EST			0	9	0	0	Lightning

<b>IDAHO</b>									
Southwest and South-Central	2	Afternoon			0	0	5	2	Electrical storm, wind, rain, hail
									An electrical storm completely wrecked a 367-ft. radio tower on South Cloverdale Road in Boise. Station engineers explained the tower acted as a lightning rod, and the charge was drawn out of the earth as an electrically-charged cloud passed over. The charge arced across one of the insulators and severed a guy wire. Two cows were killed by lightning south of Kimberly, Twin Falls County. Flooding of floors during a rainstorm caused minor damages to businesses, and hail damaged some gardens in Homedale, Owyhee County. High, gusty winds blew a half section of a trailer house from a truck on Interstate 80 near Burley causing the trailer to wreck. Both were total losses. The driver received compound fractures of the leg. Wind gusts to 80 m.p.h. were reported at Hailey Airport tipping over a single-engine airplane. A nearly completed roof was ripped off a lumber storage shed west of Nampa, Canyon County, causing up to \$20,000 damage. Power outages and minor roof damage were reported at scattered locations.
Near Ucon, 8 mi. NE of Idaho Falls	3	Forenoon							Funnel Cloud
									Funnel cloud reported.
Coltman, 10 mi. N. of Idaho Falls	3	Forenoon							Funnel Cloud
									A resident reported seeing 4 funnels, one of which he said touched down in a field with no damage.
Bone, 25 mi. SE of Idaho Falls	3	Forenoon							Funnel Cloud
									Funnel cloud reported.
Swan Valley, 40 mi. E. of Idaho Falls	3	Forenoon							Funnel Cloud
									Funnel cloud reported.
Idaho Falls, a few miles N.	3	Forenoon							Funnel Cloud
									Funnel cloud reported by staff meteorologist for KIFI-TV.
South Central Area	5/15 cont'd				0	0	4	3	Flooding
									Flooding continued from May on Rock Creek, Dry Creek and other small streams with damage to bridges, roads, fields, crops, domestic water systems, basements, and campgrounds.
Statewide	23	Afternoon & Evening			0	0	4	3	Electrical storm, wind, rain, hail
									Scattered damage at numerous locations included transformers burned out, utility lines downed, structures damaged by fallen trees, and some water damage. A few fires were set by lightning. Hail damaged gardens in scattered areas and downed thousands of acres of wheat on Canas Prairie near Grangeville, Idaho County. Wind gusts to 63 m.p.h. were recorded at Burley. Minor wind damage to buildings was reported at several locations.
Magic Valley	24	4-6 p.m.			0	0	4	0	Wind, lightning
									Gusts of wind reached 57 m.p.h. at Burley, Cassia County, and caused widespread damage in the valleys of southcentral Idaho. Uprooted trees damaged utility lines, motor vehicles, buildings and fences. A trailer house was blown from a truck standing still near Hazelton causing an estimated \$6,500 damage. Building damage from wind included roofs of the U. R. Smploit plant at Heyburn and the Kerr Grain Building at Rupert plus other miscellaneous damage. Lightning set a fire on BLM land 12 miles west of Kinana, Lincoln County.

Clinton, Tipton, and Hamilton Counties	20	5:30P to 7:30P	-	-	0	0	5 <sup>0</sup>	0	Wind, Hail, and Lightning
Severe thunderstorms passing through the area produced winds that damaged a barn and knocked down many trees and powerlines. There were several reports of light damage due to lightning. Most of the damage was done by marble sized hail in a path beginning at Hillisburg in Clinton County and went SE for almost 12 miles and in some places was 4 miles wide. A few farmers reported their soybean fields up to 75% destroyed. Fortunately, damage of this intensity was quite localized. The average loss will be 15% to 35% for soybeans and less for corn.									
Oswall Perry County	20	5:48P	-	-	-	-	-	-	Funnel Cloud
Fort Wayne Allen County	20	6:00P	?	?	0	0	?	?	1 1/2 inch hail
Hail up to 1 1/2 inch in diameter fell in the northern portions of the city. No damage was reported.									
Garrett DeKalb County	20	8:00P	8	2	0	0	?	?	1 3/4 inch hail
Hail up to golfball sized occurred along a path 2 miles wide and 8 miles long from Garrett to near Waterloo. Only light damage occurred as the hail fall was not very intense. Most of the crops are expected to recover.									
2 SW of Clarksville Hamilton County	20	8:14P	-	-	-	-	-	-	Funnel Cloud
Oaklandon Marion County	20	8:18P	-	-	-	-	-	-	Funnel Cloud
<b>INDIANA (continued)</b>									
SWm Marion County	25	1:45P to 4:30P	-	-	0	0	4	?	Flooding
A record rate of 3.17 inches of rain in a one hour period occurred at Weir Cook Airport. A total of 3.77 inches fell during the afternoon. This resulted in much local flooding in SWm Marion County.									
The greatest damage occurred at the terminal complex at Weir Cook when high water flowing into the building caused three 13,200 volt power lines to short out. The terminal operated on generators for 7 1/2 hours as many electrical circuits were burned out. Most of the damage was to the electrical circuits with only minor damage to walls and floors.									
<b>IOWA</b>									
Washington, Henry, Des Moines and Muscatine Counties	1	2:00-3:00 p	-	-	0	0	0	4	Hailstorm
Marble to ping pong ball sized hail hit spotty areas of these counties. Field crops and gardens badly damaged. Melon growing area around Fruitland (Muscatine Co.) was hard hit and ruined 100 acres of watermelon and 250 acres cantaloupe. Hail still in drifts hours after storm.									
Cedar, E Johnson, SE Linn and S Jones Counties	1	2:20-2:45 p	-	-	-	-	-	-	Funnels (7)
Seven funnel clouds observed in area, none observed to reach ground.									
NW of Marshalltown, Marshall County	1	2:50 p	-	-	-	-	-	-	Funnels (2)
N of Lorimer, Union County	2	6:30 p	-	-	0	0	0	3	Hailstorm
No size of hail given but it piled up 3 ft. in some ditches and 8 inches deep on road. Crops on several farms damaged.									
Clarke County	2	7:30 p	-	-	0	0	0	3	Hailstorm
Pea sized hail ruined gardens and damaged field crops (which may recover) in spotty areas of county. Hail drifts remained in ditches and protected areas until next morning.									
McNally area, Sioux County	2	Night	?	?	0	0	3	0	Tornado
Grain Company sustained great damage and debris recovered 1/2 mile away. 2 cattle sheds destroyed.									
Mapleton, Monona County	3-4	Night	-	-	0	0	3	0	Windstorm
Roof weighing 11 ton taken off Mapleton Grain Co. that in turn broke power pole - also took a nearby farm roof, trees and limbs down.									
Osceola, Sioux & O'Brien Counties	4	12:00-1:00 a	-	-	0	0	*3	C	Heavy rains
3-4 inches in about one hour caused streams to flood.									
4SE Le Mars, Plymouth County	4	12:10 a	?	?	0	0	3	0	Tornado
Lifted car off the road and put it in ditch. 4 farm buildings destroyed.									
75 Spencer, Clay County	4	1:30 a	?	?	0	0	3	0	Tornado
Trees uprooted, 2 barns destroyed.									
Packard, Butler County	4	3:40 a	?	?	0	0	4	0	Tornado
Extensive damage at Packard Elevator - 2 large storage bins off foundation, feed storage shed destroyed, several small grain bins damaged. Much tree damage.									
3 1/2 W Frederika, Bremer County	4	3:45 a	-	-	0	0	4	0	Lightning
Destroyed barn, 83 baby pigs and some sows.									
Cedar Falls, Black Hawk County	4	4:09 a	-	-	0	0	4	0	Windstorm
Destroyed garage, uprooted trees that fell on autos, power lines down.									
Tripoli, Bremer County	13	Aftn	-	-	0	0	0	3	Hailstorm
Marble, 1/2 inch and 1 inch diameter hail.									
West Liberty, Muscatine County	13	5:15-6:15 p	-	-	0	0	0	3	Hailstorm
Golf ball sized hail, caused power outages but little other damage.									
Davenport-Bettendorf, Scott County	13	10:50 p	-	-	0	0	3	3	Hailstorm
Hail to golf ball size - some fallen trees, telephone and power line outages, auto and home roof damage - worst damage on Illinois side of river.									
8W West Des Moines, Dallas County	14	Aftn	6.2	Narrow	0	0	*3	C	Tornado
Intermittant path from Booneville to 1 mile west of Polk County line. Damage to farm buildings and crops.

Taylor, Page, Adams and Union Counties	16	4:30-7:00 a			0	0	5	0	Windstorm
Heavy thunderstorms moved ENE across area producing extensive damage to trees, power lines, antennae and farm buildings. 3 gas pumps torn loose, signs mangled, roofs damaged. 9 Angus cows killed by lightning 11SE of Creston (Union County).									
Coin, Page County	18	6:00 a	?	?	0	0	4	0	Tornado
Trailer home blown off foundation and roof carried 1 block, also damage to trees and playground equipment.									
3E Indianola, Warren County	18	8:00 a	?	?	0	0	3	0	Tornado
Boat and trailer weighing 500 lbs. flipped, picnic table picked up several times and dropped (not rolled). Garage damaged.									
Pella, Marion County	18	8:30 a			0	3	5	0	Windstorm
3 trailer homes destroyed and 32 others damaged, also damage to mfg. company roof in SE part of city. 50 mph winds and heavy rain.									
Lucas, Monroe, Poweshiek, Keokuk and Jefferson Counties	18	8:00-9:00 a			0	0	5	0	Windstorm
Severe thunderstorm moved eastward across area. Damage in Chariton (Lucas Co.) and surrounding area - one farm near Lovilia (Monroe Co.) extensively damaged, large barn near What Cheer (Keokuk Co.) destroyed, grain bin blown 75 ft. and jammed into gusset type machine shed, tree damage and broken windows at several farms southeast of Montezuma (Poweshiek Co.) and tree damage in Batavia (Jefferson Co.).									
Marathon, Buena Vista County	21	12:15 p			0	0	4	0	Windstorm
Two farms sustained extensive building damage, block barr destroyed.									
Hartley, O'Brien County	21	12:30 p			0	0	4	0	Windstorm
Damage on two farms, barn destroyed, trees uprooted, power lines downed.									
Ruthven, Palo Alto County	21	12:45-1:00 p			0	0	5	0	Windstorm
Extensive wind damage extending from Ruthven to 11 miles south. Farm machinery storage building destroyed, 3,000 sq. ft. roof on school blown off, damage to 3 farms, trees and power lines.									
Curlew, Palo Alto County	21	1:25 p			0	0	0	1	Tornado
Touched down briefly in open field.									
3NE Remsen, Plymouth County	21	1:30 p			0	0	4	0	Windstorm
32' x 8' shed destroyed, some machinery damaged.									
Estherville, Emmet County	21	2:00 p			0	0	4	0	Windstorm
Tree and property damage in north portion of city, shed destroyed on farm just east of Estherville.									
3SW Gray, Audubon County	21	8:30 p			0	0	4	0	Windstorm
Large pig nursery building destroyed.									
Clarinda, Page County	23	Aftn			0	0	4	0	Heavy rain
2-3 inch rain in about 45 minutes produced flash flooding, gusty winds broke windows and damaged trees.									
Bayard-Bagley, Guthrie County	23	Aftn			0	0	0	4	Hailstorm
Golfball sized hail, 100% corn loss and 50% soybean damage.									
6S Humeston, Wayne County	23	5:05 p	?	?	0	0	4	0	Tornado
Roof ripped from barn, trees damaged, semi-trailer truck blown off road. Nearly all windows broken in farm home.									
6NW Chariton, Lucas County	24	2:24 p							Funnel
Blakesburg vicinity, Monroe County	24	2:50-4:01 p							Funnels (3)
New Virginia, Warren County	24	3:10 p							Funnel
IOWA (continued)									
Fontanelle, Adair County	24	Aftn			0	0	*4	C	Wind, hail and heavy rain
60lb ball size hail, accompanied by heavy rain and gusty wind. Extensive crop and garden damage, also roof and car damage.									
SW of Manning, Carroll County	24	5:00 p			0	0	4	4	Wind, hail and heavy rain
1 inch hail accompanied by heavy rain and gusty wind. Extensive crop damage over 4 sq. mile area, corn cribs and farm buildings damaged on 4 farms.									
Aurelia, Cherokee County	24	Evening			0	0	0	5	Hailstorm
Heavy hail over area 2 miles wide and 6 miles long destroyed crops.									
Muscataine and Scott Counties	24	7:14-8:22 p							Funnels (7)
Seven funnels sighted, none observed touching down.									
Atlantic vicinity, Cass County	25	Evening			0	0	4	0	Windstorm
Wind gusts estimated at 70 mph damaged 5 farm out-buildings. Considerable tree damage.									
Defiance, Shelby County	25	Evening			0	0	4	0	Windstorm
Extensive tree damage, house damage, two grain bins toppled.									
Webster and Hamilton Counties	26	3:50-			0	0	6	0	Flood, heavy rain
3-4 inch rains in less than an hour. Local areas estimated up to 7 inches. Businesses and homes in city of Fort Dodge sustained widespread flood damage. Bridges and roads washed out.									
Story and Hamilton Counties	26	4:00-10:00 p			1	0	6	0	Flood, heavy rain
2-4 inch rains in short period produced record flooding in city of Ames. Extensive damage to homes, businesses, etc. 13 year old boy drowned while wading in flood waters.									
New Albin, Allamakee County	27	3:00 a			0	0	4	0	Lightning
Lightning struck house, setting it afire - 2 elderly residents died of smoke inhalation.									
Le Claire, Scott County	27	Aftn			0	1	0	0	Lightning
Young girl struck by lightning while standing under tree during storm - injury confined to minor burns.									
Taylor Ridge area, Scott County	28	3:30 p			0	0	4	0	Lightning
Large cow barn, attached corn crib and milk shed and 200 bales of straw completely burned - estimated \$8,000-\$10,000 damage.									
Burlington, Des Moines County	28	4:55 p			0	0	4	0	Lightning
Large school smoke stack struck, one side fell (entire chimney will have to be rebuilt) - also boy struck but uninjured.									
Knoxville, Marion County	29	5:30 p			0	0	4	0	Lightning
2 homes sustained extensive fire damage.									
KANSAS									
Rawlins and Thomas Counties	2	5:30 - 6:30p			0	0	?	?	Hail
Severe thunderstorms moved southeast with local hail of 1/4 inch diameter in Northern Rawlins and Northeast Thomas Counties, to baseball size in Southeast Rawlins. No reports of major damage.									
South Central	2-3	4:00 p - 4:00 a			0	3	6	6	Wind, Hail, Rain
Thunderstorms developed over the northcentral during the afternoon and intensified and moved into the south central with local heavy rain, large hail and strong damaging winds. The more significant damage occurred in Reno, Marion, McPherson, Harvey, Sedgwick, and Sumner Counties. Property damage was confined primarily to hanger and aircraft in the Newton area, and to mobile homes southeast of Wichita where injuries occurred.									
Sumner County	3	12:30 - 3:30 a			0	0	0	4	Wind, Hail, Rain
Intense thunderstorms produced local large hail, strong damaging winds, and heavy rains mostly east half of county.									
Ford County	3	7:00 p	12	*5	0	0	4	5	Hail
Intense thunderstorms with hail to golf ball size moved from the Gray County line eastward across southwest Ford County.									
Butler County	3	11:15 p	5	300	0	0	0	5	Hail, Wind
Intense thunderstorms moved from southwest to northeast with primary damage in a narrow band from just northeast of Rosehill to southwest of Augusta. Many wheat and corn fields were left in stubble.

