STORM DATA AND UNUSUAL WEATHER PHENOMENA

AUGUST 1977

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
ALABAMA									
Mobile County	1	12.20p			0	0	0	0	Waterspout
	A waterspout was visible near the eastern end of Dauphin Island. Dauphin Island is located 25 miles south of Mobile.								
Jackson County	8	9.15p			0	0	4	0	Lightning
	Lightning struck a barn near Section and a resulting fire destroyed the building. Section is located 35 miles east of Huntsville.								
Mobile County	14	10.00a			0	0	0	0	Waterspouts
	Four waterspouts were reported near the mouth of Mobile Bay during a 60 minute period.								
Tuscaloosa County	16	4.00p			0	0	3	0	Windstorm
	A strong thunderstorm blew down about 20 trees and destroyed two plate glass windows in the city of Tuscaloosa.								
Mobile County	26	10.05a			0	0	0	0	Waterspout
	A waterspout was reported by the Coast Guard just south of Petit Bois Island. Petit Bois Island is located 40 miles southwest of Mobile.								
Tallapoosa County	26	9.00p			1	0	0	0	Lightning
	A woman was struck and killed by lightning on the porch of her home in Dadeville. Dadeville is 55 miles south of Anniston.								
ALASKA									
Kenai Peninsula	4-22						5		Flooding
	Heavy snowfall during the 1976-77 winter - with record accumulations in the mountains of the Kenai Peninsula - started the 1977 summer out with a record snowpack in the mountains of southern Alaska. August was unusually warm in southern Alaska. Anchorage had a record warm August. Snowmelt was heavy and the Kenai River had record high stages and discharge for the month. The Kenai River at Cooper Landing was above flood stage from June 18 through August 27 and at Soldatna the river was above flood stage from August 4 - 22. Damage to trailers and cabins along the river was done when the river crested in the third week of the month.								
ARIZONA									
Buckeye, Maricopa County	7	6:00 p.			0	0	5	0	Wind
	A violent wind and rain storm hit a crop dusting airport five miles to the east and destroyed one aircraft and heavily damaged another. The hangar roof was partially removed and one mobile home damaged. Total damage estimated at \$85,000.								
Wenden and Salome, Yuma County	7	Night			0	3	5	0	Wind
	High winds hit these neighboring communities and damaged ten mobile homes and ten to fifteen houses. Steel girders at the gymnasium under construction were blown down, as well as billboards and trees. Several mobile homes were completely demolished. One man received head injuries while inside of his mobile home when it was rolled over. Two persons were cut by flying glass. Total damage estimated at \$100,000.								
Tucson, Pima County	11	Evening			0	0	5	0	Wind
	Thunderstorm with winds up to 50 m.p.h. and heavy rain ripped through the southwest side, demolished six mobile homes, damaged other structures and knocked over power lines.								
Yuma, Yuma County	14-15				0	0	6	5	Flooding, Wind
	Tropical storm, Doreen, with its torrential rains of two to seven inches brought extensive flooding to the area. Two bridges were destroyed and twenty-five to thirty miles of roads and streets damaged with total damage put at over \$1,000,000. There was some flooding of houses and businesses. Strong winds did extensive roof damage to a school and power lines. Lightning caused numerous minor fires. Agriculture was also affected, especially cotton, with much acreage under one to two feet of water.								
Bullhead City, Mohave County	16-17				0	0	6	0	Flooding
	Tropical storm, Doreen, with its torrential rains of two to four inches brought severe flash flooding to the city and surrounding area along the Colorado River. The area was devastated between the evening of the 16th and the morning of the 17th. A number of washes became raging torrents. There was severe damage to streets, highways, residences and businesses. Damage to homes and places of business was put at \$250,000. Some streets were gouged out to a depth of three to five feet and resembled small canyons. The hardest hit highway was the junction of 95 and 69 where raging waters tore up one-thousand pound chunks of pavement and tossed them to the side in powerful surges. Several dikes were heavily damaged.								
ARIZONA (continued)									
Camp Verde, Yavapai	23	1-3:00 p.			0	0	5	0	Flooding
	Heavy thunderstorm with intense rainfall of over two inches in forty-five minutes produced flash flooding in the area. Several highway bridges were washed out and highways damaged by wash-outs, rock and mud slides. Several hundred persons were isolated in one section and hundreds of motorists temporarily stranded on I 17 by a mud slide. Many houses were flooded.								
ARKANSAS									
Murfreesboro - Pike County	1	3:15 a.			0	1	3	0	Lightning
	Lightning struck a metal vent leading into a house. A woman inside was slightly injured by falling boards caused by the lightning bolt.								
Stuttgart - Arkansas County	1	6:30 a.			0	0	4	0	Wind and Hail
	Heavy thunderstorms moving east-southeastward produced strong winds and hail up to one inch in diameter. Several buildings sustained major wind damage. Damage estimated at over 40 thousand dollars.								
Magnolia - Columbia County	5	6:10 a.			1	0	4	0	Lightning
	Fire sparked by lightning destroyed a home and killed a 19 year old man inside.								
Gravel Ridge - Pulaski County	10	1:35 p.			0	0	0	0	Hail
	Thunderstorms moving through the area produced one-half to three-quarter inch hail. No damage was reported.								
Mountain Home - Baxter County	16	1:20 p.			0	0	4	0	Wind
	Thunderstorms moving eastward through the county produced winds clocked up to 90 miles an hour. Several buildings in town sustained damage.								
CALIFORNIA									
NORTHERN & CENTRAL			NONE REPORTED						
CALIFORNIA SOUTHERN									
Imperial County (Borrego Springs and Salton Sea Area)	17						6	7	
	Tropical Storm Doreen dumped 4.5 inches of rain within several hours. Flooded 300 homes, started fires, eroded and undermined streets and highways, temporarily contaminated drinking water, caused utility outages and broke the Imperial Irrigation Districts 3,100 miles network of canals and ditches in numerous places. Caused 9 million in crop damages and 4 million in property damage.								
Inyo County	17	4.25PDT							
	Heavy rain caused flash flooding along sections of HWAY 395 from Lone Pine to Inyo County line.								
	17	Evening							
	Route 127 in Death Valley from Nevada State Line to San Bernardino County Line was closed due to high water.								
COLORADO									
Lamar (Prowers County)	04	1808			0	0	?	?	Wind, rain
	Wind measured 60 to 70 MPH with heavy rain and small hail.								
Kelim (Weld County)	05	1010			0	0	0	0	Funnel cloud
	Funnel came within 500 feet of ground; lasted about 5 minutes.								
Eastern Larimer and Weld Counties	07	1700-1900			0	0	3	?	Wind
	Minor damage to farm buildings. Wind gust measured to 52 MPH at Fort Collins.								
Loveland (Larimer County)	08	1330			0	0	0	0	Funnel cloud
	Funnel cloud formed 2 miles southwest of Loveland, lasted about 5 minutes, moved rapidly eastward; descended from cloud base 2500 feet to 1000 feet above ground.								
Northeast Pueblo County	08	1700	0.2	50	0	0	3	4	Tornado
	Tornado wiped out a sorghum crop on farm.								
Northeast Pueblo County	08	1700			0	0	3	5	Hail
	Several crops were destroyed as hail accumulated up to 7 inches deep. Windows on north side of one house were broken out. One farmer said it was the worst storm he had seen in 60 years.								

STORM DATA AND UNUSUAL WEATHER PHENOMENA

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
COLORADO (continued)									
Douglas and Elbert Counties	10	Evening			0	0	4	3	Flooding
									Heavy rains spread mud, water and debris over Highway 85 near Sedalia and the highway was closed for 2 hours from Sedalia to Chatfield Dam south of Denver. Two small bridges were washed out. One truck was swept off the road and down a creek, but the driver was rescued on a small island.
Northern El Paso County	10	1430	1.0	60	0	0	?	?	Tornado
									Tornado sighted on the ground by town Marshall 5 miles northwest of Peyton, moving northeastward.
Parker (Douglas County)	10	1430			0	0	0	0	Funnel clouds
									Several funnel clouds observed in vicinity of Parker.
Evans (Weld County)	12	1700			0	0	3	?	Wind
									Wind destroyed a large chicken barn 4 miles southeast of Evans.
Bennett (Adams County)	14	1445	1.0	.60	0	0	0	?	Tornado
									One of three tornadoes sighted together.
Bennett (Adams County)	14	1445	1.0	60	0	0	0	?	Tornado
									Accompanied the preceding tornado 4 miles north of Bennett.
Bennett	14	1445	1.0	60	0	1	5	?	Tornado
									Tornado followed the 2 preceding tornadoes. A man suffered a broken leg when hit by a flying board. He was outside his camper-home, which was destroyed. All windows were broken out in a nearby farmhouse with some shingles ripped off and a 2-car garage knocked down. Several vehicles were damaged; a cat, some rabbits and chickens were killed. A broken oar from a boat was driven into side of house. A mobile home was overturned as occupants took refuge in a home 50 yards away. One old barn was destroyed. Some damage was done to half a dozen homes and several agricultural buildings just west of Highway 79.