KANSAS (continued)									
Sedgwick County	5	12:30 - 1:30 a			0	0	4	7	Hail
									Intense thunderstorms produced local hail to as large as 2 1/2 inches in diameter, resulting in window, roof, tree, and garden damage. Most significant damage was in the southern parts of Wichita.
Cherokee, Labette, and Woodson Counties	5	2:30 - 6:45 a			0	0	4	4	Hail, Wind
									Intense thunderstorms producing local strong damaging wind and large hail caused spotty damage to trees, utility lines, crops, and outbuildings.
Woodson County	6	6:00 - 6:45 p	2	880	0	0	3	4	Hail, Wind
									Local hail and strong damaging winds associated with intense thunderstorms caused spotty property damage with damage to wheat in the west and southeast portions of the county.
Clark, Comanche, and Ford Counties	6	6:00 - 8:00 p	70	* 4-5	0	0	6	6	Hail
									Scattered severe thunderstorms from southwest Ford County south-eastward over Clark County Lake to the Oklahoma border south of Coldwater caused local crop and property damage. The most intense damage occurred around Protection.
Harper County	6	6:30 - 7:30 p			0	0	0	5	Hail
									Severe thunderstorms producing hail from 3/4 to 1-1/2 inches in diameter destroyed much of the wheat and standing corn in the southern half of the county.
Northwest Sedgwick County	8	4:00 - 6:00 p			0	0	4	0	Rain
									Heavy rains resulted in considerable flash and surface flooding causing soil erosion to dikes and ditches, and damage to sand surfaced roads.
Neosho County	11-15	6:00 p - 2:00 a	10	400	0	0	4	4	Hail
									Scattered intense thunderstorms produced scattered hail damage throughout the county with greatest losses near Stark where 3/4 inch hail was reported.
Kingman County	16	4:00 - 8:00 p	10	35	0	0	3	6	Tornado, Hail, Wind, Rain
									Severe thunder storms primarily in eastern half of the county caused heavy rains and considerable surface runoff and flash flooding. Corn and wheat crop near harvest was ruined and basements were flooded in Murdock. Hail was reported to the size of hen eggs. Tornado touched down briefly with about \$5000 damage between Nashville and Zenda.
Marion County	16	2:30 - 11:00 p			0	0	5	6	Tornado, Hail, Rain, Funnels
									Tornado touched down briefly at Marion Lake about 2:55 pm with minor damage, several funnels were reported in the area. Heavy rain and flash flooding, mostly in southern portions of the county caused extensive crop damage and damage to roads, culverts and yards in Florence vicinity. Hail 1/2 to 1 inch diameter.
Butler County	16	6:00 - 7:30 p	3	1760	0	0	5	5	Wind
									Intense thunderstorms producing strong winds estimated at 70 miles per hour caused damage to windows, roofs, and trees in Eldorado and extensive damage to wheat ready to harvest.
Barber, Clark, Comanche, Ford, Kiowa, and Pratt Counties	16	6:00 - 10:00 p			0	0	5	5	Hail, Wind
									Crop damage occurred throughout the area as a result of repeated severe thunderstorms associated with strong damaging winds and hail to golf ball size.
Kiowa County	16	8:30 p	** 18	10	0	0	0	0	Tornado
									Tornado touched down briefly 10 miles south and 1 mile west of Greensburg and lifted, moving east northeastward.
Harper and Sumner Counties	16	4:00 p - 10:30 p	10	40	0	0	5	5	Tornado, Wind, Rain
									Tornado touched down just west of Argonia in eastern Harper County about 4:55 pm and moved eastward damaging farm buildings, equipment and crops. Intense thunderstorms associated with strong winds and heavy rain resulted in considerable damage to crops, trees, and buildings in the Harper vicinity and the western 1/3 of Sumner County. Flash flooding along Slate Creek in Wallington caused damage to roads and bridges.
KANSAS (continued)									
Wichita	16	8:00 - 11:00 p			0	0	5	0	Rain
									Heavy rains caused flash flooding in northern portion of Wichita with basement flooding of homes and shopping center.
Chautauqua County	16	9:00 - 11:00 p			0	3	6	5	Wind, Hail, Funnels
									Severe thunderstorms associated with strong winds and hail over turned mobile homes, damaged homes, trees, and utility lines and poles. Several funnels were reported. Hail locally to from 1/2 to 1 inch shredded crops. Most damage occurred in the vicinity of Cedar Vale, with 3 injuries in damaged mobile homes.
Cowley County	16	9:30 p - Mint			0	0	5	-	Wind
									Severe thunderstorms produced winds in excess of 70 mph damaged 73 aircraft belonging to Cessna Corporation, and a 21 aircraft hanger was blown off the foundation at Struther Field near Winfield and Arkansas City.
Labette County	16	9:00 p - 1:00 a			0	0	0	5	Rain, Wind
									Intense thunderstorms associated with damaging winds and heavy rain caused extensive damage to wheat, with water inundating many fields in the southern half of the county.
Sheridan County	17	Aftn - eve			0	0	5	5	Wind, Hail, Funnels
									Scattered severe thunderstorms accompanied by strong winds and hail to 4 inches in diameter, caused extensive crop and property damage. Several funnels were reported.
Thomas County	18-19	5:00 p			0	0	7	6	Hail, Rain, Wind, Funnels
									Periods of severe thunderstorms accompanied by large hail and heavy rain caused extensive damage to crops. Resultant flash flooding caused considerable property and crop damage. The most serious flooding was along Prairie Dog Creek, in southern portions of Colby, and along south fork of Sappa Creek. Several funnels were reported.
Sherman County	22	2:00 p			0	0	5	5	Hail, Rain, Funnels
									Severe thunderstorms accompanied by local heavy rain and hail accumulating to a depth of 3 to 5 inches and followed by flash flooding caused considerable crop and property damage. Several funnels reported.
Southeast Kingman County	23	3:00 - 3:45 p	3	* 2	0	0	3	5	Hail, Lightning
									Severe thunderstorm accompanied by hail 1 inch in diameter, stripped corn and wheat. Lightning killed two head of cattle.
Marion County	23	1:00 - 4:00 a			0	0	0	4	Rain
									Scattered thunderstorms accompanied by heavy rain flooded wheat and rendered unharvestable. Most intense damage in southeast corner of the county which was already rain soaked.
Salina	24	2:00 p			0	0	4	0	Wind
									Wind associated with a nearby thunderstorm lifted a roof from a lumberyard building in Salina and dropped it on a nearby building.
Ford County	27	1:35 p	50 ft	10	0	0	0	0	Tornado
									Tornado touched down briefly 5 miles west of Bucklin and was moving north as it lifted. No significant damage.

<b>KENTUCKY</b>										
JACKSON PURCHASE	5	8 a.m.							0 0 ? Heavy Rain.	
			More than 4 inches of rain in a two-hour period caused flash flooding in several areas. A large store in Murray caved in under torrential rains.							
CENTRAL AND EASTERN	5	Afternoon	0	0		6	4		Wind and Heavy Rains.	
			Thunderstorms produced heavy rains, damaging winds, and golf-ball size hail. At Elizabethtown winds were estimated to be 75 miles per hour, and at Somerset winds were estimated to be 70 miles per hour. Winds destroyed or damaged numerous mobile homes, downed trees and power lines. Hail caused considerable damage to tobacco plants.							
	17-18	Late Night Early Morning				0	0	5	Wind.	
			Thunderstorms were scattered over all sections of Kentucky causing considerable wind damage. Hundreds of trees were damaged or destroyed, power lines were downed, resulting in power outages, and several mobile homes were damaged or destroyed.							
<b>LOUISIANA</b>										
Monroe, Ouachita Parish	7	4:15P				0	0	0	0 Funnel	
			State Police reported funnel cloud just south of Monroe. Receded into cloud.							
Bastrop, Morehouse	7	4:50P				0	0	?	Hail & Wind	
			One inch hail reported with high winds.							
<b>LOUISIANA (continued)</b>										
Franklin Parish	9	12:50P	1/2	33	0	0	4	0	Tornado	
			A short-lived tornado destroyed barns on Louie Scott's dairy farm.							
Franklin, Winn and Natchitoches Parishes	10	6:15A	2	50	0	0	4	0	Tornado & heavy rains	
			In the Swampers Community of northeast Franklin Parish, a tornado completely demolished the W. R. Strickland mobile home and scattered it over a two-mile area. Three barns, including a two-story structure, were leveled. Pieces were spread over a 15-acre area and into Bayou Macon.							
			Windsboro reported flash flooding that caused a number of families to be evacuated. Winfield, Winn Parish, also reported flash flooding. Bellwood in Natchitoches Parish reported 13 inches, including 10 inches that fell between 4 AM and 11 AM.							
Madison Parish	10	6:25A	4	35	0	0	4	0	Tornado	
			Tornado first touched down in open country near Waverly. It swooped over the railroad tracks and Highway 80 and dropped again, damaging the residence and store of R. B. Reece in Tengel, ripping up trees and snapping power lines. A car body, origin unknown, was deposited on the lawn. After roaring through Tengel, the twister hit the woods, turned back in a southerly direction across the highway then looped again and headed northeast.							
South of Terrebonne Parish	13	8:01A							Waterspouts	
			Two waterspouts were reported 40 miles south of Patterson Airport.							
Bonita, Morehouse Parish	15	4 AM	0.2	33	0	0	4	0	Tornado	
			A twister dipped down about one-mile north of Bonita, lifted the roof from a new brick home owned by Mrs. Geneva Watson, overturned eight trailers at Shackelford's Gin and uprooted trees.							
Plaquemines Parish	18	6:54P				0	0	0	Waterspout	
			Pilot reported funnel and waterspout 22 miles southeast of Harvey, La.							
Lake Borgne, St. Bernard Parish	29	6:20 A				0	0	0	Waterspout	
Lake Pontchartrain, Orleans Parish	29	8:31A				0	0	0	Waterspout	
<b>MAINE</b>										
			No severe storms but very wet the first three weeks of the month. Nearly 9" of rain in central coast, with nearly 10" in the central part of the state.							
<b>MARYLAND &amp; D.C.</b>										
Westminster, Carroll County	1							?	Wind, Rain	
			Heavy rain and wind caused 'extensive' damage to trees.							
Hagerstown	5	6-7 p						3	Lightning	
			Lightning "wreaked havoc" by hitting transformers and setting off alarms.							
Charles County	5	10-11 p						3	Tornado	
			Apparent small tornado moved through a narrow strip between La Plata and Hughesville.							
Charles County	5	Night						?	Wind	
			Power disruption and property damage due to toppled trees in Benedict-Highesville-Waldorf area.							
Harford and Baltimore Counties	5-6	9 p - 1 a						5	Lightning	
			Lightning-caused fire totally destroyed one apartment and damaged four others of same building in Edgewood. Seven horses perished in apparent lightning-caused fire at riding club stables in Graham Park.							
Cambridge	5	Night						4	Wind, Heavy	
			Winds of over 70 mph caused several roads to be blocked by fallen trees. Civil Defense radio tower bent in half.							
Edgewood	16	Afternoon							Rain	
			heavy showers caused some flooding of roads.							
Kingsville, Bel Air Areas	16	Afternoon							Rain	
			One inch of rain in 45 minute period caused extensive flooding.

Sawmill destroyed. Many trees blown over.									
Traverse City, Grand Traverse Co	22	11p							Wind
Church under construction destroyed.									
Outside Rockford, Kent Co.	22	8:15p							Funnel Cloud
Trees uprooted in vicinity.									
<b>MINNESOTA</b>									
Eastern Watonwan County	2	4p			0	0	0	4	Hail
Complete losses of soybean and corn acreage by hail in the Medelia, St. James, South Branch and La Salle areas. Hail remained like snow on fields 1 - 2 hours.									
McLeod, Carver Counties	4	12:30 p - 2:30 p	37	350	0	0	6	5	Tornado, Hail
Tornado on or near ground entire path from Brownton, McLeod County to Waconia, NE Carver County 25 miles of path over open country. Warnings issued 1:32 for Glencoe. Tornado struck trailer park in Glencoe at 1:52 PM demolishing 41 mobile homes, damaging 16 others. One house sustained major damage, 2 houses minor damage. Four farms vicinity of Glencoe heavily damaged. Automobiles, trailers and every house in Waconia, Carver County suffered some damage from golf-ball sized hail. Many Carver County farmers sustained substantial crop damage.									
Northfield to Faribault, Eastern Rice County	4	4p	1	*4	0	0	4	5	Hail
3/4 to 1 1/2 inch hail caused 25 to 30 % crop destruction in County. Two aircraft severely damaged at Faribault airport. Many cars and trucks damaged and home windows broken.									
Plainview, Wabasha County	4	5pm			0	0	4	0	Wind
High winds toppled a steel and fiberglass fertilizer elevator.									
Shakopee, Scott County	5	2pm			0	0	4	0	Wind
Trees uprooted, fences down, storage sheds destroyed and minor shingle damage in Shakopee.									
Hubbard County	12	6pm			1	0	0	0	Lightning
19 year old Laporte, Indiana, man struck and killed while boating on Eighth Crow Wing Lake.									
Bejou, Mahnomen County	13	12:10p	1	50	0	0	4	0	Tornado
Tornado touching down briefly north edge of Bejou, wrecked 2 garages and twisted a house trailer off its foundation. Extensive tree, roof and similar damage occurred. Barn almost totally destroyed east of Bejou.									
Boulder Lake, St. Louis County	13	9:10p			1	0	0	0	Wind
Thunderstorm squall overturned boat on Boulder Lake. 20 year old man drowned.									
Faribault to Cannon City, Rice County	17	7a	4	*1	0	0	5	5	Hail
Wind to 70 mph, 2-3 inch rainfall in less than one-half hour, and 1 inch hail to depth of 4 inches destroyed small grains, corn, beans and hay -- topsoil washed away - power lines down - trees uprooted -- window and paint damage to homes - barn demolished - mobile home overturned.									
Plainview, Wabasha County	17	7:30 a			0	0	4	0	Wind
Barn and machine shed blown down, trees uprooted.									
Frazee, Becker County	19	6:30 a			0	0	4	0	Wind, Heavy rain
Severe thunderstorm accompanied by "near tornado force" winds, dumped nearly 3 inches of rain on the area. Mobile home pushed off foundation, other mobile homes damaged. Many large trees uprooted. Metal storage building demolished.

<b>MISSISSIPPI (continued)</b>										<b>MISSOURI (continued)</b>									
4 S Utica, Hinds County	15	6:36 AM			0	0	4	?	Wind	Southern Missouri	5	2a-9a	?	?	0	0	5	?	Sev. Thunderstorm
Wind damage south of the Utica Jr. College included a mobile home blown over and trees down.										A severe thunderstorm developed near Joplin about 3 a.m. and moved eastward across extreme southern Missouri reaching the Bootheel by mid morning. Hundreds and maybe thousands of trees were blown down along the way; however, the storm stayed mainly over less populated areas. (Carthage received two inches of rain as the storm began. Considerable damage was done to a school and other buildings at Pierce City, 40 miles southwest of Springfield. The storm moved east at 45 to 50 miles per hour. The next major damage area was at Indian Point Boat Dock and School of the Ozarks Airport where several planes were damaged as winds gusted to 90 miles per hour. Considerable damage occurred to the dock and the boats. Over 100 trees were blown down in northern Ozark County with minor damage at Wesola and Rosence. Reports were sparse until the storm reached Butler County where a tornado was spawned over Poplar Bluff (see the next entry). As the storm reached the Bootheel more trees were blown down, one onto a trailer at Gibson in New Madrid County. Winds were clocked at 63 miles per hour at Kennett Airport. Window damage occurred at Kennett.									
Mendenhall, Simpson County	15	6:45 AM			0	0	4	?	Wind	Poplar Bluff, Butler County	5	7:30a	1	100	0	4	6	?	Tornado
High winds and driving rains left trees, limbs, several antennae, and portions of roofs scattered on lawn. One mobile home was severely damaged when a tree fell across the roof.										This tornado turned Poplar Bluff into a mass of fallen trees and wires. There were only four minor injuries due to flying glass reported. Extensive property damage was reported from the bus depot on Cherry Street to Hillcrest Park. Preliminary damage was assessed at two million dollars.									
Pike County	19	4:30 PM			0	0	4	?	Wind	Belton, Cass County	9	p.m.	?	?	0	0	0	0	Funnel Cloud
High winds destroyed a carport, damaged a house and barn roof, and uprooted 6 large trees.										A funnel dipped down just south of the Kansas City Metropolitan Area early in the evening.									
9 N Cleveland, Bolivar County	19	5:20 PM							Funnel Clouds	Vandalia, Audrain Co.	14	8:17p	?	?	0	0	0	0	Funnel Cloud
2 funnel clouds were sighted near Herigold and one near Mount Bayou.										A large funnel cloud was sighted by several persons over the Vandalia Drive Inn and verified by police.									
Drew, Sunflower County	19	5:20 PM							Funnel Cloud	Morgan County	14	7:15p	?	?	0	0	?	?	Hailstorm
										Twenty miles southeast of Sedalia 1 3/4 inch hail was reported.									
2 N Magee, Simpson County	19	9:45 PM			0	0	4	0	Lightning	Mexico, Audrain Co.	14	7:30p	?	?	0	0	4	?	Sev. Thunderstorm
The Fire Tower Ranger Station on Highway 49 burned completely to the ground with all contents lost.										Several trees were downed by raging winds and moderate utility damage and minor property damage occurred.									
Jackson, Hinds County	19	10:00 PM							Funnel Cloud	Bowling Green, Pike County	14	8:30p	?	?	0	0	2	?	Sev. Thunderstorm
										A severe thunderstorm moved through Bowling Green with severe lightning, gusts to 50 miles per hour and a brief heavy rain. Limbs were blown from trees. Rainfall of 1.55 inches was measured by the observer. Several electrical outages were reported.									
Pearl, Rankin County	19	10 PM-MIDN			0	0	4	?	Heavy Rain	West Plains, Howell County and Thayer, Oregon County	14	11:30p	?	?	0	0	4	?	Thunderstorm
Reportedly almost 4" of rain fell in 90 minutes. The Jackson Municipal Airport measured 1.64" during the period. The high water flooded streets and entered buildings.										A storm spawned strong winds blowing over trees and causing damage to at least five farms about 12 miles southeast of West Plains. This storm also caused tree damage in Thayer in Oregon County about an hour later.									
Panola County	21	5:00 PM			0	0	4	?	Wind	Southern Missouri	16	p.m.	?	?	0	0	50	0	Sev. Thunderstorm, Floods
Tree limbs were split off, trees, power lines and poles were downed, and at the Panola County Airport one mobile home was destroyed and a plane slightly damaged.										A cluster of thunderstorm activity sprawled across southern Missouri with rains ranging from steady to torrential at times. Two-to-four-inch amounts were common. Three inches were reported at Columbia and Springfield. Other amounts reported were: Warsaw 2.12; Ozark 3.13; Osceola 4.67; Marshfield 3.80. In addition, winds gusted to 55 miles per hour at Nevada in western Missouri during the afternoon and peaked at 73 miles per hour at Poplar Bluff. Damage was scattered and relatively minor. Peak winds also reached 70 miles per hour at Joplin about midnight.									
Morton, Scott County	?	?			0	0	4	0	Lightning	Southern Missouri	17	12a-5a	?	?	0	3	5	?	Sev. Thunderstorm
Lightning from a thunderstorm sometime between June 17 - 24, struck a home ruining all the family's furnishings and belongings.										A second line of thunderstorms developed from central Missouri southwest to the Joplin area around midnight with a history of strong gusty winds sweeping across the state with many trees or limbs down and scattered property damage. The following are some reported incidents: At 12:30a one trailer was blown off its foundation and another had the roof blown off near Joplin where winds at the airport were gusting to 72 miles per hour; Cassville in Barry County reported moderate property damage and trees downed; Trailer demolished at Seymour in Webster County; Numerous trees were uprooted and many roofs were blown off farm buildings through portions of Wright and Douglas County; A house trailer was destroyed at Neelyville in Butler County; At Cape Girardeau, Dexter and Sikeston numerous limbs were downed and minor property damage was reported.									
Jackson, Hinds County	30	Morning			0	0	4	0	Lightning	Point Lookout, Taney County	17	12:30a	?	?	0	0	?	?	Windstorm
Fire heavily damaged two rooms of a house after lightning struck the home freezer.										Winds were reported gusting to 80 to 100 miles per hour.									
<b>MISSOURI</b>										<b>MONTANA</b>									
Atchison and Holt Counties	2	4p	?	?	0	0	?	5	Hailstorm	SEE END OF TABLE									
Atchison County received hail that left several farmers' crops damaged. It was reported that the hail was so heavy in some areas that it even drifted. At least 40 claims were made. Locally heavy rainfall accompanied the hail. Just east of Oregon 3 1/2 inches were recorded.										<b>NEBRASKA</b>									
Novelty, Knox County	5	12a-1a	7	2000	0	0	50	0	Hailstorm	Lancaster and Saunders Counties	2	1-2 p.m.			0	0	4	3	Hail and Damaging Winds
A devastating hailstorm cut a path destroying 80 percent of the crops over about 6,700 acres of land. The golfball sized hail also damaged siding and roofs and dented trucks and cars.										Hailstones up to baseball size caused considerable damage to houses, autos and crops. Heaviest damage in the Agnew and Raymond communities. Tree Damage.									
Hannibal, Marion Co.	5	1a-2a	?	?	0	2	4	?	Sev. Thunderstorm										
A severe thunderstorm moved through the Hannibal area dumping over one inch (1.25) of rain in a very short time causing some flooding. Lightning struck a fuse box and traveled into a bedroom injuring two girls. Temporary power losses were restored.																			
Cinks Landing, Camden County	5	2a	?	?	0	0	4	0	Windstorm										
A windstorm left a 40-foot houseboat under water, another heavily damaged and several received minor damage when they were slammed against the boatwall. Considerable damage was also sustained to the dock. The storm carried little rain.																			