Colorado Springs	14	1627			0	0	5	?	Hail
									Hail to 1-1/2 inch in diameter damaged aircraft at airport.
Colorado Springs	14	1400			0	5	0	0	Lightning
									Lightning struck one football player and stunned at least 4 others. All survived.
Rio Blanco (Delta County)	17	Evening			0	0	3	3	Flash flood
									Irrigation pipeline filled with mud and fields damaged with 4 acres of hay lost. 50 acres of alfalfa damaged near Austin.
Colona (Montrose County)	18	1700-1800			0	0	0	5	Flooding
									300 acres of land damaged and 10 acres of hay lost to flooding.
Pueblo and Otero Counties)	18	1800-2200			0	0	3	3	Rain and wind
									Numerous trees damaged by wind; crops damaged by wind and rain, with wind gust 60 MPH at Pueblo. Underpasses near LaJunta were filled with water, causing traffic stoppages.
Wray (Yuma County)	19	1915	0.1	20	0	0	?	?	Tornado
									Reported by public to Highway Patrol.
Denver	23	1700-1900			0	0	4	0	Lightning
									Lightning damaged at least 6 homes in Aurora, east of Denver.
Greeley (Weld County)	30	1515			0	0	3	0	Wind gust
									Brief windstorm, with some trees damaged, and wind gust to 68 MPH at University of Northern Colorado.
CONNECTICUT									
Longmeadow	1	4 PM			0	0	4	0	Lightning
									Lightning caused severe damage to a home and its contents.
Bridgeport Norwich	5	5 PM			0	0	3	0	Lightning, wind
									Lightning struck a barn and burned its stored hay in Norwich. Bridgeport National Weather Service reported wind gusts to 69 MPH, 1/4 inch hail and several lightning hits on power equipment.
Prospect	5	5 PM			0	0	4	0	Lightning
									Lightning hit a shopping center causing extensive damage to several stores.
Thomaston Waterbury Wolcott	5	5 PM			0	0	4	0	Lightning
									Described as very severe, the lightning display touched down upon 5 homes, several power lines and trees.
Middleton	5	6 PM			0	0	0	?	Hail
									80,000 bushels of fruit were pulverized by hail and must be used for byproduct sales.
CONNECTICUT (continued)									
Trumbull	14	3 AM			0	0	4	0	Lightning
									A large fire resulted from an early morning lightning strike.
Westport	17				0	0	4	0	Lightning
									A home was nearly totally destroyed by lightning.
Westerly	30	2:40 PM			0	1	0	0	Lightning
									A man was hit on the head by lightning as he spoke on the telephone.
DELAWARE									
Yorklyn, New Castle County	10	5:30 p	1	25	0	0	3	0	Tornado
									Apparent small tornado, moving NW to SE, caused to house and property in addition to uprooting a 50-foot walnut tree. No damage was done to home next door. Funnel was not seen, but witness reported sound like a locomotive as storm passed over.
Bridgeville (3W), Sussex County	31	Evening			0	0	3	0	Wind, Rain, Lightning
									Strong thunderstorm wind blew roof off implement shed and section of barn wall, with rain flooding stable area. Lightning also caused damage to stereo set inside home.
FLORIDA									
Duval County	1	10AM to 10:30 AM EST			0	0	0	0	Waterspouts
									Two waterspouts were reported 15 miles east of Mayport.
Brevard County	1	Afternoon 1/10	20	0	0	0	3	0	Tornado-waterspout severe thunderstorms.
									A tornado-waterspout touched down briefly north of Mims then moved eastward across the Indian River. The funnel, observed by hundreds of residents, occurred in connection with widespread thunderstorm activity over northern Brevard County for the second consecutive day. The tornado-waterspout touched down briefly at the Oakwood Trailer Park on U.S. 1 uprooting several large trees, damaging several trailers, blowing off awnings and destroying a few fences before moving eastward over the water. Gusty winds also were reported in Titusville along with nearly 3 inches of rain which caused local street flooding. No injuries were reported.
Hillsborough County	4	Midnight to 1:00AM EST			0	0	5	0	Lightning
									Lightning struck the St. Andrew United Presbyterian Church in Sun City Center, a retirement community east of Ruskin, causing a fire with damage estimated at more than \$100,000. According to the fire inspector, lightning struck the 5-year-old church in two places, probably between midnight and 1AM EST. Most of the damage was to the roof and to the interior, although the exterior was also burned. The sanctuary was a shambles, as evidenced by burned walls, ceiling, chairs, pulpit, piano and organ. There were no injuries.
Duval County	4	2:45PM EST			0	0	0	0	Funnel aloft.
									A funnel cloud aloft moving northward at about 25 mph was reported by the public in the vicinity of Maxville. There were also reports of small hail and heavy rain in the area.
Okaloosa County	4	6:08PM CST			0	0	0	0	Waterspout
									A waterspout moving northward at 16 mph was reported 2 miles south of Destin by the County Sheriff's Office.
Marion County	4	Unknown			0	1	0	0	Lightning
									A 13-year-old girl was injured by a lightning strike while using the telephone in her home 5 1/2 miles north of Eureka. The Sheriff's Department reported that a bolt of lightning struck a telephone line and traveled through the receiver into the girl's body.
Pinellas County	6	4:00PM EST			0	0	0	0	Funnel aloft.
									A funnel cloud aloft was observed near Seminole.
Gulf County	8	11:00AM EST			0	0	0	0	Waterspout
									A waterspout over St. Joseph Bay was reported by the County Sheriff near Blacks Island and Port St. Joe.
Monroe County	8	11:40AM EST			0	0	0	0	Waterspout
									A waterspout was sighted 3 miles south of Key West.
Pasco County	8	12:30PM EST			0	0	0	0	Hail/heavy rain
									Hailstones one inch in diameter were reported in Anclote during a thunderstorm, and 4.50 inches of rainfall was measured between 12:30PM and 2:00PM EST. No damage was reported.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
FLORIDA (continued)									
Safety Harbor, Pinellas County	9	2:30PM EST			0	0	0	0	Wind
		A wind gust estimated at 70 mph was reported during a thunderstorm. No damage or injuries were reported.							
Bradford County	10	2:27PM EST	1	15	0	0	4	0	Tornado
		A tornado touched down 6 to 8 miles northwest of Starke. The tornado, moving northward at 15 mph, blew down some trees, damaged chicken houses and broke a few windows. No deaths or injuries were reported.							
Pinellas County	10	Afternoon			0	1	4	0	Lightning/severe thunderstorms
		A 16-year-old boy was struck by lightning at the Tarpon Lake Village Golf Course in Tarpon Springs while running for cover during a severe thunderstorm. A bolt of lightning struck the golf umbrella he was holding, entered his right hand and passed through his body. The umbrella ended up in shreds, and the boy's golf shoes were completely ripped apart. The victim received second degree burns on both feet, some burns on his neck and torso, and six stitches were required in his right hand. Doctors stated that the boy's pulse rate increased to 200 beats per minute and that an older person might not have been able to stand such a strain on the heart. The victim's 17-year-old brother, present at the time, was not injured.							
		Severe thunderstorms also occurred in Dunedin and Clearwater accompanied by strong gusty winds and heavy rains. Numerous trees were uprooted and power lines blown down. Several cars and house roofs were damaged by fallen trees. A number of windows in homes and businesses were shattered by flying branches.							
Broward County	10	7:00PM EST			0	0	0	0	Funnel aloft.
		A funnel cloud aloft was reported 4 miles north of Ft. Lauderdale.							
Bradenton, Manatee County	11	3:30PM EST			0	0	0	0	Severe thunderstorm.
		A wind gust estimated at 80 mph was reported during a severe thunderstorm, and 2.50 inches of rain fell between 3:10 PM and 4:00PM EST. No damage or injuries were reported.							
Monroe County	11	5:12PM EST			0	0	0	0	Waterspout
		A large waterspout was observed about 2 miles south of the Key West International Airport.							
Bradenton, Manatee County	12	2:00PM EST			0	0	0	0	Wind
		A wind gust estimated at 70 mph was reported during a thunderstorm. No damage was reported.							
Floral City, Citrus County	12	3:35PM EST			0	0	0	0	Hail
		Hailstones one inch in diameter were reported during a thunderstorm. No damage was reported.							
Marion County	12	5:30PM EST			0	0	0	0	Hail
		Hailstones 1/4 inches in diameter were reported 9 miles west of Ocala during a thunderstorm. No damage was reported.							
Sarasota County	12	Afternoon			0	1	0	0	Lightning
		A Sarasota man was struck by lightning during a thunderstorm while standing near the First National Bank on Bypass 41. He was not seriously injured.							
Gulf County	13	10:30AM EST			0	0	0	0	Waterspout
		A waterspout was sighted one-half mile south of St. Joe Beach.							
Oldsmar, Pinellas County	16	4:00PM EST			0	0	0	0	Wind
		A wind gust estimated at 65 mph was reported during a thunderstorm. No damage was reported.							
Bay County	18	8:29AM EST			0	0	0	0	Waterspout
		A waterspout was reported 10 miles south of Panama City.							
Leesburg, Lake County	18	Late Afternoon	2/10	15	0	0	3	0	Tornado
		A small tornado reportedly dipped down briefly at two locations several blocks apart causing minor damage. The first point was at James and Stinson Streets, and the second point was several blocks northwest at Olivet Street and Hispan Avenue. Minor roof and porch damage was reported, and a number of trees and power lines were downed. The Fire Department reported wind gusts to 50 mph. An aluminum tool shed was ripped from its foundation and blown about 100 yards away. There were no injuries.							
FLORIDA (continued)									
Okaloosa County	20	11:30AM CST			0	5	0	0	Lightning/severe thunderstorms
		Five men were struck by lightning at the Fort Walton Beach Fairgrounds during a thunderstorm. One of the men was umpiring a baseball game, and the others were observing the game at the time lightning struck. Their injuries were not serious. Widespread severe thunderstorm activity and heavy rains occurred around the county with more than 5 inches of rain reported in some sections during the day. More than 3 inches of rain fell in Fort Walton Beach during a span of 1 1/2 hours causing severe local street flooding.							
Hernando County	22	3:15PM EST			0	0	0	0	Funnel aloft.
		A funnel cloud aloft was reported by the public along the Bay going north from Arripeka.							
Palm Beach County	23	4:00PM EST			0	0	0	0	Funnel aloft.
		A funnel cloud aloft was observed for about 15 or 20 minutes by numerous residents west of Jupiter in the area of Indiantown Road. The funnel cloud moved in a northeasterly direction and dissipated without touching the ground.							
Okaloosa County	24	1:50PM CST			0	0	0	0	Waterspout
		A waterspout was reported off Holiday Isle near Destin.							
Franklin County	25	9:25AM EST			0	0	0	0	Waterspouts
		Two large waterspouts were reported offshore from Turkey Point.							
Franklin County	25	5:20PM EST			0	0	0	0	Waterspout
		A waterspout was reported about 4 miles northwest of Apalachicola.							
Franklin County	26	11:20AM EST			0	0	0	0	Wind
		A wind gust to 64 mph was reported about 10 miles east-northeast of Apalachicola during a thunderstorm. No damage or injuries were reported.							
Santa Rosa County	28	6:35PM CST			0	0	0	0	Funnel aloft
		A funnel cloud aloft moving northwestward was reported by Civil Defense just northeast of Milton.							
Highlands County	29	1:00PM EST			0	0	4	0	Lightning
		A single bolt of lightning killed 21 milk cows at Bishop Brothers Dairy near Lorida during a violent thunderstorm. The cows were killed instantly when lightning struck a barbed wire fence near where they were standing in a pasture. Two men in the pasture at the time reported that they heard a "dull thud" and looked up to see the cows dead. The cows were valued at nearly \$15,000.							
Monroe County	29	5:07PM EST			0	0	0	0	Waterspouts
		Three waterspouts were observed 8 miles northwest of Key West.							
GEORGIA									
Locust Grove	2	2:00 pm	1	100	0	1	3	0	Tornado
		A tornado moved through the edge of a trailer park. One mobile home was lifted off the ground, cleared small trees, and was deposited upside-down in a nearby lake. A 7 month pregnant woman was slightly injured in it.							
Statesboro	3	10 am - 12 noon			0	0	0	4	Flooding
		A flash flood struck the business district, with 4-6 inches of rain in less than 2 hours.							
Nashville	4	3:00 pm			0	0	3	0	Wind
		High winds from a thunderstorm blew several large oak trees onto an equipment shelter, and some limbs partially damaged a house.							
Lake Lanier	7	7:00 pm			1	3	0	0	Lightning
		Lightning killed a woman riding in a boat operated by her husband on the lake. The other 3 passengers were treated for burns and electrical shock.							
HAWAII									
									NONE REPORTED

					KILLED	INJURED	PROPERTY	CROPS	KILLED	INJURED	PROPERTY	CROPS	
IDAHO													
Bonner and Boundary Counties	3	Afternoon			0	0	4	0					Lightning
													Lightning ignited an estimated 45 small forest fires in the Sandpoint, Priest Lake, and Bonners Ferry areas. The fires were mostly under 5 acres in size.
Gooding and Twin Falls Counties	5	6:00 p			0	0	4	0					Wind
													Strong winds during thunderstorms broke and blew down numerous trees mainly in Gooding. The main damage was to utility lines. Building damage was minor. In Murtaugh, Twin Falls County, a pickup truck was crushed by a fallen tree.
Montpelier Area, Bear Lake County	7	Early Morning			0	0	4	0					Lightning
													A direct hit by lightning on a high voltage line coming from the Jim Bridger plant in Wyoming cut off power for a few hours to over 68,000 customers all across southern Idaho.
Gooding, Jerome, and Lincoln Counties	7	Afternoon			0	0	4	0					Wind
													Strong winds blew down numerous trees damaging utilities, small buildings, and some homes in a two-mile wide and 14-mile long path across central Lincoln County. Small buildings were damaged and trees blown down damaging power lines at Wendell, Gooding County. A pickup truck was damaged by fallen trees at Jerome.
Bonner, Boundary, and Idaho Counties	13-21				0	0	5	0					Lightning
													A number of forest fires all under 10 acres were started by lightning in Bonner and Boundary Counties. A 200-acre, lightning caused fire along the Salmon River about 12 miles upstream from Riggins, Idaho County, required about 200 men on the ground; about 30 smoke jumpers; and air tankers to put it out. The Cotter Bar and Wilson Creek fires near Grangeville, Idaho County, burned nearly 6,200 acres and required about 1000 firefighters.
Bonneville County	21	Evening			0	0	3	0					Wind, lightning
													Strong winds damaged power lines and lightning burned out transformers at scattered locations.
Crystal Area, Power County	22	Afternoon			0	0	4	5					Flash Flood, Hail
													A flash flood on Rattlesnake Creek wreaked havoc on several farms wiping out grain fields, summer fallow, fences, bridges, and roadways. Huge boulders and uprooted trees were deposited on fields. The creek rose about 6 feet over its usual depth. On one farm, 157 acres of barley were destroyed by hail which fell for about 20 minutes.
Daniels Area, Oneida County	22	2:30 p			0	0	4	5					Flash Flood, Hail
													A flash flood on the headwaters of the Little Malad River and a hail storm hit 10,000 to 15,000 acres of farmland washing out fences, fields, and roads. It was described as a record for this area. Winter wheat, irrigated barley, spring wheat, and hay were beaten down, washed over, and left filled with debris. One farmer reported hailstones as big as the end of his thumb. Another reported his once flat land is now rolling hills and big bumps of soil filled with noxious weeds. The creek channel, 25 feet deep in some spots, was overflowing. The storm travelled east to west covering about 5 to 6 miles between the old and new Daniels Reservoir.
Inkom Area, Bannock County	24	Afternoon			0	0	3	0					Flash Flood
													A wall of water rushed down Rapid Creek after heavy rains upstream. At least one home and many basements were flooded. Food and storage items were destroyed. A service station owner reported there was about a five minute notice before the water arrived. Thick, black silt and debris covered lawns, gardens, porches, and clogged sewer drains.
ILLINOIS													
Northeastern													
Whiteside County	4	Early Morning			2	2	6	0					Lightning, Thunderstorm, Wind
													Violent thunderstorms knocked out power to thousands of residents in northeastern Illinois. On Chicago's South Side, lightning touched off an explosion that killed 2 men and seriously injured 2 others as the resulting fire swept the grain elevator in which they were working.
3 miles N of Waverly, Sangamon County-Horgan County	6	about 3:30pm	.8	350	0	0	0	?					Hail
													Hailstones of 1 inch in diameter were reported.
Maxwell, Sangamon County	6	about 3:35pm	.8	10	0	0	0	?					Tornado
													Occurred entirely in fields, about 4 miles northeast of Waverly. Moved towards the ENE.
3 miles SSW of Loami, Sangamon County	6	about 3:36pm-3:38pm	1.3	350	0	0	0	?					Tornado
													Occurred entirely in fields. Moved towards the SE.
ILLINOIS (continued)													
3 miles SSE of Loami, Sangamon County	6	about 3:36pm-3:41pm	3.3	350	0	0	?	?					Tornado
													Developed over the south fork of Lick Creek. Passed through fields over most of its path, but brushed 2 farms. Moved towards the ENE.