# STORM DATA AND UNUSUAL WEATHER PHENOMENA

JUNE 1975

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
NEBRASKA (continued)									
Sherman County	2	1:32 p.m.	1/4	Narrow	0	0	2	0	Tornado
				Rockville caused only minor damage to an unused building.					
Seward, York and Merrick Counties	2	2:15 to 3:15 p.m.	1/8	100-300	0	0	0	0	Tornado and Funnel Clouds
				Tornado touched ground briefly 2 1/2 miles west of Beaver Crossing with no damage resulting. Several funnels aloft in parts of York County.					
Nemaha County	2	3-5 p.m.			0	0	4	3	Funnel Cloud and Hail
				Building damaged on farm 2 miles north of Auburn. Spotty hail, up to 1/2 inch, caused extensive crop damage from northwest of Auburn to Brownville.					
Custer County	2	3-3:30 p.m.			0	0	0	4	Hail
				Hail damaged crops, destroyed gardens, killed chickens and broke tree tops near Mason City. Hail size up to 3 inches.					
Adair and Clay Counties	2	3-4:30 p.m.	44	200-400	0	0	5	4	Tornado and Hail
				A tornado intermittently on the ground moved southeast from Proser to Hastings, Fairfield and Edgar. It caused damage to mobile homes, farm outbuildings, trees and power lines. Near the southern end hail of 1 inch covered a two mile area.					
Gage County	2	4:50-5:30 p.m.			0	0	5	3	Tornado, Hail and Damaging Winds
				Tornado caused extensive damage to buildings at Wymore. Strong winds responsible for tree and some roof damage in Beatrice and Blue Springs area. Hail damage in extreme south portion of county.					
Buffalo and Hall Counties	2	6-7 p.m.			0	0	3	4	Hail
				Spotty 1-inch hail which accumulated to 6-inch depth or more caused heavy crop damage.					
Scottsbluff	3	Afternoon			2	0	0	0	Lightning
				Bolt of lightning struck two men working in a beet field 4 miles east of Scottsbluff. Both were killed.					
Nemaha and Otoe Counties	3	4:35 p.m.			0	0	3	4	Funnel Cloud and Hail
				A funnel cloud was observed two miles south of Paul. 1.2 inches of rain fell in area in just a few minutes along with 2-inch hail. Severe corn crop damage occurred and a few vehicles were dented.					
Dixon County	3	Night			0	0	4	0	Damaging Winds
				Tornado-like winds destroyed irrigation equipment southeast of Wakefield. Tore out trees and damaged several buildings southwest of Wakefield.					
Deuel County	6	3:00 p.m.			0	0	0	0	Funnel Cloud
				No damage incurred by funnel cloud just northwest of Big Springs.					
Keith County	6	3:45 p.m.			0	0	4	4	Hail
				Hail up to 1 1/2 inches caused considerable damage to both crops and buildings near Paxton, Ogallala and Roscoe.					
Morrill and Cheyenne Counties	7	Afternoon			0	0	0	4	Hail
				Hail up to 3/8 inch damaged several thousand acres of wheat 4 miles east of Dalton.					
Sarpy County		11 5-6 p.m.			0	0	0	3	Hail
				Some crop damage resulted in an area surrounding Richfield and Papillion by 3/4 inch hail.					
Gage and Pawnee Counties	15	12:15 - 1:15 a.m.			0	0	4	3	Damaging Wind
				Strong winds damaged dwellings, trees, barns, farm equipment and power lines over portions of eastern Gage County, near Adams, Pawnee and southwest of Johnson County.					
NEBRASKA (continued)									
Seward and York Counties	15	9:30 - 11:30 p.m.	65	100-300	0	0	5	4	Tornado and Funnel Clouds
				Tornado with several touchdowns began 2 1/2 miles south of Fullerton around 9:30 p.m. moving southeast. Was 5 miles southwest of Osceola, near Gresham and passed 5 miles north of Utica ending just southeast of Milford. Damaged considerable farm equipment, grain bins, fences, trees, gasoline storage tanks, signs and windows.					
Douglas County	16	Evening			0	0	4	0	Damaging Winds
				Hundred m.p.h. winds blew down three block walls at new sewer plant at Elkhorst.					
Dawes and Sheridan Counties	16	6:30 p.m.			0	0	5	6	Damaging Winds and Hail
				Thunderstorms with winds estimated in excess of 100 m.p.h. and marble size hail did damage to trees, mobile homes, power lines, drive-in theater screens. Three thousand acres of wheat were totally destroyed and five thousand acres 50 to 70 percent destroyed by hail which accumulated to approximately 5 to 8 inches near the White Clay area. Most crop damage occurred in northern Sheridan. Property damage in northern Dawes.					
Gage County	16	Around Midnight			0	0	5	0	Damaging Winds
				Thunderstorms with strong winds damaged trees, power lines, mobile homes and several grain bins in the vicinity of Pickrell and Adams.					
Hitchcock County	17	Night	5	100-300	0	0	4	0	Tornado
				A tornado destroyed an oil derrick near Oulbertson. Path apparently north-northeast.					
York County	17	Night			0	0	3	0	Lightning
				Lightning destroyed a transformer and refrigeration system at Henderson.					
Furnas County	17	Night	4-5	100-300	0	0	3	0	Tornado
				A tornado destroyed an oil derrick near Cambridge. Path apparently toward the north-northeast.					
Hall, Hamilton, Polk, York and Merrick Counties	18	3 a.m.			0	0	5	0	Damaging Winds
				Severe thunderstorms accompanied by locally heavy rains and high winds above 80 m.p.h. damaged power lines, trees, mobile homes, fences, and a few business buildings over portions of central Nebraska.					
Saline County	18	Early Morning	3	50	0	0	4	0	Tornado
				A tornado touched down near Dorchester damaging two farm homes, a camper, tree tops torn off, a wind mill and other outbuildings damaged.					
Jefferson, Gage, Saline and Seward Counties	18	4 a.m.			0	0	4	3	Damaging Winds
				Severe thunderstorms accompanied by heavy rains, high winds and small hail, damaged farm buildings, trees, a few autos, mobile homes and power lines.					
Richardson County	18	4:45 a.m.			0	0	4	0	Damaging Winds
				Severe thunderstorm with high winds damaged trees and a barn roof.					
Nemaha and Otoe Counties	18	5:30 a.m.	15	100-300	0	0	5	2	Tornado
				A tornado accompanied by locally heavy rains and some hail damaged homes, mobile homes, trees, power lines, lumber yards over portions of southeast Nebraska. The Omaha Public Power Plant near Nebraska City was damaged.

NEBRASKA (continued)									
Red Willow, Furnas, Frontier, Gosper, Lincoln, Dawson, Custer, Logan, Blaine and Loup Counties	18	5 to 8:30 p.m.	106	100-500	1	3	6	3	Tornado Family
	A severe thunderstorm cell moving almost due north at 20 to 30 m.p.h. spawned 8 tornadoes and numerous funnels over a ten county area of south central Nebraska. At times there were as many as three tornadoes on the ground at the same time. The path was nearly continuous being broken only where one tornado spun off and another developed. The path began west-southwest of Danbury passing west of Bailley, east of Stockville, west of Moorefield, east of Farnam, slightly west of Gothenburg, Peterson and Arnold. It ended approximately 10 miles north-northwest of Arnold. It was a very destructive tornado family destroying numerous barns, farm homes, livestock, fences, trees, autos and farm equipment. One person was killed and two injured when a pickup was lifted off the highway and rolled for 600 feet through the fields. A farmer was injured near Stockville.								
Buffalo, Sherman and Howard Counties	19	1:55 to 3:30 p.m.	42	200	0	0	5	4	Tornado
	Tornado began as funnel aloft just west of Kearney touched ground about 3 miles northwest of Kearney and traveled northeast 30 to 40 m.p.h. Passed near Riverdale, Poole, Ravenna, Rockville ending 5 to 7 miles north of Ashton. Some hail accompanied the tornado. REA power lines were downed west of Ravenna. Steel grain bins, farm outbuildings, irrigation equipment were destroyed near Poole. Numerous fence and much tree damage occurred along the entire path.								
Custer County	19	3:45 p.m.			0	0	0	0	Funnel Clouds
	Funnel clouds were observed near Werna.								
Gosper County	19	5:52 to 6:30 p.m.	18	100-300	0	0	0	4	Tornado
	Tornado began approximately 12 miles north of Arapahoe passed west of Elwood and ended northwest of Elwood. Some crop damage.								
Holt County	19	6 p.m.	17	50-100	0	0	4	3	Tornado
	Tornado began 5 miles west and 5 miles north of O'Neil moving east-northeast ending 9 miles north and 3/4 of a mile east of O'Neil. It apparently did not touch ground continuously. Damage included destruction of two irrigation systems, numerous trees, fences and other farm outbuildings.								
Red Willow, Gosper and Furnas Counties	19	7:30 to 9:30 p.m.			0	0	5	5	Funnel Clouds, Hail and Damaging Winds
	Heavy rains ranging up to 5 inches and hail up to 2 inches in diameter along with high winds damaged trees, roofs, windows, barns, power lines and crops. Funnels were sighted near Danbury, Lebanon, Wilsonville, Cambridge, Holtbrook and Arapahoe.								
Antelope County	19	7:50 p.m.	1	50-100	0	0	3	2	Tornado
	A funnel cloud touched ground briefly damaging an auto, several outbuildings, grain bins near Elgin.								
Holt County	19	8 p.m.	1	50-100	0	0	3	1	Tornado
	Small tornado touched ground 7 miles east and 4 miles north of O'Neil destroying 3 sheds, overturning another outbuilding and damaging a garage roof. One sheep was killed and another injured.								
Gosper and Dawson Counties	19	9:15 to 9:40 p.m.			0	0	0	0	Funnel Clouds
	Funnel clouds were observed near Elwood and Cozad. They were reported moving towards the northeast.								
Buffalo County	19	10 p.m.			0	0	0	0	Funnel Clouds
	Ravenna police sighted several funnels.								
Holt County	19	Night			0	0	4	2	Damaging Winds
	Several thunderstorms with strong winds damaged trees, fences, roofs and outbuildings on three farms. One mobile home was destroyed as were several haystacks. Electrical wires were downed.								
NEBRASKA (continued)									
Merrick County	20	Unknown			0	0	3	0	Lightning
	Three horses were struck by lightning near Palmer. One was killed.								
Boone County	20	11:30 a.m.	1/3	25-75	0	0	4	0	Tornado
	Tornado in St. Edwards moved northeast damaging trees, several homes, garages and power lines for a distance of about three blocks.								
Red Willow County	20	1 p.m.	1	50	0	0	4	0	Tornado
	A small tornado touched down a half mile northwest of McCook damaging three farms.								
Cherry County	20	5:15 p.m.			0	0	3	3	Funnel Cloud and Damaging Winds
	A funnel cloud was observed by the public ten miles south of Kilgore moving north at 30 m.p.h. Wind damaged a barn and uprooted trees.								
Chase, Perkins, Keith and Dundy Counties	20	5:30 to 7:30 p.m.			0	0	0	4	Hail
	A line of severe thunderstorms from north of Ogallala to northern Dundy County south of Imperial dropped 1 to 1 1/2 inch hail. There was some crop damage.								
Blaine County	20	6:27 p.m.	2-5	100	0	0	0	0	Tornado
	A tornado was reported 2 to 3 miles southwest of Dunning moving east-northeast at 25 to 30 m.p.h. No damage reported.								
Loup County	20	7:15 p.m.	18	100-200	0	0	4	0	Tornado
	Tornado touched down 15 miles northwest of Taylor moving northeast about 40 m.p.h. Damaged power lines, trees and at least one pickup truck. Dissipated before it got out of Loup County.								
Box Butte, Dawes and Sheridan Counties	20	7:20 p.m.			0	0	3	0	Damaging Winds and Funnel Cloud
	A thunderstorm, funnel cloud and accompanying strong winds damaged power lines northwest of Alliance.								
Boyd County	20	9:05 p.m.	3	100	0	0	4	0	Tornado
	A tornado touched down 3/4 miles northeast of Spencer. Moved northeastward. Damaged a barn roof and destroyed a small shed.								
Red Willow County	21	12:30 p.m.			0	0	5	4	Funnel Clouds and Damaging Winds
	High winds occurring with a severe thunderstorm destroyed a mobile home and blew over an oil derrick four miles south of Culbertson. Several funnel clouds were sighted.								
Red Willow County	21	1 p.m.	1/2	300	0	0	4	4	Tornado
	A tornado occurred about 1/2 mile west of McCook and moved northeast. Damaged a barn and two mobile homes, and several outbuildings.								
Howard, Hamilton, and Merrick Counties	21	3:50 p.m.	9	25-75	0	0	0	0	Tornado
	A tornado near St. Libory moved northeast at 30 to 40 m.p.h. through an unpopulated area.								
Knox County	21	5:35 p.m.			0	0	3	0	Lightning
	Two homes were struck by lightning damaging power and telephone lines and also breaking water and gas lines. Fire developed under one home.								
Lancaster County	21	6-7 p.m.			0	0	3	0	Damaging Winds and Lightning
	Lightning and high winds estimated at over 60 m.p.h. damaged power lines over large areas of Lincoln.								
Knox County	21	6:30 p.m.	1/2	50	0	0	3	0	Tornado
	A small tornado with at least two touchdowns struck the extreme eastern edge of Creighton damaging trees and the cities east pump house. It was observed initially about two hundred feet in the air before touching down. It moved northeast.