Auburn-Lowder Area, Sangamon County	6	about 3:30pm-3:40pm	7.7	60	0	0	0	?					Tornado
													Affected an area between 1 mile SW of Lowder and just NW of Auburn, mostly in fields. The funnel skirted farms without doing property damage. Moved towards the NE.
Glenwood Park Subdivision, 2 miles ESE of Chatham, Sangamon County	6	about 3:45pm-3:55pm	4.6	100	0	0	6	5					Tornado
													A tornado caused extensive damage to homes in the Glenwood Park subdivision and to farms 2 miles south and 2 miles east of Chatham. Along a clearly defined track. This track began in corn and soybean fields south of Chatham and ended at the northeast corner of the Glenwood Park subdivision at the edge of Lake Springfield. About 40 homes were destroyed or severely damaged. Moved towards the NE.
2 miles W of Beamington, Sangamon County	6	about 3:50pm	.6	50	0	0	0	?					Tornado
													Occurred entirely in fields. Moved towards the NNE. Passed close to the Ball School.
1 1/2 miles W of Beamington, Sangamon County	6	about 3:51pm	.2	15	0	0	0	?					Tornado
													Occurred entirely in fields. Moved towards the SSE.
2 1/2 miles WSW of Buckhart, Sangamon County	6	about 4:10pm-4:15pm	4.0	90	0	0	?	?					Tornado
													Caused heavy damage to a farm about 1 mile W of Buckhart. Moved towards the ENE.
Thayer, Sangamon County	6	about 3:38pm-3:45pm	6.9	35	0	0	4	?					Tornado
													Began at Thayer, where a mobile home was damaged. Moved towards the NE.
1 1/2 miles NE of Cimic, Sangamon County	6	about 3:47pm-3:55pm	4.8	150	0	0	?	?					Tornado
													Occurred in the Brush Creek area, beginning about 1 1/2 miles NE of Cimic. Damaged 1 farm extensively. Moved towards the NE.
1 mile SW of New City, Sangamon County	6	about 3:57pm-4:00pm	2.2	50	0	0	5	?					Tornado
													Damaged several farm buildings. Moved towards the NE.
1/2 mile NE of Breckenridge, Sangamon County-Christian County	6	about 4:00pm-4:05pm	2.8	40	0	0	?	?					Tornado
													Occurred mostly in fields. Appeared to end 1/2 mile south of Roby, but the Roby church roof was damaged, apparently by downdraft winds. Moved towards the NE.
Divernon, Sangamon County	6	about 3:25pm-3:40pm	8.0	60	0	0	?	?					Tornado
													Began about 2 miles ESE of Thayer. Moved through Divernon while a fair was in progress, but only minor damage occurred. Most damage was to cornfields. Moved towards the NE.
3 miles SE of New City, Christian County	6	about 3:55pm-3:57pm	1.1	15	0	0	0	?					Tornado
													Touched down in the vicinity of Lake Kincaid. Entire path was over fields. Moved towards the ENE.
2 1/2 miles SSW of Divernon, Sangamon County	6	about 3:37pm-3:40pm	1.0	50	0	0	0	?					Tornado
													The north "Twin" of the tornado listed immediately below. Occurred entirely in fields. Moved towards the E.
2 1/2 miles SSW of Divernon, Sangamon County	6	about 3:35pm-3:40pm	1.9	25	0	0	0	?					Tornado
													The south "Twin" of the tornado listed immediately above. Occurred entirely in fields, beside the north "Twin". Moved towards the ENE.
2 1/2 miles SW of Paines, Sangamon County-Christian County	6	about 3:45pm-3:52pm	6.5	30	0	0	?	?					Tornado
													Occurred mainly in fields. Moved towards the ENE.
2 1/2 miles S of Beamington, Sangamon County	6	about 3:53pm	0.2	10	0	0	0	?					Tornado
													Path of this tornado was just south of the tornado which originated 1 1/2 miles NE of Cimic, about 1 mile from its end. Occurred entirely in fields. The configuration of the swath marks in the cornfields conclusively confirmed the clockwise rotation. Moved towards the N.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

AUGUST 1977

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
ILLINOIS (continued)									
Morgan, Sangamon, Logan, Dewitt, Christian Counties	6	2:30pm - about 4:30pm			0	0	?	?	Wind, Thunderstorm
Winds as high as 58 knots affected portions of central Illinois, downing numerous trees and power lines, flattening barns and severely damaging several homes. About 3,000 acres of crops were knocked down by the strong winds. During the severe thunderstorms, 2 aircraft made forced landing due to the severe turbulence caused by the winds near the ground. One of the aircraft landed in a cornfield near Gianarm, Sangamon County and flipped over on its back. It was damaged substantially, but no injuries were reported. The other aircraft landed on U.S. Highway 36 near Jacksonville, Morgan County, with no damage or injuries. The large swath of destruction extended from near Murzaville, southwestern Morgan County, across southern Sangamon County and into northern Christian County and southwestern Macon County. The roof of the Roby Community Church, at Roby, Christian County, crashed to the floor, giving that building heavy damage. Four camping trailers were damaged at the Safari Campground, east of Catham, Sangamon County, near Interstate 55.									
Calhoun, Greene, Jersey, Madison, St. Clair Counties	7	Night			0	0	?	?	Wind, Thunderstorm
Winds gusting to as high as 65 knots during thunderstorms caused widespread outages of power. The turbulent winds snapped tree limbs and power lines over a wide area.									
Southwestern Washington County	8	Afternoon			0	0	?	?	Hail
Hail of golf-ball size and larger was reported over a small portion of southwestern Washington County. The north windows of St. Anthony's church in Lively Grove were broken. Much of the damage from hail was observed in an area south of Elktion and west of Oakdale. Broken windows, dented and chipped shingles and shutters, plastic siding, and damaged carport awnings were observed. At least 1 car was reported to be badly dented by the hailstones. Crop damage was substantial, as the hail stripped leaves off plants.									
Northern Monroe County Western St. Clair County	9	about 3:00pm			0	0	?	?	Hail
Large hail fell over a small zone of southwestern Illinois. Hailstones 1 inch in diameter were seen at Columbia, Monroe County and also in the Hillstact area of St. Clair County.									
St. Clair, Clinton, Washington Counties	10	about 7:00am			0	0	5	0	Wind, Lightning
An early morning storm knocked out power, downed tree limbs and caused several small house fires as lightning and wind combined to bring destruction to southwestern Illinois. Numerous reports were received of large tree branches crashing into roofs of homes.									
Champaign and Vermilion Counties	11	Late Morning and Early Afternoon			0	0	5	?	Wind, Hail
A brief but violent storm hit portions of Champaign and Vermilion Counties shortly after 10:30am. Winds gusting to about 50 knots were observed. Hailstones as large as 3/4 inches in diameter were observed in a west to east track across central Champaign County to Oakwood, Muncie and New Town in central Vermilion County, causing crop damage of unknown extent. The high winds brought a tree crashing down onto a mobile home at the Lincoln Park in north Urbana. The Carter Lumber Company storage building in Bondville, Champaign County, was a complete loss when it was ripped by the gusty winds. Numerous tree limbs and power lines were downed, bringing electrical outages to various communities in the 2-county area. In the vicinity of Oakwood, just west of Danville in Vermilion County, most of the wind damage was recorded. On one farm, at about 11:30am, a garage, barn, machine shed and mobile home were destroyed. In the same vicinity, trees were uprooted, windows blown out of homes and sheds pushed over.									
Macon and Shelby Counties	20	about 2:00pm			0	0	?	6	Hail, Heavy Rain
Heavy rains hit the 2-county area during a thunderstorm. Decatur reported about 3 inches between 2pm and 2:30pm. The downpour was accompanied by 1/2 inch diameter hail which stripped leaves from trees, clogging drains in urban areas and resulting in about \$1,000,000 damage to crops in Shelby and Macon Counties. About 13,000 acres of farmland was involved. The area most affected by the hail ran along Illinois highway 121 from Heman to Warrensburg to Beardsdale to Decatur in a swath about 7 miles long and about 3 miles wide, and in Shelby County along a line from Moweaqua to Findlay.									
ILLINOIS (continued)									
Eastern Shelby County, Western Cumberland County, Southwestern Coles County	21	12:00 noon - 12:45pm	28	75	6	56	6	6	Tornado
The tornado first touched down about 2 miles west of Windsor, in Shelby County, and moved towards the southeast, passing near Sexson, crossed the southwest portion of Lake Mattoon, then to just south of Toledo, Cumberland County, and finally lifted off the ground about 2 miles west-southwest of Greenup in the vicinity of Interstate highway 70. The path of the tornado was about 28 miles long and varied from 50 to 100 yards wide. The damaging winds from the storm extended outward about 1/4 mile on each side of the track. The tornado occurred in heavy rain and so was visible only from a short distance away. At Lake Mattoon, a resort area, the tornado struck the Erwin subdivision and the Pahl Trailer Court, where 6 people were killed and 56 persons injured. Between 45 and 50 mobile homes were destroyed or severely damaged and about 6 houses were damaged. Four of the houses were severely damaged, 3 of these because mobile homes were blown into them. Of the 6 persons killed, 3 were known to have been in mobile homes when the tornado struck. The other 3 were found in ditches and fields and their initial whereabouts were unknown. Nearly all of the injuries were to persons occupying mobile homes. Damage outside of the Lake Mattoon area was relatively minor.									
Jasper, Crawford, Lawrence, Wabash Counties	21	Afternoon			0	0	?	?	Hail
High winds and hail cut a swath of damage across 4 counties in southwestern Illinois. The effects of the storm began in Yale, northeastern Jasper County and extended southeast through Bellair and Flat Rock. Trees and tree limbs were down, bringing electrical outages to several communities. Crop damage was widespread, but no estimates of the extent were available. Many reports of broken windows, shingles ripped off and sheds and garages damaged were received. Hail as large as golf-ball size was seen in many parts of the 4-county area.									
Williamson, Southwestern Franklin Counties	21-22	9:30pm - 2:00am			0	0	5	?	Wind
A thunderstorm with high winds hit southwestern Franklin County and most of Williamson County at night on the 21st and early in the morning of the 22nd, knocking out electrical power, breaking windows, downing trees, causing damage at an airport and structural damage to homes and farms. On a farm just south of Marlon, on Golf Course Road, Williamson County, a steel pole barn and an attached shed were blown down and the farm house roof was also damaged. In Herrin, at least 2 cars were set afire by downed power lines. Also in the same city, a construction trailer was blown over and several sheds were destroyed. At the Williamson County Airport several aircraft were damaged by the high winds. One small airplane received major damage as the wings were crumpled.									
Gurnee, Lake County	28	Afternoon			1	4	0	0	Wind
A woman was killed and 4 persons injured when high winds blew over a tree onto a crowd celebrating "Gurnee Day" festivities. The crowd had gathered at a downtown bandshell to hear a concert at Viking Park.									
Mercer County	31	about 4:00pm			0	1	0	0	Lightning
A woman received first degree burns to the left side of the face. She was hospitalized for her injuries. Lightning struck the telephone line near her home as she was making a call, and traveled along the line into the house.

STORM DATA AND UNUSUAL WEATHER PHENOMENA

AUGUST 1977

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS		ESTIMATED DAMAGE		CHARACTER OF STORM
					KILLED	INJURED	PROPERTY	CROPS	
INDIANA									
Parke County	6-7		--	--	0	0	6°	C	Heavy Rain
									Locally heavy rains of 6 - 8" in a 24-hour period occurred over west central Indiana. Unofficially two bridges were destroyed along with 10 bridge approaches. There was some crop damage. Also, a couple of cows were lost. Total damage estimated at \$750,000.
Spencer Owen County	8	5:30AM	--	--	0	0	4°	C	Funnel Cloud Hail, Wind
									A severe thunderstorm moved through central Owen County uprooting trees and downing power lines. Wind, heavy rain and hail damaged the corn crop all around Gosport. A funnel cloud was sighted by the public moving on a northeasterly direction north of Spencer to the Gosport area. A mobile home just north of Gosport was moved some four feet off its foundation causing \$2,000 damage. No major damage was reported to other structures.
Danville Hendricks County	11	2:55PM	--	--	0	0	0	0	Funnel Cloud
									Two funnel clouds were observed by the public just south of Danville.
Lebanon Boone County	11	3:05 - 3:30PM	--	--	0	0	4°	C	Hail, Lightning
									Lightning struck a barn just south of Lebanon. Golf ball-size hail fell in a one mile wide swath from Dover to Lebanon, causing damage to cornfields.
Vincennes Knox County	11	3:30PM	--	--	0	0	3°	C	Wind
									Police reported that a severe thunderstorm uprooted several trees and destroyed a garage roof.
Southwest Indiana	21	2:00 - 5:00PM	--	--	0	0	?	?	Hail, Wind
									Very strong thunderstorms pounded extreme southwest Indiana with damaging winds and hail up to golf ball size. Most of the damage was done to crops. Exact dollar value of damage is unknown.
Evansville Vanderburgh	23	4:45PM							Funnel Cloud
									Funnel clouds were indicated by radar two miles north of New Harmony at 3:25 PM and two miles northwest of Evansville at 4:43 PM. A funnel cloud was also sighted by state police in the vicinity of Evansville at 4:45 PM.
IOWA									
SEE END OF TABLE									
KANSAS									
Thomas County	1	6:30 p			0	0	5	5	Hail, Wind
									Thunderstorms moving southeast across the county produced hail and wind gusts to 60 mph. Heaviest damage was in and near Colby with hail to 1-3/4 inches in diameter accumulated to 3 inches in depth on the ground. Damage was to homes, mobile homes, automobiles, and utility lines. Heavy crop damage was at scattered points in the county.
Rush County	1	9:15 p							Funnel Cloud
									A funnel cloud was observed for a short time 8 miles north of LaCrosse.
Smith, Mitchell, Cloud, Ottawa, Clay, and Geary Counties	4	1:00-3:00a					6	4	Wind, Heavy Rain, Lightning
									Thunderstorms developed over Smith County and moved southeast across the named counties to northern Geary County. Winds estimated to over 80 mph and heavy rain accompanied the thunderstorms. Damage was to homes, trees, and utility lines with heavy damage at Glasco, Clay Center, Smith Center, and Junction City. Two airplanes were damaged at the Clay Center Airport. Wind gusts to 92 mph were recorded at Milford Reserv. Lightening caused damage to church steeples and a few fires in Junction City. Crop damage was minor.
Sedgwick County	4	3:00 a					5	0	Lightning
									Lightning associated with thunderstorms moving southeast through the county struck numerous buildings, trees, and utility lines. Six buildings in Wichita were damaged by lightning caused fires.
Greeley and Wichita Counties	5	3:45 - 6:00p					6	6	Hail
									Hail 1-3/4 to 2-3/4 inches in diameter fell at Tribune southeastward through southwest Wichita County, causing extensive damage to homes, automobiles, and crops.
KANSAS (continued)									
Kearny County	5	6:50 p							Funnel Cloud
									A funnel cloud was observed for a short time 20 miles northwest of Lakin, moving southeast.
Hamilton County	5	7:40 p	**17	15	0	0	0	0	Tornado
									Funnel cloud, moving southeast, touched down briefly about 6 miles northeast of Syracuse.
Stevens County	5	9:35 p	**17	15	0	0	0	0	Tornado
									Funnel cloud moving northeast touched down briefly 5 miles southwest of Moscow.
Lincoln	5	10:30 p - midnight			0	0	6	4	Hail, Wind, Heavy Rain
									Thunderstorms moving eastward through the county produced winds to 75 mph, hail to 1-3/4 inches diameter, and up to 4 inches of rain. Extensive damage to roofs, siding, windows, trees, utility poles and lines, farm buildings and machinery. Crop damage was minor.
Coffey County	14	2:30 - 3:50p					4	4	Wind, Hail
									Strong thunderstorms moved south-southeast through the county with strong gusty winds and local hail. A few hailstones to 2 inches in diameter were reported west of New Stream. Wind damage was reported south of Burlington and at LeRoy. Damage was to roofs, trees, and utility lines.
Lyon County	21	2:30 p					3	0	Hail
									A thunderstorm moving southeast produced local hail with a few hailstones to 1-1/2 inches diameter south of Emporia. No significant damage was reported.
Decatur and Sheridan Counties	22	3:00 p					4	5	Hail
									Thunderstorms moving southeast through these counties produced local hail of 3/4 to 1-3/4 inches in diameter. Damage was reported 2 miles east of Pratt and 8 miles north of Studley. Windows and roofs were damaged and there was considerable damage to corn.
South Central thru Northeast	31	7:00 a - midnight			0	1	5	5	Heavy Rain, Flash Flooding, Lightning, Hail
									General heavy rains of 1-1/2 to over 3 inches and locally over 5 inches fell along a 100 mile wide band from southwest Kingman County to Alta Vista to the northeast corner of the state. Substantial surface runoff accompanied the heavier rain centers causing basement flooding and damage to roads and bridges, especially in the southern sections of Salina where 6.26 inches of rain occurred in the Hilton vicinity where 5.26 inches fell. Some small stream flash flooding also occurred. Lightning caused several house and outbuilding fires throughout the area and local hail was reported up to the size of golf balls in the south part of Salina. Other heavy rains included Wetmore 4.50 inches, Willard 4.50 inches, and Topeka 4.06 inches. One injury caused by lightning.