Platte County	24	4:25 a.m.			0	0	0	0	Funnel Cloud
		A funnel cloud was observed by Columbus police ten miles north of Columbus moving northeast about 25 m.p.h.							
Deuel County	25	Late Afternoon	3 - 1/2	25 - 50	0	0	4	2	Tornado
		A small tornado damaged a farm home and out-buildings, windmill and two steel granaries northwest of Chappell.							
Scottsbluff and Morrill Counties	25	4:00 to 5:30 p.m.			0	0	4	0	Damaging Winds and Hail
		Severe thunderstorms with winds up to 61 m.p.h. and hail up to 3/4 inch occurred from west of Cering east-southeastward to east of Bayard. Damage consisted of numerous trees broken off, several granaries destroyed, roof damage, traffic signals damaged.							
Box Butte and Sheridan Counties	25	6:35 to 7:30 p.m.	15-18	30	0	0	5	3	Tornado and Hail
		A tornado began 6 miles southwest of Alliance moving northeast at 15 to 20 m.p.h. ended 6 miles north of Alliance in Murage Flats. Near the north end of the path hail of 2 3/4 inches in diameter occurred. Damaged two granaries, three irrigation systems, and a stacker machine and a pump house.							
Dawes and Box Butte Counties	25	6:35 p.m.			0	0	5	0	Funnel Clouds and Damaging Winds
		Two funnel clouds were observed near Chadron and another near Marsland. Thunderstorms with high winds of up to 75 m.p.h. did considerable damage to power lines, trees and a few farm buildings.							
Box Butte, Dawes and Sheridan Counties	25	6:45 to 10:45 p.m.	69	10-30	0	0	4	0	Tornado
		A tornado began southwest of Marsland to southwest of Hay Springs continuing northeast ending southeast of Gordon. Tornado apparently not on the ground at all times but did considerable telephone and power line damage.							
Arthur County	25	9:18 p.m.			0	0	3	0	Damaging Winds
		High winds in conjunction with a thunderstorm overturned a boat and did minor damage to several others.							
Deuel and Keith Counties	25	9:35 to 10:11 p.m.	12	25-50	0	0	4	3	Tornado
		A tornado was observed 1 mile south and 1 mile west of Big Springs moving east-northeast at 30 to 40 m.p.h. Its path ended southwest of Brule. Damaged were numerous outbuildings, an antique car, trees, windmill and granary buildings, and power lines.							
Scottsbluff County	28	11:30 p.m.			0	0	4	0	Damaging Winds
		A severe thunderstorm with winds estimated at 60 m.p.h. damaged trees and power lines from west of Mitchell to east of Scottsbluff.							
Cheyenne and Morrill Counties	30	9:35 p.m.	Unk	Unk	0	0	0	4	Tornado and Hail
		A tornado was reported 20 miles northwest of Sidney. Heavy rains of up to 2 1/2 inches and hail washed out and cut down crops over an area 1 mile wide and 5 miles long northwest of Northport.							
<b>NEVADA</b>									
Five Mile Flat (38 miles east of Tonopah)	24	unk				15	4		High wind and dust storm
<b>NEW HAMPSHIRE</b>									
Most of State	29	Late Aftn			3	5	3		Thunderstorms
		A cold front pushed south through the state setting off widespread and violent thunderstorms. Felled trees caused power outages. Severe lightning with numerous strikes, several buildings burned. Heavy rain, 1 - 2 inches, washed out roads. Winds were estimated at 40+. Heavy hail up to golf ball size, caused crop damage at Tilton and Sarberville. Hail also reported at Claremont and Gilford. Two persons were injured at Wolfeboro. Frost hit parts of Sullivan, Hillsborough, and Cheshire Counties on June 9.							
<b>NEW JERSEY</b>									
State	6	2-4p			0	0	0	?	Rain, hail
		A line of thunderstorms moved across the state during the early afternoon hours. As much as 2 inches of rain was reported during less than 2 hours in several areas scattered over the state. All areas reported small hail.							
North and Central Sections	19				0	6	?	?	Rain, Lightning
		A series of thunderstorms which moved across Central and Northern New Jersey resulted in 6 injuries from lightning in two separate strikes. In addition, 18 cows were killed by lightning. Heavy rains caused severe urban flooding in all heavily populated areas.							
<b>NEW MEXICO</b>									
San Miguel, Quay, Curry, Roosevelt, Chaves Counties	9	Evening	-	-	0	0	?	5	Hail
		Numerous localized hailstorms destroyed wheat and other crops and caused some damage to structures and glass. Hailstones reported as large as "golf balls" at Conchas Dam.							
Albuquerque, Bernalillo County	16	Late Afternoon			0	0	4	0	Wind
		Wind gusts to 68 mph caused considerable damage to structures and toppled a mobile home off the highway. Winds were associated with thunderstorms.							
Near Clovis, Curry County	18	8:50 p.	-	-	0	0	0	0	Funnel Cloud
		Funnel cloud reported 5 miles SW of Clovis.							
Clovis-Portales Area Curry and Roosevelt Counties	20	Evening			0	0	4	?	Wind
		Violent winds caused widespread damage to structures and vegetation. Several mobile homes overturned. One funnel cloud reported.							
Cannon AFB, Curry County	28	4:00 p.	-	-	0	0	0	0	Funnel Cloud
		Funnel cloud reported by air weather observer.							
<b>NEW YORK</b>									
<b>COASTAL</b>									
New York City, Queens and Kings County	6	3p			0	7	5	0	Severe Thunderstorm
		A severe thunderstorm with hail the size of golf balls moved across the south sections of New York City. Strong winds in Brooklyn destroyed 7 mobile homes being used for offices.							
New York City	16	3:40p			2	7	0	0	Lightning
		Two children were killed and seven injured by a single bolt of lightning. The children were struck when they took refuge from rain under a tree in Central Park.							
<b>NEW YORK</b>									
<b>CENTRAL</b>									
UPPER HUDSON VALLEY	3	PM			0	0	4	°C	SEVERE THUNDERSTORM
		Thunderstorms caused downed trees and powerlines. Three inches of rain fell at Pattenville. Hail caused local damage in the Capital District, accumulating to a foot deep in parts of Waterford.							
<b>NEW YORK</b>									
<b>WESTERN</b>									
Cattaraugus County	5	6:45AM	.5	15	0	0	0	1	Tornado
		A small twister touched down briefly southwest of Machias. (FPP 000)							
10 Western Counties	5	5A-3P			0	1	unk	unk	Thunderstorm
		Widespread mostly minor damages from heavy rain, strong winds, and lightning occurred over extreme Western New York. One youth was injured slightly when his motorcycle was struck by lightning in Webster (Monroe County). Many trees were damaged by winds and lightning causing power failures. A few roads were temporarily flooded as were some basements. Near Frewsburg (Chattaugus County) 10 cows were killed when fire destroyed a barn struck by lightning.							
Niagara County	6	Noon			0	0	0	unk	Hail
		Hailstones the size of quarters severely damaged fruit and vegetable crops in Lewiston-Cambria area.

Williston	27	9:50 pm			0	0	?	?	Rain and Wind
			Heavy rain with strong gusty winds to 75 mph hit Williston causing minor damage to buildings.						
Fargo	28	Afternoon			0	0	?	?	Hail and Wind
			Severe thunderstorms with hail up to 1-1/2 inches in diameter fell on Fargo during the late afternoon hours. Wind gusts up to 60 mph accompanied the hail.						
LaMoure, Barnes, Ransom, Sargent, Richland and Cass Counties	28-30				0	?	0	8	C
			Rain						
			Heavy rain fell over the southeast corner of the state from the 28th through the 30th. Largest rainfall was almost 12 inches recorded near Adrian. Flooding caused extensive property damage with thousands of persons evacuated from homes. Two and one-half million acres of cropland were destroyed.						
Hettinger, Grant Counties	29	Evening	70	880	1	4	0	6	C
			Tornado first sighted at 8:20 pm four miles west of New England moving slowly eastward. At 8:35 pm a pilot reported the tornado 12 miles west of Mott continuing to move slowly eastward. Ten farms were destroyed, 12 others damaged. An infant was killed and four more persons injured, three of them critically, as the tornado devastated the Jacob Focht farm seven miles southeast of Regent. Numerous cattle were killed. Hail 1-1/2 inches in diameter fell along much of the tornado path.						
<b>OHIO</b>									
Northeast	2	7:00 pm			0	1	4	0	Severe Thunderstorm
			Scattered severe thunderstorms with winds in excess of 70 miles per hour caused considerable damage to several homes, flooded basements, and downed power and telephone lines. One person was injured when his mobile home was destroyed by the storm.						
Northwest	14	7:00 pm			0	0	4	0	Severe Thunderstorm
			Thunderstorms, heavy rains, and winds up to 50 miles per hour caused power outages, uprooted numerous trees and flooded several streets. A barn was destroyed by wind causing \$30,000 damage.						
Guernsey County	15	5:45 pm	Small	Narrow	0	0	4	0	Tornado
			A small tornado touched down 9 miles southwest of Cambridge over-turning a mobile home and uprooting several trees. Damage was minimal.						
Franklin County	17	4:45 pm	Small	Narrow	0	0	4	0	Tornado
			A tornado accompanied by lightning, heavy rains and high winds touched down in southwestern Franklin County destroying numerous trailers in Scarlet Manor Trailer Park. High winds caused power outages, and numerous trees were uprooted. Funnel Cloud sightings were reported in Pickaway, Fairfield, Fayette, Ross, Clark, Greene, and Montgomery counties.						
<b>OKLAHOMA</b>									
Near Ponca City, Kay County	1	p.m.							Funnel aloft
Near Alva, Woods County	5	12:55 a.			0	0	0	0	Hail
			Golfball size hail was reported 6 miles west of Alva. No damage.						
Near Enid, Garfield County	5	2:20 a.			0	0	0	0	Hail
			Slightly larger than golfball size hail was reported 5 miles south of Enid. No damage.						
Near Broken Arrow, Wagoner County	5	3:15 p.	1/2	150	0	1	5	0	Tornado
			A woman was slightly injured as the tornado touched down briefly just north of 41st Street on Oak Grove Road. Eleven buildings were destroyed or damaged. The tornado was moving from southwest to northeast.						
Near Colony, Washita County	5	Afternoon	7	*1-1/2	0	0	4	5	Hail
			Hail severely damaged wheat in a strip from 3 miles west of Colony to 4 miles east of Colony. Hail piled up to 12 inches deep in some places. Size of hail was not reported.						
Tulsa County	5	5:25 p-6:15 p.			0	0	0	0	Hail
			Hail from one half inch to one inch in diameter was reported north of the Tulsa Airport and in northern parts of Tulsa County.

Near Cora, Woods County	6	5:00 p.	1-1/2	50	0	0	0	0	3 Tornadoes
			A tornado rotating clockwise touched down briefly about 2 miles east of Cora. Also two cyclonic tornadoes touched down in the same area. No damage was reported from any of the 3 tornadoes and they all moved to the southeast.						
Alfalfa County	6	6:00 p.	3	3	0	0	4	5	Hail
			Hail fell over much of Alfalfa County with some of the worst damage being reported in a 3-mile strip about 4 miles southwest of Cherokee.						
Central Oklahoma	6	6:00 p.			0	0	6	4	Wind
			Seventy to 100 m.p.h. winds associated with a line of severe thunderstorms moved southeastward through the State causing widespread damage. About 20 counties reported damage. The heaviest damage was reported in the Enid area when power lines were blown down and several roofs were damaged or destroyed. Damage was noted as far southeast as Pittsburg County. Damaging hail accompanied the line of thunderstorms with the heaviest damage reported in the counties north and northwest of Oklahoma City. The hail reports are shown separately.						
Near Medford, Grant County	6	6:25 p.			0	0	0	0	Hail
			Baseball size hail was reported. No damage reported.						
Near Edith, Woods County	6	6:30 p.	1/2	50	0	0	0	0	Tornado
			A tornado touched down briefly near Edith close to the Cimarron River. The tornado produced no damage and was moving to the southeast.						
Near Freedom, Woods County	6	7:30 p.	10	*2	0	0	4	6	Hail
			Marble to golf ball size hail destroyed about 10,000 acres of wheat north of Freedom.						
Harper County	6	7:35 p.			0	0	4	5	Hail
			Hail fell over most of Harper County causing widespread damage to the wheat. The parana area was one of the hardest hit areas.						
Kingfisher County	6	7:40 p.	30	*10	0	0	4	6	Hail
			Hail up to one inch in diameter caused considerable damage to wheat across the northern half of Kingfisher County.						
Ralston, Osage County	6	7:50 p.			0	0	4	0	Lightning
			A fire caused by lightning completely destroyed a home in Ralston.						
Sequoyah County	6	8:25 p.			0	0	0	0	Hail
			Golfball size hail was reported. No damage reported.						
Garfield County	6	9:00 p.	10	*10	0	0	4	6	Hail
			Hail caused damage to crops over a large portion of Southwest Garfield County with the heaviest damage concentrated along a 2-mile wide strip extending from south of Drummond to northwest of Hennessey.						
Logan County	6	9:30 p.	15	*2	0	0	4	6	Hail
			Hail struck a large portion of Logan County with the heaviest damage reported in a strip from 5 miles north of Crescent to the Cimarron River north of Cashion. Most of the damage was to the wheat crop.						
Sweetwater, Roger Mills County	6	9:30 p.	7	*5	0	0	4	5	Hail
			Hail up to 3 inches in diameter pelted a strip just east of Sweetwater. Considerable damage was reported to wheat and windows and windshields.						
Near Porter, Wagoner County	7	a.m.			0	0	4	0	Lightning
			Six prize Charolais cows were killed when lightning struck a large pecan tree they were standing under.						
Temple, Cotton County	7	11:30 p.			0	0	4	0	Wind
			High winds associated with a thunderstorm destroyed a car wash and caused minor property damage.						
Marshall County	8	3:10 p.			0	0	0	0	Hail
			Hail 3/4-inch in diameter was reported. No damage reported.						
Dewey County	8	3:30 p.			0	0	0	0	Hail
			Hail 1 3/4 inches in diameter was reported. No damage reported.						
Ellis County	8	4:45 p.			0	0	0	0	Hail
			One-inch in diameter hail was reported. No damage reported.

			Golfball size hail was reported at the Stillwater airport. No damage was reported.						
Pond Creek, Grant County	13	5:00 p.	8	*2	0	0	4	5	Hail
			Hail up to 2 inches in diameter caused considerable damage to the wheat in a strip from just south of Pond Creek to the Salt Fork area.						
Stillwater, Payne County	13	5:33 p.	6	450	0	8	6	0	Tornado
			A tornado touched down near Sarge Road and Lakeview Road in the northwestern edge of Stillwater. It moved southeastward through Stillwater causing considerable roof damage to buildings on the OSU campus. As the tornado moved through the downtown area damage was noted to roofs of buildings and to windows. The tornado intensified as it moved southeast of the downtown area producing widespread damage to roofs and walls of homes in the Tuckertown section of Stillwater. The tornado continued to intensify and completely destroyed 20 mobile homes in the Green Valley Mobile Home Park 1 and 1/2 miles east of Perkins Road on 32nd Avenue. Mobile home frames were twisted and thrown several hundred yards from their original location. Several large appliances such as refrigerators and freezers were found up to 1/2 mile away. The tornado dissipated about 1 mile east of Perkins Road on E. 45th Avenue as it curved to the south-southwest after moving through the mobile home park.						
Tulsa and Creek Counties	13	6:15 p.			0	0	0	0	Hail
			Hail up to 1 inch in diameter was reported. No damage reported.						
Tulsa County	13	6:30 p.			0	0	5	0	Lightning
			Lightning started a fire that destroyed a portion of a school.						
Near Kendrick, Lincoln County	13	6:45 p.	1 1/2	200	0	0	4	0	Tornado
			A tornado touched down about 4 miles south-southeast of Agra and moved to the southeast unroofing a house, destroying a mobile home, and damaging 2 other houses.						
Near Kendrick, Lincoln County	13	7:12 p.	1 1/2	200	0	3	4	0	Tornado
			A tornado touched down about 3 1/2 miles north-northwest of Kendrick and moved to the southeast. The tornado carried a haybaler about 1/4 mile and destroyed a concrete block garage. Three persons were injured.						
Near Stroud, Lincoln County	13	7:20 p.	4	*2	0	2	4	0	Wind
			Strong winds associated with a thunderstorm struck the area just northwest of Stroud destroying a mobile home and injuring the 2 occupants.						
Shawnee, Pottawatomie County	13	9:15 p.			0	0	4	0	Wind
			Strong winds associated with a thunderstorm moved southeastward across Shawnee causing widespread minor damage to roofs, trees and power lines.						
Atwood, Hughes County	13	10:00 p.			0	0	4	5	Hail, wind
			Large hail and high winds struck the Atwood area causing considerable damage to the peanut crop and producing minor damage to buildings.						
Near Broken Bow, McCurtain County	14	1:15 a.			0	0	0	0	Hail
			Golfball size hail was reported by Sheriff's Office. No damage was reported.						
Oklahoma and Cleveland Counties	14	6:55 p.			0	0	0	0	Hail
			Hail 3/4 inch in diameter was reported. No damage was reported.						
Tulsa County	14	8:05 p.			0	0	0	0	Hail
			Hail 3/4 inch in diameter was reported. No damage was reported.						
Turner Falls Park, Murray County	14	10:30 p.			0	2	0	0	Lightning
			Two people were injured when lightning struck the tree they were under 3 miles south of Davis.

OKLAHOMA (continued)									
Eastern Oklahoma	16, 17				0	26	6	0	Wind
									A line of severe thunderstorms moved from west to east across the State at 50 m.p.h. causing widespread damage. The first damage was noted to the terminal building at the Oklahoma City airport where the roof was removed. Damage was observed from this point eastward to the Arkansas state line. Wagoner and Mayes Counties were the hardest hit with over a million dollars damage and 18 injuries in Mayes County. Most of the injuries were to occupants of mobile homes. Wind speeds were estimated up to 100 m.p.h.
Tulsa, Tulsa County	17	4:45 a.			0	0	4	0	Lightning
									Lightning started a fire which destroyed the roof and damaged the upstairs portion of a home in east Tulsa.
Near Woodward, Woodward County	18	a.m.			0	1	3	0	Wind
									Winds gusting to near 50 m.p.h. overturned a mobile home. One person was injured.
Near Guymon, Texas County	18	7:40 p.			0	0	0	0	Hail
									Golfball size hail was reported. No damage was reported.
Purcell, McClain County	20	5:15 p.			0	0	0	0	Hail
									Golfball size hail was reported. No damage was reported.
Stillwater, Payne County	21	12:00 Noon			0	1	0	0	Lightning
									A man was slightly injured when lightning struck the tree he was leaning against on the golf course.
Tillman County	21	8:00 p.			0	0	5	4	Wind, flash flood, hail
									Over 4 inches of rain in an hour produced flash flooding in Frederick causing six families to leave their homes. The thunderstorm also produced hail and very strong winds. The gin in Davidson received severe damage and some crops in the area were damaged due to the hail and high winds.
Near Anadarko, Caddo County	22	3:00 a.			0	0	4	0	Lightning
									Lightning struck a mobile home which started a fire that completely destroyed the home.
Krebs, Pittsburg County	28	1:15 p.			0	2	5	0	Wind
									A mobile home was destroyed and its 2 occupants received minor injuries as high winds associated with a thunderstorm struck the Krebs area. Damage was reported to several roofs and a small car was rolled by the wind.
OREGON									
Wallowa County	23-26						5		Flooding
									Heavy rains, some being flash flooding type in conjunction with large snow melt at higher elevations caused widespread flooding.
PACIFIC									NONE REPORTED
PENNSYLVANIA EASTERN									
Ferguson Township (Centre County)	5	3 to 4 PM(EDT)	less 1	less 55	0	0	5	0	Tornado FFP 211
									The tornado touched down in Ferguson Township destroying a barn and other buildings and uprooting trees.
Near Madisonburg (Centre County)	5	3 to 4 PM(EDT)	less 1	less 55	0	0	3	0	Tornado FFP 111
									The tornado cut a swath through a forested area.
	5	5:30 PM to 8:30 PM			0	0	5	0	Electrical, Wind, Heavy rain
									Thunderstorms moved across Eastern Pennsylvania with considerable lightning strikes causing some fires and other damage in Carlisle, York, Williamsport, Scranton, Eddystone and Philadelphia. Wind and lightning combined to cause power outages to 15,000 customers. Trees downed by wind and lightning contributed to the power outages. Heavy rain caused some roadway flooding in the Scranton area. Hail up to golf ball size occurred in Lancaster County.
Reading	6	4 to 6 PM (EDT)			0	0	4	0	Wind
									Wind gusts associated with thunderstorms toppled walls of a church under construction and blew down a large tent being used for a revival.
PENNSYLVANIA EASTERN									
Philadelphia, Chester and Montgomery Counties	19	6 to 7:30 PM EDT			2	0	4	0	Electrical, Wind
									Numerous lightning strikes hit buildings, trees and utility poles. A few fires resulted and power outages to 30,000 also occurred. Two radio stations were off the air for a time as lightning strikes hit transformers. A boy and a woman were killed when hit by lightning in separate locations. Gusty winds combined with the lightning in knocking down trees, power and telephone lines.
Hobbie, Luzerne County	19	11:30 AM =EDT 1/2	less 18		0	0	4	0	Tornado FFP 100
									The tornado took the tops out of trees and took the roof of a barn. Portions of the roof were deposited on top of trees some distances from the barn and roof timbers were driven into the ground.
Lock Haven-Williamsport area, Pottsville area, Lancaster County, Chester County, Philadelphia	24	5 to 8 PM- EDT			0	0	4	0	Heavy Rain, Wind Electrical, Hail
									Heavy rain associated with thunderstorms flooded small streams and roadways. Wind and lightning downed many trees causing power outages to 6000 customers. Some small hail fell near West Chester and in Mt. Gretna.
Lancaster, Lebanon, Berks, Lehigh and Carbon Counties	27	8 AM EDT to 28 10 AM EDT			0	0	4	0	Heavy Rain, Electrical
									Heavy rains caused considerable stream and roadway flooding. Some cave-ins and land slides also blocked roads. Accumulations of greater than 2 inches of rain occurred: Hanover 2.65, Marietta 2.62, Lebanon 2.03. Lightning associated with the heavy rain caused fires and power outages to 15,000 customers.
Steelton	28	7 to 10 PM EDT			0	0	4	0	Heavy Rain
									Heavy rains flooded homes and caused sewers to rupture. Wind combined with wet ground to topple many trees.
PENNSYLVANIA WESTERN									
	4	7:45-9 PM	?	?	0	0	5	?	Tornado and electrical storm
									Storm moved eastward across Western Pennsylvania with sightings of funnel clouds aloft and points of contact with the ground as follows: Crawford County: Two sightings of funnel clouds reported by CD Director -- one at Conneaut Lake and other at Conneautville. Time unreported. Allegheny County: Funnel cloud sighted by Governor of Pennsylvania, Milton Snapp, from car on high way near Ambridge -- 7:45 p.m. Tornado touched down in West View, suburb of Pittsburgh, taking roof off auto dealer's garage -- 8:00 p.m. Beaver County: Funnel cloud sighted in Brighton Township -- 8:00 pm Westmoreland County: Funnel cloud sighted in North Huntingdon Township. Strong winds, hail, heavy rain. Tornado touched down near Irwin, then again in Youngwood, about 10 miles southeast of first spot. Part of roofs torn off church and Police Athletic League Building. Plate glass windows broken and new cars damaged in garage showroom. Trailers overturned and tractor trucks overturned in parking lot. Trees uprooted. Power outages. 8:30-9:00pm Scattered damage reported from Allegheny, Washington and Armstrong counties in connection with same storm system.
PUERTO RICO									
South Central	15-17				1	0	0	0	Heavy Rain
									Several days of heavy afternoon showers over the south central portions of the island were reported around the middle of the month. Between 2 and 5 inches of rain were reported over this period but no flooding occurred although rivers along the south central portion of the island in the area of Ponce were swollen for several days. One death occurred when a man drowned trying to cross the Bucana River near Ponce on June 17. Minor street flooding and some local ponding in the low lying areas of Ponce were reported on this date due to poor drainage conditions otherwise no significant flooding occurred and no damage was reported.

	30	Afternoon			0	0	?	?		Hail
	Hail storm knocked down power lines in Warwick and Coventry and struck a house in Warwick. The storm damaged 90 percent of a tomatoe crop on one farm and 75 percent of the crop of a second farm on Plainfield Pike in Johnston.									
<b>SOUTH CAROLINA</b>										
Northwest S.C.	5	P.M.	-	-	0	0	4	3		Wind, hail
	Severe thunderstorm destroyed store, barn and several small buildings in Cheddar area between Belton and Williamston. Caused minor tree damage at Newberry and destroyed barn near Gray Court and Hickory Grove.									
Chesterfield, Marlboro, Florence Counties	10	-	-	-	0	0	4	3		Flooding
	Flooding along Pee Dee caused damage to logging and low land crops.									
Northern and Central S.C.	15	P.M.	-	-	0	0	4	4		Lightning, Wind Hail
	Scattered severe thunderstorms damaged trees, utilities and crops near Sumter, Brownsville, Adamsville, Orangeburg, and near Gaffney, S.C., lightning burned barn near Adamsville.									
Statewide	18	P.M.	-	-	0	0	4	5		Wind, Lightning, Hail
	Scattered severe thunderstorms across most of S.C. caused considerable hail damage to Pee Dee area including locations near Lake City, Bennettsville, Cades, Earles, and Sitton. Tree and utility damage at Bennettsville, Greenville, Allendale, and Monks Corner. Mobile home heavily damaged at Florence.									
Northern and Western S.C.	19	P.M.	-	-	0	0	4	4		Lightning, Wind, Hail
	Scattered severe thunderstorm destroyed 2 mobile homes near Gray Court, burned two homes near Walhalla, caused extensive hail damage near Gaffney to peaches, and hail damage to tobacco in Pee Dee area.									
	Scattered severe thunderstorms also caused some damage in Western S.C. on 11 and 12, Lakeview on 20th and in Camden on 21st.									
<b>SOUTH DAKOTA</b>										
Counties in Central Portion of the State	3	Evening	-	-	0	0	-	-		Severe Storm Activity
	During the evening of Tuesday, June 3rd, the thunderstorm activity extended from the southern border into the northern sections of the state. Very heavy rain and hail, with some sizes as large as baseballs, fell in several counties. Strong winds destroyed farm buildings, uprooted trees and in some areas, damaged farm crops. Funnel clouds and tornadoes were observed in several counties. Following is a summary of the activity and counties concerned:									
Hyde County	3	6 PM	12	4 mi.	0	0	3	5		Large Hail and Heavy Rain
	Thunderstorms with heavy rain and large hail, some estimated to be as large as baseballs, fell in the vicinity of Highmore with extensive damage to crops.									
Walworth County	3	6 PM	-	-	0	-	-	-		Funnel Cloud and Large Hail
	Heavy rain and large hail fell in the Glenham and Moberg area. Some of the hail ranged from golf ball to baseball size. Hail depths in the ditches and low areas were estimated as much as two feet deep in the Glenham area. A funnel cloud was sighted in the vicinity of Moberg.									
Charles Mix County	3	7 PM CDT	-	-	-	-	-	-		Tornadoes
	Three tornadoes occurred in the northwest portion of the county. According to the persons who observed them, the tornadoes touched the ground only briefly and no material damage resulted. The tornadoes were in the vicinity of Academy.									
Faulk County	3	Evening	-	-	-	-	3	4		Hail, High Winds
	Marble size hail and heavy rain occurred in the Cresbard area during the thunderstorms. Some crop damage resulted.									
Spink County	3	Evening	-	-	0	0	3	4		Hail and Rain
	Rain and marble size hail fell in the vicinity of Mellette. High winds uprooted trees and damaged small buildings.									
Sanborn County	3	Evening	3	150	-	-	3	4		Hail, Heavy Rain
	Golf ball size hail with heavy rain and strong winds occurred during thunderstorm activity in the vicinity of Forestburg. Small buildings and crops were damaged.									
<b>SOUTH DAKOTA (continued)</b>										
Tripp County	3	Evening	-	-	-	-	3	4		High Winds
	Thunderstorms producing winds gusting to 55 to 60 mph were observed in the vicinity of Winner.									
Aurora, Brule Counties	3	Evening	-	-	-	-	4	5		Hail
	Hail and rain resulting from thunderstorms occurred in the Plankinton and Kimball vicinities.									
Pennington County	3	7 PM	10	1200	0	0	4	4		Hail
	Hail and heavy rain fell along a path about 3/4 of a mile from a point 10 miles west southwest to Wall. Most of the damage was confined to trees and farm buildings.									
Union County	3	Night	-	-	0	0	3	3		Strong Winds
	The strong winds from thunderstorms damaged trees and some buildings near Elk Point.									
Jerauld, Hand Counties	3	7:30 PM	2	10	0	0	4	4		Tornado
	A mini tornado formed in the northwest portion of Jerauld County and moved into extreme southern portion of Hand County. No damage resulted.									
Yankton County	3	11:15 PM	-	-	-	-	0	0		Tornado
	A small tornado touched down momentarily in the vicinity of Gayville. There was only a slight amount of damage.									
Union County	4	01:00 AM	-	-	-	-	3	0		Strong Winds
	A few trees were uprooted or damaged as a result of thunderstorms.									
Kingsbury County	19	9 PM	-	-	0	1	4	0		Strong Winds
	Strong winds from thunderstorms damaged buildings and trees in DeSmet. One lady was injured by flying debris. The same storm damaged property in the Spirit Lake area.									
Edmunds County	19	Evening	-	-	0	0	4	-		Funnel Cloud and High Winds
	Heavy rains and high winds blew over trees, damaged buildings and destroyed an airplane in the Ipswich area. A funnel cloud was seen between Craves and Ipswich.									
Sanborn County	19	Evening	-	-	0	0	4	-		Hail, Rain, High Winds
	The strong winds, hail and heavy rain produced by thunderstorms caused heavy damage to trees and buildings in the area of Artesian and Forrestburg. Power outages were reported from these two towns.									
Gregory County	19	Evening	-	-	0	0	4	-		Strong Winds
	Winds damaged buildings and trees in the vicinity of Bonesteel.									
Hutchinson County	19	8 PM	-	-	0	0	4	0		Tornado, High Winds
	During the thunderstorm, a tornado occurred at Dmock. Power lines, trees and small buildings were damaged.									
Miner County	19	Evening	-	-	0	0	4	0		High Winds
	Carthage experienced 1 inch of rain and winds estimated from 60-80 mph. Power lines were broken and trees and some roofs on houses were damaged.									
Marshall County	19	7:50 PM	-	-	-	-	4	0		Funnel, High Winds
	Two funnel clouds were reported in vicinity of Langford. These occurred during thunderstorms.									
Brown County	19	7:30 PM	-	-	0	0	4	5		Tornado, Hail, Heavy Rain
	A mini tornado was observed seven miles north and five miles west of Aberdeen. The tornado was on the ground for only a few moments and no damage resulted. Many reports of hail were received. Golf-ball size hail fell in the Britton-Hecla area. Fifteen to thirty percent of the crops were damaged.									
Davidson County	19	Evening	-	-	0	0	5	0		Strong Winds
	There was damage to a motel in Mitchell when winds reached speeds of 75-80 mph.									
Lyman County	19	6:45 PM	-	-	0	0	3	0		Hail
	Golf ball sized hail and very heavy rain fell just west of Presho.									
Douglas County	19	7:00 PM	1	100	0	0	4	0		Tornado High Winds
	During the thunderstorm activity, a tornado occurred in the eastern part of Delmont. There was damage to trees, small or old buildings, overhead wires and TV antennas.									
Spink County	19	7:00 PM	-	-	0	0	-	-		Strong Winds
	The Cooperative Observer reported strong straight-line winds during the thunderstorms.

<b>SOUTH DAKOTA (continued)</b>									
Charles Mix County	19	Evening	-	-	0	0	-	-	Strong Winds
		The Cooperative Observer at Wagner reported surface winds in heavy rain and thunderstorms. Winds were estimated at 75 mph.							
Hyde County	19	6:30 PM	-	-	0	0	-	-	Tornado
		A very small tornado was observed by a pilot 22 miles north-north-west of Highmore. This is rangeland and no damage resulted.							
Charles Mix County	20	Evening	-	-	0	0	5	4	High Winds
		A roof was blown from a hangar at the Lake Andes Airport during a thunderstorm.							
Bon Homme County	20	Evening	-	-	0	0	4	4	High Winds
		High winds from thunderstorms damaged buildings and trees. Rain combined with small hail caused some crop damage.							
Tripp County	20	Evening	-	-	0	0	-	-	High Winds
		Winds were estimated at 100 mph in the vicinity of Winner. High winds damaged a trailer house. Pea size hail fell and three inches of rain occurred within a 50 mile radius of Winner.							
Brown County	20	Evening	-	-	0	0	-	-	Tornadoes
		A tornado was reported by police at Wyley Park, about three miles northwest of Aberdeen. A second tornado was first observed four miles south of Aberdeen and several minutes later was seen just two miles south of town. Many funnel clouds were sighted.							
Buffalo County	20	Evening	-	-	0	0	4	4	High Winds
		Winds, estimated as high as 80 mph, and marble size hail in the Ft. Thompson area damaged some crops and farm buildings.							
Brookings County	20	11:30PM	-	-	0	0	3	4	Hail, High Winds
		Severe thunderstorms with damaging winds to 70 mph and golf ball size hail was reported in the vicinity of Sinal.							
Lincoln County	21	Evening	-	-	0	0	4	0	High Winds
		Winds of 80 mph with approximately two inches of rain damaged trees and buildings in the Beresford area.							
Stanley County	21	6-7 PM	-	-	0	0	-	-	Funnel Cloud
		Numerous funnel clouds were observed in the Pierre-Ft. Pierre area during the thunderstorm which lasted a little over one hour.							
Davison County	21	Evening	-	-	0	0	0	0	Tornado
		A tornado was sighted just north of Ethan, S. D., which is located in the southeast corner of Davison County. No material damage resulted.							
Edmunds and Walworth Counties	21	Evening	-	-	0	0	0	0	Funnel Cloud
		Funnel clouds were observed in the vicinity of McBride and Selby in Walworth County and at Bowdle in Edmunds County.							
Pennington, Lawrence Custer Counties	25	Evening	-	-	-	-	-	-	Tornadoes
		On Wednesday evening, a large number of severe storms, which produced funnel clouds and tornadoes, occurred in the Black Hills and the immediate area. In the following narrative, all times are MDT: At 6:40 PM, twenty acres of timber were destroyed on a ranch 12 miles west of Hill City. Minor damage occurred to ranch buildings. Between 6:50 and 7:00 PM, a tornado struck cattle feeding or loading corrals in the vicinity of Whitewood. Some of the buildings were lifted into the air. A sawdust burner exploded and flames were carried by winds a distance of several hundred yards. Several funnel clouds were seen to the east of Whitewood. A barn was de-roofed and other buildings damaged in the Deerfield area. At 7:45 PM, funnel clouds were observed at Bok Elder. At 7:50 PM, two funnel clouds were reported in the vicinity of New Underwood. These touched the ground in a plowed field. Additional damage occurred in the vicinity of Whitewood. Several funnels were observed in the Nemo area. It is estimated that 20 to 30 acres of timber in the Black Hills National Forest were destroyed during this storm activity.							
Custer County	25	6:40PM	-	-	0	0	5	0	Strong Winds
		Strong winds removed the roof from the General Custer Hotel and one other business store. The roofs were blown to a neighboring apartment house requiring evacuation of all buildings. No tornado or funnel was sighted.							
Meade County	25	7:45PM	-	-	0	0	0	0	Funnel
		A funnel cloud was reported four miles east of Sturgis.							
Butte County	25	8:00PM	-	-	0	0	4	0	Two Tornadoes
		A small tornado uprooted trees, destroyed outbuildings and tore a roof from a house at Arpan. At 8:35, a small tornado damaged some buildings on a ranch at Caslerock.

<b>SOUTH DAKOTA (continued)</b>									
Ziebach County	25	10:50PM	-	-	0	0	4	0	Strong Winds
		Strong winds generated by the thunderstorms damaged a motel at Dupree.							
Perkins County	25	Evening	-	-	0	0	5	0	Damaging Winds
		Strong winds generated by the thunderstorms damaged farm buildings on the outskirts of Lemmon.							
Todd County	25	11 PM	-	-	0	0	4	0	Strong Winds
		High winds demolished one trailerhouse and damaged two others in Rosetud.							
Roberts County	29	7:20AM	-	-	0	0	-	-	Tornado
		A small tornado occurred 10 miles west of Rosholt, S. D.							
Perkins County	29	Evening	-	-	0	0	4	0	High Winds
		Damaging winds destroyed farm buildings in the Lemmon area during thunderstorms that occurred Sunday evening.							
Brown County	30	7:10PM	-	-	0	0	0	5	Heavy Rain
		Heavy rain with some amounts in excess of two inches, together with hail, marble to pea size, occurred in an area 20 to 25 miles southwest of Aberdeen. Some crop damage was reported.							
<b>TENNESSEE</b>									
Franklin, Williamson County	5	11:00 a.	-	-	1	-	-	-	Lightning
		A farmer was struck by lightning while baling hay during the approach of a thunderstorm.							
Murfreesboro, Rutherford County	5	11:45 a.	-	-	-	-	4	-	Lightning
		A home was struck by lightning and severely damaged by the fire that followed.							
Greenville, Greene County	5	3:00 p.	-	-	-	-	4	-	Wind, rain and hail
		Strong winds broke numerous plate glass windows and several businesses sustained water damage.							
Rockwood, Roane County	5	4:45 p.	-	-	-	-	5	-	Severe thunderstorm
		Major damage occurred at the Rockwood Airport where 10 aircraft were heavily damaged. The hangar and several other building sustained damage.							
Knoxville, Knox County	5	5:00 p.	-	-	-	-	4	-	Severe thunderstorm
		Numerous trees were blown over on houses and cars. A school in north Knoxville had the roof blown off.							
Kingsport, Sullivan County	5	10:30 p.	-	-	1	5	-	-	Lightning
		Lightning caused the explosion to a tanker at the Kingsport storage depot. There was considerable damage to the plant and the tanker was a total loss.							
Caryville to Arthur, Campbell County	12	2:15 p.	-	-	-	-	4	-	Severe thunderstorm
		The fierce storm snapped off trees, damaged homes and buildings and broke powerlines. One mobile home was heavily damaged.							
Kingston, Roane County	12	P.M.	-	-	-	-	4	-	Severe windstorm
		The walls of the Midtown Vocational School under construction were tumbled in the windstorm.							
Livingston, Overton County	13	2:00 p.	-	-	-	-	4	-	Windstorm
		The storm damaged 36 boat slips and did minor damage to 15 boats at the Livingston Boat Dock.							
Covington, Tipton County	15	A.M.	-	-	1	4	-	-	Severe thunderstorm
		One mobile home was destroyed injuring the lone occupant. Roof damage to homes was also reported along with numerous camper-truck covers.							
Greenville, Greene County	18	4:00 p.	-	-	-	-	4	-	Wind, rain and hail
		High winds along with hail and torrential rain damaged corn and tobacco crops in the area.							
Kingsport, Sullivan County	18	4:30 p.	-	-	-	-	4	-	Lightning
		Lightning during the thunderstorm struck several area homes, damaging one extensively and destroying a barn. The barn contained farm machinery and 7000 bales of hay.							
10 Miles North of Chattanooga, Hamilton County	19	1:30 p.	-	-	-	-	-	-	Hail
		Hail 1 3/4 inches in diameter was reported by the public.