SPECIAL HAIL SUMMARY									
Hail loss clearing house reports indicate hail was especially severe on the following dates, and in the following counties:									
									1 Thomas
									5 Finney, Haskell
									9 Edwards
									10 Wallace, Wichita
									22 Clay
KENTUCKY									
Laurel County	7	3 pm EDT						4	High Winds
									High winds associated with a severe thunderstorm overturned a mobile home near London.
Jefferson County	8	4:15 pm EDT					8	5	SVR TSTM
									Winds estimated at 70 to 80 mph caused considerable damage to positions of Louisville. The GE Plant had the roof blow off one of their buildings and the damage was estimated at \$250,000 to merchandise. Hundreds of trees were knocked down and 3500 homes were without power.
Boyle County	10	3:45 pm EDT					4	3	SVR TSTM
									High winds uprooted many trees and damaged barns and homes near Danville.
Estill County	3	2:30 pm EST	3	30	0	0	4		Tornado
									A tornado touched down at Cow Creek destroying one mobile home, damaging another mobile home and 2 cars. Items from the first home were found 3 miles to the east.

KENTUCKY (continued)													
Daviess, Ohio, Hancock and Grayson Counties	21	Eve						5	6				SVR TSTM
A large thunderstorm containing golf-ball sized hail and high winds caused considerable damage over 4 counties. Thousands of acres of beans, corn, and tobacco were ruined. Flooding, power outages, and damaged farm buildings were also reported.													
Daviess, Henderson, McLean & Ohio Counties	23	Eve						5	5				SVR TSTM
Winds of gusts to 60mph and hail the size of golf balls were associated with a severe tstm that moved thru 4 counties of Kentucky. Fifty to 100 farm dwellings and buildings were damaged and tobacco, corn, and soy bean acreage was extensively damaged.													
Nelson County	24	3 am EDT						4					TSTM
A heavy thunderstorm caused "the city's worst flood in the past 88 years" in Bardstow. Four inches of rain in 90 minutes caused water to rise into many homes. A new pickup truck and camper and one car were swept away by the flash flood.													
LOUISIANA													
Evangeline Parish	1	3:30 PM						0	0	2	0		Windstorm
High winds blew trees across road 10 miles west of Ville Platte.													
Lafayette Parish	2	3:48 PM						0	0	0	0		Funnel
Pilot reported funnel cloud 15 miles south of Lafayette.													
Jefferson Parish	2	6:52 PM						0	0	0	0		Hail Aloft
Golf ball size hail reported at 6500 feet over Moisant Airport.													
Orleans Parish	9	6:15-6:23 AM						0	0	0	0		Waterspout
Large waterspout in Lake Catherine													
	9	7:15 AM						0	0	0	0		Waterspout
Small waterspout in east portion of Lake Pontchartrain.													
Vermilion Parish	9	8:21 AM						0	0	0	0		Waterspout
Waterspout observed moving north over Vermilion Bay.													
Orleans Parish	10	5:33 AM						0	0	0	0		Waterspout
Spout in eastern Lake Pontchartrain													
Jefferson Parish	11	4:00 PM						0	1	0	0		Lightning
Aviation worker at Moisant Airport was struck and knocked to the ground by lightning bolt during thunderstorm.													
Jefferson Parish	13	10:00 AM						0	0	0	0		Funnel Cloud
Funnel Cloud observed over Lake Salvador south of New Orleans Forecast Office.													
St. Bernard Parish	13	12:32 PM						0	0	0	0		Waterspout
FAA personnel watched large waterspout over Lake Borgne.													
St. Bernard Parish	14	9:45 AM						0	0	0	0		Waterspout
Waterspout over Lake Borgne.													
Orleans Parish	19	1:20 PM						0	0	0	0		Waterspout
Spout in eastern Lake Pontchartrain.													
Orleans Parish	20	3:00 PM						0	0	0	0		Waterspouts
Several waterspouts in Lake Pontchartrain during the past hour.													
Calcasieu Parish	23	Morning						0	0	5	0		Heavy Rain
Rains in excess of five inches caused urban flooding of about 100 homes in east central portions of Lake Charles.													
Jefferson Parish	23	8:40 AM						0	0	0	0		Waterspout
Coast Guard spotted waterspout in Barataria Bay. Thunderstorm was moving east.													
Iberia Parish	25	12:10 PM						0	0	0	0		Funnel
Public reported funnel cloud about one mile north of Acadiana Regional Airport at New Iberia.													
LOUISIANA (continued)													
Orleans Parish	25	2:50 PM						0	0	0	0		Waterspout
Spout was reported near the south shore of Lake Pontchartrain.													
West Carroll Parish	26	2:00 PM						0	0	0	0		Funnel Cloud
Public reported funnel about 15 miles southwest of Oak Grove. No traces could be found on ground.													
St. James Parish	27	Afternoon						0	0	6	0		Lightning
A million-gallon naphtha storage tank burned spectacularly all afternoon at St. James after a lightning bolt ruptured the tank. Two people were injured fighting the blaze.													
Southern Coastal Sections	30												Hurricane ANITA
Although Hurricane ANITA remained well offshore south of Louisiana, there was some minor flooding from tides that ran two to four feet MSL along the southern coast.													
About 9,000 people evacuated from vulnerable locations in lower portions of Cameron and Houquemes Parishes and from Grand Isle as a precautionary measure. Over 1,000 workers were also evacuated from oil rig platforms in the Gulf off the Louisiana Coast.													
MAINE													
Southern	1	2 p.m.						0	0	3	0		Severe Thunderstorm
A line of thunderstorms passed through southern Maine with severest activity over Sebago and Bangor Lakes areas. One-half to three-quarter inch hail with tree limbs down near Raymond. Building blown down at Casco. Half-inch hail near Lewiston. High winds, heavy rain at Madison. Lightning strikes at many places.													
Presque Isle, Aroostook County	5	Aftn						0	0	4	0		Thunderstorm
Heavy thunderstorms left 2-3" of rain in 90 minutes. This resulted in flooding of homes, washed out roads and flooded streets.													
Sargentville, Hancock County	14	9:30 pm	0.3	2	0	0	4	0	0	0	0		Tornado
Heavy thunderstorm with a funnel touched down near Oakland House summer resort, uprooted and twisted off large oak trees. Resident described, "Terrific rattling and rearing sound and building felt as if it was lifting." PFP 1 - 2													
MARYLAND & D.C.													
Washington, D.C. area And Montgomery and Prince Georges County	1	1:30 p-3:30 p						0	0	2	0		Wind, Rain, Lightning
Some 10,000 power company customers affected by outages as service was disrupted due to fallen trees or lightning strikes. Minor flooding of streets in some sections, with up to two inches of rain reported.													
Talbot County	1	3:00 p-4:00 p						0	0	3	0		Lightning
Three transformers valued at a total of \$1,600 were destroyed in St. Michaels-Church Neck area by what was called severe lightning. Several roads in the Bozman-Tilghman areas were temporarily closed due to up to three inches of rain in less than an hour. One oddity: near Cordova lightning struck outdoors basketball hoop, splitting the supporting pole.													
Elkton (4S), Cecil County	17	1:15 p	1/4	80	0	0	2	0	0	0	0		Tornado
Small tornado moves west to east, cutting a swath through a wooded area comprising approximately 6 acres of woodland and brush. Slight damage to one residence. A loud roaring sound heard and one person reported seeing a funnel cloud in the vicinity.													
Cecil County	17	Afternoon						0	0	3	0		Wind, Lightning
Several light posts on Chesapeake City Bridge bent at right angles by wind. Cars in vicinity of bridge also received damage when some scaffold planks blew onto them. In Elkton, Civil Defence office had \$1,500 damage to communications console when lightning entered via the antenna.													
Crisfield, Somerset County	17	Afternoon						0	0	3	0		Lightning
Lightning struck house roof antenna, shredding it. It then burned out electrical circuit, melted fuse box and burned out television set. Lightning also apparently followed water pipe and ripped a portion of it open, flooding yard. Neighbors reported seeing some "balls of fire" in yard.

					KILLED	INJURED	PROPERTY	CROPS	
MARYLAND & D.C. (continued)									
Severna Park, Anne Arundel County	20	2:00 p	1/2	30	0	0	0	0	Whirlwind
					A small, but vigorous, whirlwind started many witnesses as it developed on a parking lot at Hatton Memorial Beach. It lifted an aluminum boat at least 100 feet up into the air and then went about 200 feet offshore. After moving parallel to the shore, it then entered a wooded area and dissipated. Weather at the time was sunny with near calm winds and air temperature near 80 degrees.				
Cecil County	22	2:30 a			0	0	4	0	Lightning
					Lightning associated with early morning thunderstorm struck a small transformer building near Charlestown. The resulting fire destroyed the roof of the building, along with the transformer. Damage was estimated at between \$10,000 and \$15,000.				
Baltimore Metropolitan Area	30	3:00 p-4:00 p			0	0	4	0	Wind, Rain, Lightning
					Intense thunderstorm knocked out power lines, caused one major fire, flooded dozens of city blocks and tore chunks out of building cornices. Fallen trees and light posts also damaged some automobiles.				
MASSACHUSETTS									
Colrain Falmouth Lenoxdale Hedford Pittsfield Springfield Sunderland Turner's Falls Hampshire County	1	After-noon			1	0	4	0	Lightning
					A line of thunderstorms produced lightning that struck a 2 family house in Lenox Dale. A television was reduced to rubble and spread a fire throughout the second floor. The house in Pittsfield was only slightly damaged. About 5 strikes occurred in Hedford where minor damage resulted. A young man was killed as lightning struck him as he stood in a barn hayloft doorway. In Sunderland a large barn was destroyed and in Turner's Falls the high school was hit and sustained minor damage. About 10 lightning strikes occurred in Hampshire County. In Falmouth two houses were struck.				
Western portions	5	After-noon			0	0	3	0	Lightning, wind
					Lightning struck a house causing minor damage and Windsor Locks recorded gusts to 58 MPH.				
Beverly Salem Westfield	5	After-noon			0	0	4	0	Lightning
					Lightning caused a house fire in Peabody and a barn fire in Beverly. In Westfield a house caught fire as lightning jumped from a large pine to a house.				
Bourne New Bedford	17	After-noon			0	0	4	0	Lightning
					6 houses were struck in Bourne and one in New Bedford.				
West Varmouth	22	2:05	.05	15	0	2	4	0	Tornado
					A small but very rare Cape Cod tornado touched down for about 5 to 10 seconds. It destroyed a large sign then hit an art gallery and tossed paintings in to the Parker River. It picked up the building with two girls inside then slammed it back down; the girls were pinned in the rubble but not seriously injured. The tornado was spawned by some very large thunderstorms which passed over the Cape.				
Barnstable North Eastham West Wareham	22	3 PM			0	0	4	0	Lightning
					A house was hit in each town. Three fires resulted.				
MICHIGAN									
2 SE Mt. Clemens Macomb County	3	3:30 P							Funnel Cloud
					Sighted over Selfridge ANGB moving out over Lake St. Clair.				
Tawas Iosco County	3	7:20 P			0	0	0	C	Hail
					1/2 to 3/4 inch Hail reported at the Tawas Coast Guard Station.				
An area East of Newberry, Cadillac, Grand Rapids & Hillsdale	4,5				0	0	5	C	Thunderstorms
					Strong Winds and Lightning cut off power to 14,000 homes and businesses. Trees fell through the roof of a home in Tawas City and a garage in West Branch. Two homes sustained fire damage from lightning in Adrian and heavy rains flooded basements in Cadillac. Scattered tree damage occurred throughout the area with Madison Heights, Cadillac and Midland hardest hit. The tornadoes and lightning reports listed below are part of these storms.				
MICHIGAN (continued)									
Onaway Presque Isle County	4	Evening			1	0		C	Lightning
					A man struck in his backyard while feeding his dogs.				
3 Miles N of Whittemore to 3 NNE of National City Iosco County	5	4:30 P	4.5	70	0	0	4	C	Tornado
					Tornado touched down North of the intersection of Hwy 65 and 55 and moved East/Northeast along Carpenter Road, destroying a mobile home and moving a home off its foundation. It also took the roof off a barn and did damage to the doors and windows of another home. Corn and Oat fields along the path sustained heavy damage.				
6 SE Sault Ste. Marie Chippewa County to 8 NNW Hamstead	5	4:35 P	3	170	0	0	4		Tornado - Waterspout
					Tornado touched down just West of Nicolet Road and moved southeast damaging two garages and destroying a barn and doing minor roof damage to two cabins. It then moved over Lake Nicolet where a ship reported 60 MPH winds and lifted over Sugar Island after damaging some sheds and trees there.				
3 North of Marion Osceola County	8	7:30A	1.5	35	0	0	3		Tornado
					Tornado touched down on a farm destroying a barn and tearing limbs from trees. It then moved East/Northeast across Michigan Hwy 66 tipping over a travel trailer before lifting in a field east of the Highway.				
1.5 NNE Frankfort Benzie County	17	3:30 P							Waterspout
					Sighted over Crystal Lake.				
1.5 South of Newberry Luce County	22	4:23 P	1.5	60	0	0	4	C	Tornado
					Tornado touched down near the Pentland Township Water Tower and moved Southeast damaging two garages and taking the shingles and TV antennas off several houses. It also uprooted 15 trees and 10 apple trees in an apple orchard before lifted just West of Hwy. M28A.				
Lansing Ingham County	29	1A			0	0	5		Lightning
					Lightning struck the roof of a large fuel storage building. The fire that followed did 250,000 dollars in damage.				
1 E Hale Iosco County	31	5:30 P	3	100	0	0	4	C	Tornado
					Tornado touched down near the intersection of Emond and Towerline Roads and moved Northeast damaging or destroying two garages, one travel trailer and several outbuildings. Heavy tree damage occurred all along the path.				
Owosso Shiawassee County	31	Evening			0	1			Lightning
					Lightning struck a man living on Pasadena Drive.				
MINNESOTA									
Grand Meadow - Ostrander Area Eastern Mower County	2	2:30PM	6	*2	0	0	4	5	Hail
					3/4 inch hail, pounding rain, and wind caused severe damage to soybean and corn crops. Ground accumulation an inch or more and up to a foot deep near buildings. Soybeans hardest hit with crops almost a total loss. Corn literally "husked" by driving hailstones. Minor property damage to roofs and vehicles.				
Mora Area Kanabec County	2	6:30PM	3	*1 1/2	0	0	4	4	Hail
					Hail up to golf-ball size accompanied by torrents of rain damaged corn crops over a small area. Considered most severe hailstorm this area in past decade. Hail still evident in ditches and lawns 14-hours after storm. Streets and yards littered with leaves and branches. Some damage to roofs and vehicles.				
Pipestone Pipestone County	4	5:00AM	-	-	0	0	4	0	Wind
					Wind in excess of 50 mph destroyed two utility sheds at Hiawatha Estates.				
Cottonwood Area Lyon County	9	2:00PM	-	-	0	0	0	4	Hail
					Golf-ball size hail devastated corn and soybean fields. Leaves shredded and torn from corn leaving stalks and ears standing bare. In some soybean fields only thin shoots protruded from ground.

MINNESOTA (continued)											
Rosen-Bellingham Area Northern Lac Qui Parle County	9	3:30PM	8	*4	0	0	0	5			Hail
											Hail to 3/4 inch caused extensive damage to corn, soybeans, and small grain. Hail lasting 15 to 20 minutes reported five to six inches deep. Only corn ears left on stalks. Bean fields had only vines remaining. Several farms completely hailed out.
Darfur-Sveadahl Area Watowan County	9	4:55PM	7	70	0	0	5	5			TORNADO
											Tornado moving northwest to southeast uprooted trees, damaged farm buildings, destroyed some farm equipment, and flattened many crops. Twister alternated from a ground path of a few hundred feet to the cloud before skipping back to earth for several times in 14-minute duration. Extensive damage to corn cribs, hay racks, grain bins, and other farm equipment. Heavy combines and corn pickers moved about. Six farms involved with much of monetary loss in five miles of leveled crops. Extensive telephone and electrical outages due fallen trees and downed power lines.
Mankato Vicinity Blue Earth County	15	4:40PM	-	-	0	0	4	0			Lightning
											Well ripped apart by lightning strike. Current surged into kitchen through plumbing, damaging electrical equipment and knocking out phone service. Cement well cover blasted apart by bolt struck two cars and trailer 90 feet from well, broke two windows in another trailer and blew door off nearby shed.
Near Campbell Milkin County	26	5:30PM	-	-	0	0	4	4			Wind
											Winds of 60 mph or more with hail and three inches of rain caused considerable crop and roof damage.
Ottertail County Wadena County Southern Cass County Crow Wing County											
S. Fergus Falls IE Wadena Near Pillager North Long Lake	26	5:35PM	18	8	0	10	6	5			TORNADO
	26	6:45PM	5	*1/2	0	0	5	5			
	26	6:50PM	30	400	0	1	5	5			
	26	7:29PM	1	*1/4	0	12	6	5			
											Tornado leaves path of destruction skipping some 85 miles through Central Minnesota. One storm came from northwest of Fergus Falls while the other came from southwest. Tornado moved northeastward in a narrow path 18 miles long. Considerable damage over much of Ottertail County with strong winds and few unconfirmed sightings of funnel clouds. The tornado next cut a short path one mile east of Wadena destroying town hall, houses, barns, corncribs, trailer home, and damaged large trucks. Two small farms near Pillager were all but destroyed as tornado skipped northeastward. Only one injury reported with considerable damage to trees and crops. The resort area of Long Lake, NNW of Brainerd, was next to receive the wrath of the storm. Resort owners, campers, trailers, boats and motors received most damage, but also County-wide with trees and power poles down. Resort owners along north shore Long Lake estimated a million dollars damage. The possibility of a second tornado in Northern Crow Wing County is unconfirmed. Wind damage was extensive to roofs, trees, and crops. A broken arm, head and neck injuries were the two most serious... is unbelievable no one was killed.