Western Amarillo Potter & Randall Counties	19	7:50P-	0	0	0	0	3	0	Hail
Hail to 2 3/4 inches in diameter fell briefly in the western parts of Amarillo causing minor damage to roofs, trees and automobiles.									
Hereford, Deaf Smith County	19	7:50P	0	0	0	0	3	0	Hail
Hail to 2 3/4 inches in diameter fell briefly causing minor damage to roofs, trees and automobiles.									
Wink, Winkler County	20	5:37P	0	0	0	0	0	0	Hail
Hail to 3/4 inches in diameter fell at the Wink airport. No damage reported.									
Near Storms, Deaf Smith County	20	9:50P-	0	0	0	0	4	0	Wind
High straight winds during passage of a thunderstorm blew two mobile homes and several trees. No injuries reported.									
3 miles southeast of Wink, Winkler County	22	4:30P	0	0	0	0	0	0	Hail
Hail to 1 3/4 inches fell briefly in open country. Little or no damage done.									
Near Marathon, Brewster County	22	6:18P-	0	0	0	0	0	0	Hail
Hail to 2 3/4" in diameter fell in open range country. Little or no damage done.									
Hale, Floyd, Lubbock, Lynn Counties	22	Early evening	0	0	0	0	4	6	Hail, Wind
Hail to 1 3/4 inches in diameter and wind gusts to 50 mph during thunderstorms that moved through the area caused considerable damage to young cotton and feed grain crops. Heaviest crop damage was in a 7 mile wide by 20 mile long strip from just east of Plainview to Floydada. Minor damage was done to trees, signs, roof and automobiles.									
12 miles east north-east of Silverton, Brisco County	22	8:20P- 8:34P	10	80	3	0	4	0	Tornado
A tornado skipped northwest along the rim of the caprock completely destroying a single story 27 by 43 foot farm house killing the family of three. Victims were Mr. Leland Wood 28, his wife Rita 26, and their 11 month son Ry. The foundation was swept clean with the most debris piled 70 feet northwest of the foundation with some wreckage located as far away as 400 yds to the northwest. The tornado was apparently anticyclonic.									
Panhandle Counties	23	Late afternoon	0	0	0	0	3	3	Thunderstorms, Hail
Thunderstorms moved through the Panhandle during the late afternoon accompanied by hail to 1 3/4 inches in diameter, heavy rain and strong wind. Only minor damage reported to homes, trees, and crops as most of the hail fell in open range country.									
Marfa, Presidio County	23	6:30P	0	0	0	0	0	0	Hail
Hail to 1 3/4 inches in diameter fell briefly near Marfa in open country. No damage reported.									
Lobo area, Culberson County	23	8:45P-	0	0	0	0	0	0	Hail
Hail to 1 inch in diameter fell in open range country. No damage reported.									
10 mi Southeast of Spearman, Hansford County	23	4:45P-	3	60	0	0	4	4	Tornado
Tornado occurred in farm country and did considerable damage to irrigation pipes, stock tanks, and grains crop.									
Near Morse, Hansford County	23	5:30P-	1	40	0	0	5	0	Tornado
Tornado heavily damaged two homes and destroyed one barn. No injuries.									
<b>UTAH</b>									
Salt Lake County	7-8	6:00 p 4:00 a	0	0	0	0	5	0	Flash floods.
Heavy rainfall from thunderstorms averaging one-half inch to one inch over higher terrain east of Salt Lake Valley on the top of high snowfall melt produced flash flooding on streams in Big Cottonwood and Little Cottonwood Canyons. Damages to basements and homes, as well as to recreational parks were estimated at \$60,000.									
Weber County	21	4:30 a 5:30 a	0	0	0	0	4	4	Flash floods.
Heavy rainfall estimated at 1.25 inches in 20 minutes associated with heavy thunderstorms struck the Birch Creek area early in the morning. Flash flooding caused minor damages to homes (estimated at \$5,000) and field crops estimated at \$10,000.									
<b>UTAH (continued)</b>									
Cache County	25	6:00 p 11:00 p	0	0	0	0	4	0	Strong winds.
Strong winds with peak gusts in excess of 55 mph associated with a cold front passage hit the area of Newton in western Cache Valley during the evening hours. Numerous damages to homes and trees were estimated at \$30,000.									
<b>VERMONT</b>									
CENTRAL & SOUTHERN	29	EVE			0	0	4	0	SEVERE THUNDERSTORM
Thunderstorms caused downed trees and power lines. Golf ball size hail was reported in Rutland County.									
<b>VIRGINIA</b>									
Poole Siding, Dinwiddie County	1	Morning						?	Tornado
Apparent tornado demolished a mobile home, overturned several autos and did other scattered property damage.									
Westmoreland County	3	Afternoon						?	Wind
Family escaped serious injury when strong winds demolished their house trailer located between Lyells and Oldhams.									
Woodbridge	5	4 p						?	Wind, Rain
Wind gusts to 60 mph reported.									
Lee, Wise Counties	5	4:30 p					1	4	Wind
Occupant slightly injured when mobile home overturned at Big Stone Gap. "Constitution Oak" nr. Jonesville fell victim to storm.									
Grundy	5	Afternoon						?	Wind
Fallen trees did extensive damage to several motor vehicles.									
Nr. Thomas Bridge, Smyth County	5	6:15 p						?	Tornado
Storm described as a tornado overturned house trailer; did not touch another less than 100 ft. away.									
Grayson County	5	Between 6 and 7 p							Wind
Trees blown down, barn unroofed by strong wind.									
Abingdon	5	Evening						?	Wind
Several trees blown down and power interrupted.									
Bedford County	5	8 p					2	4	Wind, Rain
One mobile home destroyed, two others damaged.									
Lynchburg	5	8:10 p						?	Wind
Numerous power outages in area. Fallen trees blocked roads and caused property damage.									
Augusta and Rockbridge Counties	5	Between 8 and 9 p						?	Tornadoes
Reported small "twister" destroyed small building and snapped some 25 to 30 trees off at the trunk in the Lynchburg area. Another tornado reported near Collierstown did damage to trees and fences.									
Nr. Hopewell	5	Night						3	Rain
Heavy rain caused Route 10 to be closed when a portion of pavement settled ten inches.									
Martinsville, Henry County	5	Night							Wind, Rain
Trees falling on lines disrupted power.									
Stafford County	5	10 p						?	Wind
Numerous trees toppled with scattered power outages in the Frederickstown-Falmouth areas.									
Washington and Smyth Counties	11	4-5 p							Lightning, Rain
Lightning caused damage to power lines in Abingdon. Heavy rain disrupted power and telephone service in Marion.									
Eastern Prince William County	18	4-5 p						?	Lightning, Wind Rain
Severe thunderstorm moved through Dale City, Independence Hill and Woodbridge areas.									
Williamsburg, Hampton and Newport News Areas	18	Night						?	Rain, Lightning
Scattered power outages reported primarily to lightning activity. 0 inch rainfall occurred in Williamsburg.

					KILLED	INJURED	PROPERTY	CROPS	
<b>WYOMING (continued)</b>									
Southeast Three-Quarters of Laramie County and the Southern Halves of Flatte and Goshen Counties  4 ENE Worland, Washakie County  Sheridan, Sheridan County  East Slopes of the Absaroka Mountains, Park County  Wyoming East of a Sheridan-Laramie Peak-Pine Bluffs Line  Gillette, Campbell County**  Upton, Weston County**  Wheatland, Flatte County** Torrington, Goshen County**  Sundance (near), Crook County**  1 1/2 SE Sundance, Crook County**  15 N Pine Bluffs, Laramie County**	18	3:30 p.-9:00 p.	--	--	0	0	*6	0	Large hail and heavy rain
Scattered thunderstorms, some severe, developed near the Laramie Mountains and moved east-northeastward. Hailstones up to two inches in diameter coupled with hard rains caused considerable tree and roof damage in Cheyenne between 5:00 p. and 5:30 p.; much of the damage was in the northern part of the city. Hail also caused considerable property damage in Hawk Springs, in southern Goshen County. Widely scattered crop losses were reported in Laramie and Goshen Counties.									
Tornado observed by the public.									
Heaviest rainfall was in the city of Sheridan. 2.51 inches of rain - the second greatest 24-hour amount of record for June - fell at the Sheridan Airport between 11:00 p. on the 20th and 11:00 a. on the 21st. Many basements were flooded in the city of Sheridan.									
Thunderstorm winds caused scattered losses to trees, signs and a mobile home. Gusts to 80 mph reported near Cody.									
Thunderstorms developed at first over the northeast quarter of Wyoming during the early afternoon. Explosive thunderstorm development occurred across extreme eastern Wyoming between 2:00 p. and 4:00 p., when a cold front pushed into the area; the squall line developed southward along the leading edge of the cooler air. Several thunderstorm cells penetrated the tropopause by 5,000 to 15,000 feet.									
The squall line spawned at least four tornadoes, along with straight-line winds in excess of 50 mph in many locations. Large hail and heavy rains attended some of the storms.									
Detailed storm reports were impossible to obtain, because of the sparse population of the affected region. Local reports of storm damage resulting from the squall line follow, and are denoted by asterisks.									
The tornado first touched down at a trailer park just northeast of Gillette around 2:30 p., destroying 5 of 8 mobile homes; a 60-year old woman was injured. The tornado was last seen near Wyodak - 8 miles east of Gillette - at 3:00 p. Straight-line winds - clocked at 75 mph at the Campbell County Airport - caused scattered damage to outbuildings and trees from Hotet eastward to Wyodak. Most of the damage was attributable to straight-line winds.									
A severe thunderstorm dumped large hail and heavy rain in and near Upton. Streets in Upton were temporarily flooded.									
Radio Station KGOS was knocked off the air by the strong winds at 4:15 p. A metal grain bin was blown onto U.S. Highway 26. Felled tree limbs caused extensive damage to powerlines.									
The tornado demolished a mobile home located 8 miles SSE of Sundance about 5:15 p. The tornado skipped northeastward at 30 mph, damaging fences, corrals, and outbuildings on three ranches located approximately 7 miles ESE of Sundance.									
A tornado struck the Willow Springs area, causing damage to timber.									
Tornado touched down just inside the Wyoming-Nebraska state line. The thunderstorm which produced the tornado moved northeastward out of Wyoming.									
<b>MONTANA</b>									
Garfield County	17	4:20 pm	?	?	0	0	0	0	Tornado
Pilot and three passengers observed a tornado touch down briefly approximately 60 miles west of Jordan, Mt.									
Ravalli County	23	2:30 pm	?	?	0	1	3	4	Tornado
Public reports (U.S. Forest Service) a tornado caused a Blowdown of 15 acres (200,000 to 300,000 board feet) in the Tepee Creek area. Also a few one-inch hailstones fell in the Hamilton area.									
North Central Division	24	6:00 pm -8:00 pm	?	?	0	0	3	5	Severe thunderstorms
Heavy thunderstorms moved northeastward across Bondera, Glacier and Toole Counties with local damage to the ripening wheat crop. A few hailstones to one-inch were observed in the Waller area. Wind gusts to 54 knots observed at Cut Bank at 7:15 pm.									
Northeast Montana	25	4:00 pm-10:00 pm			0	0	6	7	Severe thunderstorms
High winds and hail associated with numerous heavy thunderstorms caused scattered damage to crops, structures and utility lines in parts of McCone, Custer, Prairie, Fallon, Wibaux, Dawson, Richland, Roosevelt, Valley, Daniels and Sheridan Counties.									
Valley County	25	3:55 pm	?	?	0	0	?	?	Tornado
A tornado sighted approximately 25 miles northeast of Glasgow.									
	25	4:05 pm	?	300	0	0	4	0	Tornado
A tornado struck a ranch complex approximately 13 miles north of Frazer.									
	25	4:38 pm	?	?	0	0	0	0	Tornado
A tornado was sighted 21 miles north of Wolf Point.									
	25	4:00 to 4:50 pm							Funnels Aloft
Funnel clouds observed by the public in an area 30 to 50 miles east of Glasgow.									
Custer County	25	5:37 pm							Funnel Aloft
Highway Patrol sighted two funnel clouds south of Miles City.									
	25	6:09 pm	?	?	0	0	?	?	Tornado
A tornado was sighted by the Public and Highway Patrol 10 to 15 miles southeast of Miles City.									
Richland County	25	8:45 pm	?	?	0	0	4	?	Tornado
A tornado struck a farm residence 8 1/2 miles northwest of Fairview. Two double wide trailers damaged.									
Miles City	27	4:00 pm			0	0	?	?	Thunderstorm, high winds
A severe thunderstorm moved across the Miles City area. FSS reported peak gust of 51 knots at 4:07 pm.									
Dawson County	27	4:30 pm	?	?	0	0	4	0	Tornado
A tornado struck a new farm residence approximately 8 miles north of Glendive. Structure demolished.									
Judith Basin and Pergus Counties	29	8:00 pm -9:00 pm			0	0	4	5	Thunderstorms; heavy rain and hail
A heavy thunderstorm moved northeastward from near Utica to the northeast of Lewistown. High wind, heavy rain and hail with a few hailstones to one-inch caused damage to crops and buildings.									
Powder River and Custer Counties	29-	11:00pm -3:00am			0	0	5	5	Thunderstorm; hail
A line of thunderstorms moved eastward across much of Powder River and Custer Counties late on the 29th and early on the 30th. Hailstones from 3/4 inch to a few one-inch were observed. Damage to crops.									
Helena	30	5:30 pm -6:15pm			0	1	5	2	Thunderstorm; hail
Heavy thunderstorm moved northeastward across the city of Helena. One-inch hail and wind gusts to 56 knots observed at National Weather Service Office. "Baseball Size" hail observed in town. 2 1/2 inch hailstones observed 2.5 miles north of Helena Airport.

<b>MONTANA (continued)</b>																			
Great Falls (near)	30	7:00 pm	?	?	0	0	?	?	Tornado										
<p>A heavy thunderstorm moved rapidly northeastward into southern Cascade County. A tornado was observed 30 miles south of Great Falls and also 25 miles south of Great Falls at approximately the same time. A few one-inch hailstones were observed. Damage to crops from hail and heavy rain.</p>																			
	30	7:00 pm							Funnel Cloud										
<p>Funnel Cloud was observed moving northeastward over the Tiger Butte Community.</p>																			
<b>WEST VIRGINIA</b>																			
McDowell County	5	5-6 pm			0	3	5	0	Windstorm										
<p>A squall line moved across the state during the afternoon and evening producing locally heavy rains, strong surface winds, and small hail. Hardest hit were the communities of Davy and Welch in McDowell County. A local radio station in Welch recorded winds to 70 mph; power was knocked out; numerous trees were uprooted. At Davy tornado like winds moderately damaged the local fire station and the McDowell County Mine Training School. 18 homes in the area received minor to moderate damage; four mobile homes received major damage; one service station was destroyed. Three persons were injured when the roof of the service station blew off striking the owner and two consumers. No deaths were reported.</p>																			
Northern Half of the State	19	Afternoon and Evening	?	?	0	0	5	0	Tornadoes Windstorm, Hail, Lightning										
<p>A cold front moved south out of Pennsylvania during the afternoon and evening producing severe weather across the northern half of the state. Harrison and Marion Counties received large hail. Two inch hail was reported at Gypsy, one half inch hail just south of Clarksburg, golf ball size hail was observed near Fairmont. A tornado briefly touched down at the Park Drive-In on Route 20 in Harrison County. At the Drive-In the screen was buckled and metal skirting twisted off the screen was stressed to withstand winds of 100 mph. A pilot flying over Gilmer County reported seeing a tornado damage path in the woods about 45 miles northeast of Charleston. Lightning was reported to have been responsible for four fires in Clarksburg. At Grafton in Taylor County, lightning severely damaged the front of a store which in turn fell on and demolished a parked car.</p>

<b>THE FOLLOWING ARE LATE REPORTS, CORRECTIONS, AND DELETIONS:</b>									
<b>ALABAMA LATE REPORTS</b>									
JUNE 1974									
Huntsville, Madison County	27	5:30p			0	0	0	4	Hail
A slowly moving thunderstorm produced heavy rain and marble to golf ball size hail over several sections of Huntsville as it moved southward. Very little lightning was associated with the storm.									
JANUARY 1975									
Hodges, Franklin County	8	12:45p	-	-	0	0	0	0	Hail
Cooperative observer reported hail up to the size of quarters almost covering ground.									
Hamilton, Marion County	10	12:30p	-	-	0	0	4	0	Wind
Severe thunderstorms produced damaging winds 7 miles northwest of Hamilton when roof tops were blown from three houses and one barn. A mobile home was blown from its foundation near the same area.									
Courtland, Lawrence County	10	2:25p	-	-	0	0	0	0	Funnel cloud
Funnel cloud was observed by state trooper 10 miles northwest of Courtland near Wheeler Dam. Funnel remained aloft as it moved northeast causing no damage.									
Brookwood, Tuscaloosa County	10	2:30p	**100	Narrow	0	0	4	0	Tornado
Tornado touched down destroying a mobile home and damaging several other houses and buildings. Heavy timber damage also occurred with trees twisted or snapped into. Tornado was accompanied by a loud roar as it moved northeastward.									
Citronelle, Mobile County	10	2:45p	**50	?	0	0	4	0	Tornado
A tornado touched down near Citronelle, Alabama. Police reported power and telephone lines down and tree tops twisted off. Several buildings also suffered roof damage.									
Faunsdale, Marengo County	10	2:45p	?	?	0	0	3	0	Tornado
A tornado was reported by the public near Faunsdale, Alabama moving northeast at 60 miles per hour. Several old barns were damaged with trees down.									
Jonestown, Bethel, Kilgore and Bessie Communities, Jefferson County	10	2:45p	2	100	0	4	5	0	Tornado
A tornado cut a path roughly two miles long through the Jonestown, Bethel, Kilgore and Bessie Communities of western Jefferson County about 7 1/2 miles northwest of Graysville, Alabama. Four houses and two mobile homes were destroyed with minor injuries.									
Fairhope, Baldwin County	10	3:30p	-	-	0	0	0	0	Waterspout
A waterspout was reported two miles northwest of Fairhope, Alabama in Mobile Bay. Activity dissipated and caused no damage. Eastern shore of the bay, near the waterspout, received wind gusts of 58 miles per hour.									
Birmingham, Jefferson County	10	3:45p	Short	Narrow	0	0	5	0	Tornado
A tornado moving near the surface hit the Hoover Community . . . immediately south of Birmingham. An apartment complex had 30 to 40 units severely damaged with broken windows in nearby businesses. At the Birmingham Airport winds gusted to 66 miles per hour and two houses were unroofed in adjacent East Lake.									
Robertsdale, Baldwin County	10	3:45p	-	-	0	0	4	0	Wind
A severe thunderstorm caused rather heavy wind damage to several homes and businesses in the Robertsdale area.									
Pell City and Ragland, St. Clair County	10	4:14 - 4:25p	20	150	1	38	6	0	Tornado
Tornado moved northeastward along a skipping path from Pell City to Ragland, Alabama severely damaging downtown areas of both communities and resulting in property loss in the millions. In Pell City there was widespread property damage with many business buildings damaged. The courthouse and jail were unroofed with all windows blown out. A total of 259 dwellings were damaged with 49 completely destroyed. Fifteen mobile homes were destroyed. Twenty-seven businesses had major damage or were destroyed. Three persons were hospitalized with 23 others treated and released. Numerous large hardwood trees, some up to six feet in diameter, were blown down through the city. A short time later . . . the tornado moved into Ragland, Alabama about 15 miles northeast of Pell City. Northeast sections of Ragland were hardest hit. Forty-eight homes were damaged with five completely destroyed, and two businesses were destroyed. One person was killed when a service station roof collapsed on him. Twelve others were treated and released with minor injuries. Most reports indicated the tornado was obscured by heavy rain and accompanied by a loud roar.									
<b>ALABAMA (continued)</b>									
JANUARY 1975									
Bay Minette, Baldwin County	10	4:15p	?	?	0	0	3	0	Tornado
Tornado touched down 15 miles south of Bay Minette. Damage was limited to approximately 40 pine trees down.									
Prattville, Autauga County	10	4:45p	Short	Narrow	0	0	4	0	Tornado
Tornado was reported by the public in Prattville, Alabama where it demolished a house trailer.									
Montgomery, Montgomery County	10	4:50p	2	100	0	0	6	0	Tornado
Tornado, moving just above the surface and following a skipping path, touched down initially at Dampally Field Airport on the western outskirts of Montgomery. Highest winds at the surface were estimated at between 70 to 80 miles per hour. Two buildings were destroyed and a hangar door blown in at the airport completely destroying one helicopter and extensively damaging two airplanes. Over 30 vehicles were damaged in the airport parking lot with fences and superficial structures blown down near the terminal building. Tornado moved near or on the ground for about 1/4 mile northward before lifting. Another touchdown about one mile northeast of the airport blew the roof from a truck repair center damaging several trucks. A third area of light damage again occurred two miles northeast of the airport. Power lines and trees were down across the entire county.									
Tuskegee, Macon County	10	6:00p	1	100	0	9	5	0	Tornado
A tornado touched down in the Cotton Valley Community along Route 29 ten miles south of Tuskegee, Alabama. Forty-five houses were damaged of which 17 were completely destroyed. The tornado cut a path northeastward which appeared to split toward the end of its length. Scattered damage was reported throughout the county with trees and power lines down.									
Opelika, Auburn and Salem Lee County	10	6:30p	?	?	0	6	5	0	Tornado
A tornado produced extensive damage in the Opelika and Salem areas of south central Lee County. Most serious damage occurred along state highway 77 when three homes were demolished and one heavily damaged in the Salem Community. Damage also included five mobile homes which were demolished. In the Opelika-Auburn area north of the tornado track damage was less serious and was attributed to high winds. A total of 22 homes received some damage throughout the county with uprooted trees and power lines down. One injury was serious while others were reported as minor.									
Renburne, Cleburne County	10	6:30p	**500	50	0	1	5	0	Tornado
A tornado dipped to the ground near Renburne, Alabama heavily damaging six large chicken houses and completely demolishing a nearby house trailer. The trailer house was lifted over a parked car and carried about 60 feet through the air causing little damage to the car. About 25,000 chickens were lost along with equipment inside broiler houses. The one injury was minor.									
Dothan, Houston County	10	7:20p	-	-	0	0	0	0	Funnel Cloud
A funnel cloud was reported by the public 4 miles south of Dothan, Alabama moving northeast at 50 miles per hour.									
Clio, Barbour County	12	11:05a	-	-	0	0	0	0	Funnel Cloud
A funnel cloud was reported by the public near Clio moving toward the northeast at 40 miles per hour.									
Ashford, Houston County	12	12:15p	-	-	0	0	0	0	Funnel Cloud
A funnel cloud was reported by the public near Ashford moving northeast at 40 miles per hour.									
FEBRUARY 1975									
Bay Minette, Baldwin County	16	10:05a	1	200	0	0	5	3	Tornado
Tornado touched down 2 miles southeast of Bay Minette in the Pine Grove Community. Six poultry houses and a feed mill were destroyed. Four houses, 1 warehouse and 3 barns unroofed. A large truck was lifted over a fence and a 10 acre pecan orchard was heavily damaged.									
Bay Minette, Baldwin County	16	10:15a	1	100	0	0	4	0	Tornado
Tornado struck Crossroads Community 15 miles southwest of Bay Minette. One mobile home destroyed and heavy roof damage to a house.

<b>ALABAMA (continued)</b>									
FEBRUARY 1975									
South Alabama	16-17				0	0	6	C°	Rain
		Heaviest rain in many years with 5 to 11 inches over an area 60 miles wide and 360 miles long. Heaviest amounts of 10 to 11 inches within 48 hours on the 16-17th mainly over Pike and Barbour Counties. Widespread flash flooding with numerous roads under water, bridges washed out, farmland flooded. Considerable livestock lost. Flooding creeks and rivers, especially near Montgomery and Elba, forced the evacuation of approximately 100 persons - mostly at Elba. Over 150 homes were damaged by flood waters. On the Pea River at Elba a crest of 37.3 feet on the 20th was 7 feet above flood stage - the highest level since 1929.							
Spratt, Perry County	18	1:45a.							Funnel
		A funnel cloud was reported by the public 8 miles northeast of Spratt moving toward the north. No indication that it touched ground.							
Ozark, Dale County	18	5:10p.			0	0	0	0	Hail
		Hail 1 inch in diameter occurred briefly 20 miles west northwest of Ozark.							
Louisville, Barbour County	18	6:40p.			0	0	4	0	Wind
		High winds unroofed several houses and damaged a porch near Louisville.							
Talladega, Talladega County, Oxford, Jacksonville, Calhoun County	18	8:20p.							Funnel
		Funnel sighted near Talladega moving northeast at 50 mph - later moved over Oxford and Jacksonville. Witnesses described it as "a ball of fire with a roaring sound." Radar indicated the funnel may have formed 8 miles southwest of Syltauga at 7:53p. No indication that it ever touched ground.							
Jasper, Walker County	23	12:30p.	1	100	0	0	5	0	Tornado
		Tornado destroyed 2 homes and a mobile home in a rural area 20 miles northeast of Jasper.							
Taylorville, Tuscaloosa, Holt, Tuscaloosa County	23	12:35-12:47p.	15	500	1	51	7	0	Tornado
		Tornado first struck Taylorville 5 miles south of downtown Tuscaloosa and moved north-northeast, touching ground 5 times in a skipping path and ending at Holt, 6 miles northeast of downtown Tuscaloosa. Damage was near total in area just south of Tuscaloosa. Heavy damage occurred through a busy commercial area at the intersection of I-59 and McFarland Blvd in the southeast part of Tuscaloosa. Most of the upper floor of a motel was sliced off, killing 1 person, and a nearby restaurant and several other commercial buildings were heavily damaged. In the Holt area, about 30 houses were destroyed and a number of others were damaged by numerous uprooted trees. Over the entire path, 30 buildings, 11 mobile homes and 1 business were destroyed, 259 buildings, 25 businesses, 10 mobile homes and 201 vehicles were heavily damaged and 592 buildings and 32 business establishments had minor damage. Radar indicated the funnel formed aloft just south of Akron, Hale County, at 12:41p., first touching the ground at Taylorville.							
Jones Chapel, Cullman County	23	1:20p.	2	200	0	1	5	0	Tornado
		Tornado moved northeast at 40 mph through the Jones Chapel Community. A church was unroofed, 23 homes and 4 mobile homes were damaged or destroyed.							
Anniston, Calhoun County	23	2:35p.	1	100	0	0	0	0	Tornado
		Public reported tornado on ground briefly in Blue Mountain Community 3 miles north of Anniston. Moved northeast at 40 mph. No known damage.

		A funnel aloft was observed near Lamar.							
Prowers County	8	7:05p.	1	220	0	0	4	0	Tornado
		A tornado, moving southeast, hit at the north edge of Lamar, damaging a mobile home park, a drive-in theater and a commercial building. A steel and concrete block weighing several tons was torn from its mooring.							
<b>CONNECTICUT LATE REPORTS</b>									
State DECEMBER 1974									
	2	A.M.			0	0	5	0	Surf, rain, wind
		Low pressure system intensified rapidly as it moved northeastward off New England Coast. Considerable tidal flooding of coastal facilities occurred when easterly winds of 30 to 50 mph and higher gusts coincided with astronomically high tide. Bridgeport Weather Service Office reported gust to 54 mph and storm rain fall of 2.85 inches. Rainfall generally ranged from 1 1/2 to 2 1/2 inches, heaviest in south coastal areas. Unofficial gusts reached 70 mph along portions of southern Connecticut coast. Tidal flooding backed into mouth of Thames River in New London forcing evacuation of a few homes, flooding streets, parking lots, piers and portions of shipyard. Summer homes flooded in Old Saybrook, Westbrook. Shore areas around Niantic River flooded seriously affecting Oak Grove Beach near Niantic Bay Yacht Club. Some tidal flooding also reported in Fairfield. Numerous power outages from downed trees and limbs plagued many towns with the Connecticut Power and Light Co. reporting 18,940 up to 14 a.m. Wind ripped off part of shopping center roof in Hebron causing ceiling collapse. Stamford Museum's wind tower blown down. Numerous basements flooded and cars stalled in lowland areas.							
<b>DELAWARE CORRECTIONS</b>									
Statewide APRIL 1975									
	3-6				?	6			Wind
		An intense low pressure area moved slowly across the northeastern portion of the nation and, combining with a large ridge of high pressure, brought an extended period of strong sustained winds to the mid-Atlantic region. Sustained winds averaged near 30 m.p.h. with gusts to near 60 m.p.h. causing extensive wind-related damage. Fallen trees caused considerable power line damage. Wind-blown dust created a serious visibility problem over southern portion of state, with drifts of sand 4 inches deep in places. Several traffic accidents attributed to low visibility. Home in Solbyville destroyed in minutes by fire as gale force winds hampered firemen. Numerous wind-related injuries over state.							
<b>FLORIDA LATE REPORTS</b>									
Statewide APRIL 1975									
Sanderson, Baker County	26	8:30PM EST			0	0	4	0	Severe thunderstorm
		Strong winds damaged several farm buildings, uprooted large trees and destroyed one mobile home.

<b>HAWAII</b>									
<b>CORRECTIONS</b>									
Kauai, Oahu and Maui	JANUARY 1975		Island-wide rain caused Waipaho, Hanalei, Waialua and Waikomo Rivers plus smaller drainage systems overflow closing roads and forcing evacuation of several homes. Heavy rain, strong winds and high seas caused numerous debris and landslide problems. Roads, shoulders and sidewalks severely eroded at Hanapepe. Lihue Airport closed to aircraft rest of 31st because of strong cross winds, low visibilities and electric shorts in runway lights. High winds swept 3 small boats against damaging rocks in Nawiliwili Small Boat Harbor. Kapaa Beach damaged. Two homes in Hanapepe Valley and Waimea Valley knocked off foundations by rushing water. Half of roof blown off house in Niimalu. Estimated \$322,000 damage to ditches, roads, irrigation systems, flumes and crops of 5 sugar cane plantations. Corn seed plants in Waimea sustained estimated \$20,000 damages. Total public and private estimated damages \$531,507. Woman slightly injured attempting to save pigs swept away in flooded river in Hanapepe.						
<b>IDAHO</b>									
<b>LATE REPORTS</b>									
Entire State	7-10				2	0	5	0	Wind, Heavy Snow
A series of storms brought high winds and locally heavy snow to all areas. Many schools and some highways were closed at times by blowing and drifting snow. On the 7th, a strong cold front moved into Northern Idaho with winds in excess of 50 m.p.h. and snowfall locally exceeding one foot. Downed trees caused some power outages. Seven trucks and four busses went off the roads between Moscow and Sandpoint. Early on the 8th, winds accompanying the cold front destroyed two dairy barns near Nampa, and near Rupert one house was damaged, some outbuildings destroyed, and a large truck was overturned by wind for a combined loss estimated at \$40,000. On the 9th, very slick roads caused numerous motor traffic accidents in Southern Idaho. One man died of exposure on the I-80 freeway near the Utah border. Early on the 10th, a woman died of exposure at Hagerman, and snow collapsed a large onion storage building at Weiser resulting in estimated damage of \$70,000.									
Southern Idaho	25-27				0	0	4	3	Wind, Heavy Snow
Deep low center moved along southern border of Idaho. Peak winds with gusts estimated at 60 mph toppled some trees and signs and caused brief power disruptions across southern Idaho. The wind overturned one truck and a parked mobile home and unroofed two storage buildings. Heavy snow of 4 to 10 inches occurred in most areas south of the Snake River, and snowdrifts locally exceeded 10 feet in Cassia County. Blowing snow caused widespread road closures and school closures on 25th-26th. Interstate Highway 80N in Cassia and Oneida Counties, and Interstate Highway 15 in Clark County were closed for periods exceeding 24 hours. On the latter highway, 20 motorists were stranded overnight in their automobiles. A few new lambs and calves were lost. Record low temperatures for so late in the season occurred on the 28th, with 29 below zero at Stanley and 6 above zero at Pocatello.									
<b>ILLINOIS</b>									
<b>DELETE</b>									
Ogle county	20	5:35pm	?	?	0	0	0	0	Tornado
A tornado at Kewanee, moving southeast, stayed mostly 50-100 feet above the ground. 88 mph winds were recorded at Kewanee airport. A loud roar was heard as the tornado approached.									
<b>INDIANA</b>									
<b>LATE REPORTS</b>									
Mtn Putnam and NW Hendricks Counties	11	7:30P	?	?	0	0	?	?	3/4 inch hail
Muncie Delaware County	30	4:20P	?	?	0	0	?	?	1 3/4 inch hail
<b>INDIANA (continued)</b>									
<b>CORRECTIONS</b>									
Southern Indiana	22 to 27						5	0	6° 0
Heavy rain which fell on the 22nd and 23rd totaled nearly 4 inches in Southern Indiana and nearly 3 inches in Central Indiana. This resulted in flooding along the White, East Fork of the White, the Embarras, the Wabash at and below Lafayette, and many smaller tributaries. Some precautionary evacuation was required in Noblesville, Ravenswood and Spencer.									
Two young children were drowned when their mother's car was swept off a concrete slab on a country road in Bartholomew County at 2 AM on the 23rd.									
Three inexperienced spelunkers were drowned in Salamander Cave in Monroe County. They entered the cave at 11 AM on the 22nd even after a veteran spelunker advised them not to. The bodies of the young college students were found the next day.									
<b>LOUISIANA</b>									
<b>LATE REPORTS</b>									
Entire State	29-30								
A series of three or more squall lines swept across the State of Louisiana on Tuesday and Wednesday, April 29-30, causing unusually extensive damage to trees, roofs, dozens of trailer homes, power lines, etc. There were three deaths, at least eight injuries requiring hospitalization and over 50 minor injuries. There were dozens of tornadoes and funnels reported. Some of the more notable occurrences are listed as follows:									
Ouachita - Richland Parishes	29	4:47 PM	20	35	0	0	2	3	Tornado
Tornado was watched for about one-half hour from eight miles SW of Monroe to about six miles west of Bayville as it touched down briefly several times. Damage mostly to trees and utility lines.									
Morehouse Parish	29	5:20 PM	1/2	33	0	0	2	2	Tornado
Tornado touched down briefly about 10 miles southeast of Bastrop near Collinston. Damaged large barn and other out-buildings.									
Shreveport-Bossier City	29	8:56 - 9:30 PM			1	0	5	?	Windstorm, hail and lightning
A severe thunderstorm with winds gusting to 70 mph hit the airport and moved across the city with heavy rain and hail up to three inches in diameter. Police reported several possible tornadoes. Billy Ray, 30, was killed when his motorcycle drove into downed power lines. The utility company reported the worst damage to their lines since they had been in operation. One home was burned by lightning-set fire. Many places throughout Caddo-Bossier Parishes were damaged by high winds and hail.									
Beauregard Parish	29	9:30 - 10:00 PM			0	0	5	4	Windstorms and Hail
High winds tore up trees, unroofed houses and turned over mobile homes in Merryville and DeRidder and two miles south of DeRidder. Six minor injuries occurred in Merryville.									
Vernon Parish	29	10:30 PM	15	50	2	8	4	5	Tornado
A tornado smashed through several trailer homes about five miles east of Rosepine, killing Mrs. Lois James and seriously injuring Leonard James. Seven injuries were minor. Approximately 40 million board feet of timber were felled in the Hatchie National Forest.									
Miss Michele Thompson, 12, was killed at Pitkin when a large tree was uprooted, hurled through the air and slammed through the roof of her frame home.									
Sabine - Natchitoches Parishes	29	10:30 PM					4	?	Wind, Rain
Trees and mobile homes were damaged in Many. In Natchitoches, many trees were downed; a garage was picked up, turned around and smashed into some trees and a wall was blown out of a new townhouse. Several house trailers were wrecked.									
Rapides Parish	29	11:30 PM	2	50	0	3	5	5	Tornado
Tornado hit Woodworth and Indian Creek Recreation area, toppling several trailers, destroying about 15 homes and approximately \$75,000 worth of timber in the state forest. Injuries were minor.									
Another storm that may have been a tornado destroyed a concrete barn near Poland in Rapides Parish. It blew debris NE and drove a broken tree through a trailer, bed and floor. A neighbor's house was blown toward the SW. (Time unknown)

<b>MAINE</b>									
<b>LATE REPORTS</b>									
Waterville, Kennebec County	20	5 p.m.						3	Severe thunderstorm
									Severe thunderstorm with high winds and very heavy rain, hail $\frac{1}{2}$ " - $\frac{3}{4}$ " diameter. Streets flooded, trees down causing power outages.
<b>MARYLAND &amp; D.C.</b>									
<b>LATE REPORTS</b>									
Statewide	3-6				4	?	7	?	Windstorm
									Intense low pressure system coupled with large high pressure area produced unusually strong winds over an extended period of time across the mid-Atlantic region. Many injured due to a wide variety of wind-related incidents. Man killed when trailer he was towing overturned onto his auto near Frederick. House in Sykesville "reduced to ashes in minutes" due to wind-fanned flames, killing 3 occupants. Frederick County Airport reported gusts to 100 mph, with damage in Frederick expected to exceed 1 million dollars. Estimated damage in Baltimore area "in the millions". Residents in several localities called storm the worst in memory. In Annapolis and other waterfront sections, the sustained north-west windflow resulted in extremely low tides. Chesapeake Bay reading at Idrithicum was 4.4 feet, the lowest since 1908. Considerable damage statewide due to trees falling on homes and autos, with widespread power outages. 20-story apartment unit evacuated in Prince Georges County when portion of side fading blown loose. Wind damage to roofs and small buildings prevalent.
DISTRICT OF COLUMBIA	3-6				3	?	6		High Winds
									Deep low combined with a large high pressure ridge and caused an extended period of high winds over the metropolitan area. Two men killed when wall blew over onto automobile they occupied. 8-year old girl died when struck by falling tree limb. Dozens reported injured from wind-related incidents. Wind reached peak speed of 66 m.p.h. at Washington National Airport on the 3rd. Fallen trees caused extensive damage to dwellings and power lines. Boats in local waterways damaged when moorings broke, while others were stranded by lowest water levels since 1908. Tides reported 10 to 12 feet below normal on Potomac River.
<b>MASSACHUSETTS</b>									
<b>LATE REPORTS</b>									
State	2	A.M.			0	1	5	0	Surf, rain, wind
									Low pressure system intensified rapidly as it moved northeastward along the Massachusetts Coast. Considerable tidal flooding of coastal facilities occurred when easterly winds of 30 to 50 mph and higher gusts coincided with astronomical high tide. At Logan Airport in Boston, gusts reached 56 mph at 7:53 a.m. and a total of 1.63" rain fell during the storm. Over Cape Cod and the Islands, gusts reached nearly hurricane force. Brandt's Point Coast Guard Station reported winds of 55 and gusts to 70 mph. New Bedford Hurricane Barrier closed at 8:30 a.m. and tide reached 2.8' above normal there. Tides ranged from 2 to 4 feet above normal along the coast. Coastal damage from wave battery which overtopped sea walls in many areas included - flooded cellars, washed out roads, eroded beaches. Towns affected included Revere (60 houses flooded, 25-35 families evacuated) Winthrop, Nahant, Salem (Boston and Maine Railway tunnel flooded with 5' of water), Plum Island (30 homes on north side flooded access road under 1' water), New Bedford, Edgartown (Yacht club floor covered by water) and Westport (much of East Beach eroded). Numerous tree limbs fell on lines interrupting power to 10's of thousands. 45 foot keel grounded off Scituate and 3 rescued. Woman in Gay Head cut by glass from blown-in window.
Boston	25	Day			0	0	0	0	Snow
									Total snowfall of 3.3 at Logan Airport was heaviest Christmas Day fall of record in Boston. Otherwise storm would not have qualified for "Storm Data".
<b>MICHIGAN</b>									
<b>LATE REPORTS</b>									
Auburn, Bay Co.	14	3p.	0.1	120	0	0	0	0	Tornado
									Funnel observed. Scratch marks left in ground. No damage to property.

			APRIL 1975							
East of the Continental Divide	7-9	4 PM to 4 AM			0	0	6	0	Winter Storm (Severe Blizzard)	
			A major storm developed in eastern Montana on April 7 and continued into April 9. Heavy snow, extreme cold and high winds combined caused the death of many (33,000) new-born calves and lambs. Total snowfall during the storm period varied from only 2 inches in the northeast section to as much as 2 feet along the Chinook Belt. Temperatures during the 3-day storm ranged from 5 to 15 degrees with wind speeds approaching 50 miles per hour at times. Travel was disrupted and some slight damage to dwellings from wind and snow loading was reported.							
<b>NEBRASKA LATE REPORTS</b>										
			DECEMBER 1974							
East and Central Nebraska	14	Morning and Afternoon			0	0	4	0	Heavy Snow and Winds	
			Heavy snow ranging from 4 to 11 inches occurred in a band about 90 miles wide beginning in the southwest corner around Imperial and McCook extending to the northeast through Grand Island, Norfolk, Lincoln and Omaha. Lesser amounts of 1 to 3 inches occurred over the remainder of the state except the panhandle where less than an inch generally occurred. The snow was accompanied by lightning and thunder in extreme east. Gusty winds of 30 to 45 m.p.h. caused considerable blowing and drifting snow and poor visibility contributing to numerous minor auto accidents. A few cars were stranded near Aurora. Heaviest snowfall around 11 inches fell in York, Grand Island area. High winds caused ice covered electric transmission lines to break in the Lincoln area.							
			MARCH 1975							
Statewide	16-18	Sunday Afternoon to Tuesday Morning			0	2	5	4	High Winds	
			High winds did considerable damage to power and telephone lines and trees. Structured damage occurred to buildings near Randolph and Columbus. Several automobiles were damaged by falling trees, signs and debris at Scottsbluff, Sidney, Kimball and Grand Island. Business and residential windows and roofs were damaged and yards were strewn with debris over portions of the southern panhandle. Crop damage was slight. Two persons were injured in an auto accident when drivers lost visibility in blowing dust. Winds averaged 52 m.p.h. gusting to around 70 m.p.h. over the panhandle on the 16th diminishing to around 40 m.p.h. on the 17th and 18th still gusting to around 50 m.p.h.							
<b>NEBRASKA (continued)</b>										
			MARCH 1975							
Southeast Polk County	27	4:00 PM CDT	3/4	60	0	0	3	0	Tornado	
			A tornado damaged outbuildings on the Gabel and Logan farms near Shelby. The path was approximately southwest to northeast and about three fourths to one mile in length. A Quonset hut and hog buildings were damaged and fences pulled up.							
Douglas County	27	5:45 to 5:48 PM CDT	1/2	2-4 Hundred	0	4	5	0	Tornado	
			A tornado of about two minutes duration destroyed two houses and damaged about ten others in the Stony Brook residential area of southwest Omaha.							
			It apparently moved at about roof height or 30 to 40 feet above ground for approximately one half mile with brief touchdowns. The path was from 210 degrees. Damage occurred from the 57th to 55th hundred blocks along south 151st street.							
Western Nebraska	27	Tuesday Afternoon to Thursday Afternoon			3	0	0	7	Blizzard	
			The western half of Nebraska was hit by a blizzard with the portion west of North Platte the hardest hit. Snowfall, relatively dry, ranged from traces around Grand Island to 5 to 20 inches over the panhandle, where winds up to 68 m.p.h. caused reported drifts of 10 to 15 feet.							
			Power failures were widespread and some sections of the panhandle were without power up to 20 hours.							
			Considerable damage occurred to the winter wheat crop since the soil was dry and loose and easily eroded. Mature cattle losses were moderate but calf losses were heavy because it was calving season.							
			A snow plow was derailed near Node on the Chicago Northwestern Railroad.							
			Main highways west of North Platte were blocked up to two days and hundreds of cars and passengers were stranded. Many were rescued by snow plow or helicopters. Three deaths were attributed to the storm.							
			APRIL 1975							
Panhandle	7-8	Monday thru Tuesday Afternoon			0	0	0	0	Heavy Snow	
			Six to twelve inches of snow fell Monday thru Tuesday morning. The heaviest snow area was from Bridgeport to Alliance to Chadron. Twelve or more inches of snow fell west of Morrill. There was considerable blowing and drifting snow.							
Lincoln County	7	Afternoon			0	0	3	0	High Winds	
			High winds, gusting to 68 m.p.h., did considerable structural damage in the southeast corner of North Platte.							
Valley County	7	5:30 p.m. CDT			0	0	3	0	High Winds	
			High winds damaged a machine shed south of Elyria.							
Morrill County	7	6 p.m. CDT			0	0	3	0	High Winds	
			High winds damaged a building in Bridgeport. Other minor damage was reported twelve miles northeast of Bridgeport and sixteen miles southwest.							
Garfield County	7	Evening			0	0	3	0	High Winds	
			High winds demolished an equipment storage shed near Burwell.							
Lancaster County	7	Evening			0	0	3	0	High Winds	
			High winds damaged a metal shed near Prairie Home.

Furnas County	28	Morning			0	0	4	0	High Winds	
			High winds hit the Holbrook area damaging structural buildings. Damage was also reported southeast of Arapahoe.							
Holt County	28	Morning			0	0	2	0	High Winds	
			High winds at 60 m.p.h. at O'Neill caused minor damage to electrical and telephone lines and poles. Some tree limbs were down.							
<b>NEW HAMPSHIRE</b>										
<b>LATE REPORTS</b>										
			MAY 1975							
Orford, Grafton County	21	Late Aftn					1	3	Thunderstorm	
			Storm moved from Fairlee, VT, across Lake Morey into Orford, NH. Uprooted and twisted off trees. Resident was quoted that "everything was going around and around." Heavy rain with hail, golf ball size. Power out for nine hours. One man injured, struck by lightning. Further investigation of the event by contacting other eyewitnesses seems to establish that this was probably not a tornado.							
<b>NEW JERSEY</b>										
<b>LATE REPORTS</b>										
			JANUARY 1975							
State	20	a - p			0	0	0	0	Snow	
			The first snowstorm of the season dropped 2 to 4 inches of snowfall across the State.							
			FEBRUARY 1975							
North sections	5	a			0	0	0	0	Snow	
			Three to six inches of snow covered all of the northern counties during the early morning hours. Most schools were closed. Traffic flow was hampered throughout the northern part of the State.							
State	12	5a-1p			0	0	0	0	Snow	
			A storm developed over Virginia and moved northeastward to the east of New Jersey and to the New England coastal area by evening. The extreme southern portion of the State had only rain, but freezing conditions during the evening resulted in very slippery conditions. Two inches of snow fell on the south central sections, 5 to 8 inches in the central portion, and up to 10 inches on the northwest counties.

<b>RHODE ISLAND LATE REPORTS</b>											
State	2	A.M.	DECEMBER 1974		1	2	5	0	Surf, wind, rain		
			Low pressure system intensified rapidly as it moved northeastward off the Rhode Island Coast. Considerable tidal flooding of coastal facilities occurred when easterly winds of 30 to 50 mph and higher gusts coincided with astronomically high tide. Over 1" rain fell generally. Flood tide of 3.9 above normal occurred at Providence, the fourth highest tide of record for an extratropical storm. In Providence, tree limb smashed through pickup truck windshield killing one and injuring another. In Burrillville, a tree limb fell on a convertible slightly injuring the driver. Gusts reported to 80 mph on Block Island and to 73 mph at Westerly State Airport. Fox Point Hurricane Barrier closed for first time during actual tidal flood situation since completed in 1966. Part of motel roof blown off in Narragansett and parking lot and fencing destroyed by wave battery. Tons of rocks strewn over Narragansett Beach. In Newport, 2 to 3 feet of sea water inundated King Park. In Little Compton, a barn collapsed on a man and 60 cows. The man was slightly injured. Town of Jamestown divided temporarily into 3 parts by tidal flooding. Watch Hill isolated by flooding. All over state numerous seaside roads washed out or flooded and numerous downed tree limbs caused power outages. Numerous small boats ripped from moorings along the coast.								
Block Island	8	8 p.			0	0	0	0	Severe thunderstorm		
			Wind gust of 69 mph reported during cold front passage in conjunction with thunderstorm.

<b>TEXAS WESTERN LATE REPORTS</b>											
South Plains and Panhandle	7	AFPM & EVENING	APRIL 1975			1	0	5	4		Hail, Wind ? funnel clouds aloft.
<p>Severe thunderstorms moved through the area from the southwest to the northeast causing considerable property damage and minor crop damage. Winds were generally in the 50 to 75 mph range with 81 mph reported in Dumas in Moore County. Hail was in the 1/4 to 1/2 inch in diameter range with hail to 1 1/2 inches in diameter reported in Big Spring in Howard County. Funnel clouds were reported in Lubbock, Hale, Hookley, Scurry, King and Cottle Counties. Blowing dust in Mulahoe, Bailey County caused a truck to careen out of control killing the driver. Approximately \$200,000 in damage was reported done to a seed house near Levelland in Hookley County. Several mobile homes were destroyed, one while it was being towed on Loop 288 in Lubbock. General roof, power lines and automobile damage was wide spread through the area.</p>											
8 miles east of Andrews, Andrews County	25	6:30P-	?	?	0	0	0	0	0		Hail
Hail to 1" in diameter. Broken windows and minor roof damage.											
10 miles southwest of Lamesa, Dawson County	25	7:15P	?	?	0	0	0	0	0		Hail
Hail, to 1" in diameter fell in open country. No known damage.											
<b>VIRGINIA LATE REPORTS</b>											
Tazewell County, SW portion of state	29-30		MARCH 1975			3	3	?	?		Flooding
<p>Rains totalling over 2 inches resulted in flash flooding of Clinch River, closing roads due to high water or mud slides. "Worst flooding in over 12 years." Man drowned when bridge railing broke. Two other men were killed in separate, flood-related, motor vehicle accidents that also injured three others. 35 families in Richlands and Lanesville areas evacuated as a precautionary measure.</p>											
Danville, Riverdale areas	29-31					?	?				Flooding
<p>Several roads closed, many local business establishments inundated by third flood in two weeks, as Dan River and other streams surged out of their banks. Dan River reached close to 8 feet above flood stage.</p>											
Prince Edward and Cumberland Counties	30					?	?				Flooding
Torrential rains caused flash flooding along Appomattox River basin.											
Drakes Branch	3		APRIL 1975								High Water
Record high water mark reached on Bugge Island following "extremely heavy rains of past few weeks".											
Statewide	3-6					1	?	7	?		Windstorm
<p>Intense low pressure area over northeastern portion of nation combined with large high pressure center, resulting in unusually prolonged high winds over mid-Atlantic region. Power outages were numerous due to fallen trees, with more than 100,000 persons without power. Occupant of mobile home killed when another mobile unit rolled into it. Numerous wind-related injuries. Extensive property damage to roofs, small buildings and automobiles due to wind or falling trees. Some called storm the worst ever witnessed in their locality. Several reports of winds over 60 mph, with gust of 90 mph reported in Allegheny and Bath Counties. In Shenandoah County alone, where sustained winds 45-48 mph were recorded, damage estimate nearly 2 million dollars. Woodland fires in Roanoke and Botetourt Counties were difficult to control due to the high winds. Blowing dust in Suffolk area resulted in several traffic accidents due to reduced visibility. Loss to seafood interests expected to be considerable because of damage to crabbing pots and fish nets. Many boats in Norfolk area damaged when they broke loose from their moorings.</p>											
Norfolk	15										Wind, Rain
63 mph winds caused power outages, tree and property damage. Some beach erosion and minor flooding reported.											
Suffolk area	19-20										Wind
Winds up to 69 mph reported, causing scattered property damage. Several traffic accidents related to poor visibilities due to blowing dust. Power lines damaged by falling trees.											
Grundy vicinity	25	Morning						4			Thunderstorm, and Flooding
Heavy rains caused flash flooding in several communities.											
<b>VIRGINIA (continued)</b>											
Newport News, Hampton, Williamsburg area	25	Afternoon	APRIL 1975								Wind
Winds in excess of 50 mph caused widespread damage.											
Near Downings	25	4:30 p							4		Tornado
Three homes severely damaged by "twisting winds" that lasted about 30 seconds.											
Gloucester and Mathews Counties	25	5 p						8	5		Tornado
Injuries occurred when 3 mobile homes were demolished.											
<b>VIRGIN ISLANDS LATE REPORTS</b>											
MAY 1975 NONE REPORTED											
<b>WYOMING CORRECTIONS</b>