3N Perham Ottertail County	27	1:30PM	-	-	0	0	4	0			Lightning
											Little Pine Lake cottage and contents totally destroyed by fire from lightning strike.
3S Moose Lake Pine County	27	9:45PM	-	-	0	0	4	0			Lightning
											Lake home and contents, including valuable antiques, totally destroyed by lightning strike fire.
10NW Minneapolis Hennepin County	30	6:45PM	-	-	0	0	4	0			Wind
											Wind exceeding 60 mph ripped 8x52 foot strip off residence roof exposing upstairs rooms to torrents of rain. Heavy damage to interior and household furnishings.
MINNESOTA (continued)											
Minneapolis/St. Paul Metropolitan Area Hennepin & Ramsey Counties	30	8:20PM	-	-	0	0	6	0			Heavy Rain
											Severe street, underpass, and basement flooding resulted from near-record rainfall August 30th and early August 31st in a period of four (4) hours in the Minneapolis/St. Paul Metropolitan Area. Three small areas received in excess of seven (7) inches - they were the south shore of Lake Minnetonka; Richfield; South Minneapolis; North Bloomington; Mendota Heights; and St. Paul and finally Afton; Lakeland, and St. Croix Beach. Early damage reports from Hennepin County where the 6-7 inch amounts were recorded, indicate 15 homes sustained extensive damage, 365 homes and 8 businesses received partial damage. The rain, which fell between 8:20 PM August 30th and 12:20 AM August 31st, broke five rainfall intensity records. The 24-hour amount of 7.36 inches ranked second in history and computes to be a once in 200-year event.

MISSISSIPPI (continued)									
Coldwater, Tate County	15	2:30 PM			0	0	0	0	Tornado
									A tornado was sighted by the Coldwater Police near the Coldwater Airport as it touched down briefly in a wooded area. No damage was reported.
MISSOURI									
Ray County	4	11am-2pm	?	?	0	0	4	0	Lightning
									A two-story house in Hardin was extensively damaged by fire started by lightning. A bolt of lightning struck the Woodson School, knocking out an entire window, including the frame, and breaking the glass in nine other windows of the building.
Boone, Macon, Marion, Monroe, Randolph, and Shelby Counties	7	5-7pm	?	?	0	0	4	4	Severe Thunderstorm
									An area of strong thunderstorms moved southeastward over northeast Missouri late in the afternoon. Strong winds downed power lines, trees, and tree limbs, and blew out windows. Lightning caused power outages and struck a barn on a farm west of Philadelphia causing a fire which totally destroyed the barn and its contents. Golfball-size hail broke windows and dented siding, mobile homes, and cars. The Centralia Country Club's golf greens were heavily damaged by the hail. Many acres of soy beans and corn were destroyed.
Atchison County	8	9-10am	?	?	0	0	3	0	Wind
									Strong winds in a thunderstorm struck the towns of Fairfax and Rock Port downing trees, tree limbs, and power lines. A three-inch thick concrete slab, nine by ten feet was blown off the top of the elevator shaft at the Pleasant View Rest Home in Rock Port. Windows in two rooms on the home's southwest corner were blown in causing the ceilings of the rooms to fall in. Extensive damage was done to a doublewide trailer in Rock Port when its roof was blown off. The awning at the Rock Port Country Club, made of tin and lumber, was blown off, and windows on one side of a van belonging to the Rock Port Telephone Company blew in and were shattered.
North Platte County	8	6-8pm	?	?	0	0	3	3	Hail
									Golfball-size hail caused much damage to crops in the Dearborn area. Tobacco was the crop hardest hit. In some fields, the leaves were entirely stripped off, and some stalks were actually cut at the ground. Several people reported dented cars as a result of the hail.
St. Louis County	9	2:30-4:30 PM	?	?	0	0	3	0	Wind
									Strong wind in a thunderstorm downed numerous trees and power lines and broke some windows throughout the county. The roof of one business in Overland was damaged, and the sign of another business in the same area was blown down.
Christian County	16	6:20pm	1/2	200	0	0	3	3	Tornado
									A mini tornado touched down in a timber area on the Jim Smith farm 2 1/2 miles southwest of Clever, uprooting nearly all the trees in its path and destroying one out-building. It then traveled northeast through a cornfield and dissipated 2 miles west of Clever.
MONTANA									
									NONE REPORTED
NEBRASKA									
Lincoln County	1	4:35 PM			0	0	0	0	Funnel
									Funnel observed 3 miles north of North Platte.
Phelps County	3	12:15 AM			0	0	5	0	Lightning
									Lightning struck a barn north of Bertrand.
Scottsbluff County	3	5:16 PM			0	0	3	4	Damaging Winds, and Hail
									Gusty winds to 70 m.p.h. and half inch hail broke windows, damaged crops and trees 20 miles west of Scottsbluff.
Box Butte County	3	5:30 PM to 6:35 PM			0	0	4	5	Hail
									One and a half inch to two and three-quarters inch hail damaged windows, roofs, corn, millet, and beans 7 to 10 miles southwest of Alliance and 4 miles south of Hemingford.
Thayer County	3	9:30 PM			0	0	3	5	Damaging Winds and Hail
									One and three-quarter inch hail and strong winds damaged trees and crops in the Davenport area.
NEBRASKA (continued)									
Lincoln County	3	9:30 PM			0	0	5	5	Damaging Winds and Hail
									Strong gusty winds and hail damaged irrigation systems, windows, crops and trees in the Wallace area.
Clay County	3	10:30 PM			0	0	3	5	Damaging Winds and Hail
									One inch hail and 50 to 60 m.p.h. winds damaged crops, trees and windows in Edgar.
Thayer County	3-4	Late Evening to Early Morning			0	0	5	0	Tornado
									A tornado touched down 3 miles north and 3 and 3/4 miles west of Chester, destroying a large barn, double garage, a corn crib, and moved a stock tank a eighth of a mile. Crops surrounding the buildings were not damaged.
Clay and Thayer Counties	3-4	Late Evening to Early Morning			0	0	5	6	Damaging Winds and Hail
									Strong winds and hail up to an inch and a half damaged a 30 mile long strip and 9 miles wide from the northwest of Harvard diagonally towards Davenport. In the Davenport area trees and power lines damaged along with 2 grain bins.
Morrill County	7	3 PM	Short	Narrow	0	0	0	0	Tornado
									A tornado touched down briefly doing no damage 8 to 10 miles southwest of Bridgeport.
Cheyenne County	7	4-5 PM	Short	Narrow	0	0	0	3	Tornado and Hail
									A funnel cloud sighted just north of Dalton dipped down once stirring up dirt in an open field. One and a half inch hail also fell in Dalton from this storm.
Harlan, Franklin and Kearney Counties	8	4:30 AM -5:30 AM			0	0	5	5	Damaging Winds
									Strong gusty winds 70 to 10 m.p.h. moved eastward as a line causing considerable damage to buildings and crops. Several travel trailers were rolled over. The Hildreth, Wilcox, Upland, Alma and Orleans areas reported the most damage.
Dawes County	8	6:26 AM			0	0	4	0	Damaging Winds
									Winds gusting to 81 m.p.h. occurred in the Chadron area damaging trees and roofs.
Gage, Johnson, and Nemaha Counties	8	8:30 AM -9:45 AM			0	0	4	6	Damaging Winds
									A line of strong winds up to 75 m.p.h. moved eastward causing considerable damage to trees, farm buildings, homes and grain bins in the Beatrice, Tecumseh, Auburn, and Peru areas.
Dawes County	8	9:45 PM -10:15 PM			0	0	4	0	Damaging Winds and Hail
									Hail up to 1 inch and winds gusting to 61 m.p.h. damaged roofs, trees and windows in the Chadron area.
Cherry County	8	10:40 PM			0	0	4	0	Damaging Winds
									Strong gusty winds damaged roofs and trees in the Merriman area.
Keith County	8	10:46 PM			0	0	4	0	Damaging Winds
									Winds up to 60 m.p.h. were observed at Lake McCouaughy.
Boyd County	9	12:15 AM -1:15 AM			0	0	5	6	Damaging Winds
									Strong winds 85 to 100 m.p.h. moved across the county damaging crops, windows, doors, chimneys, trees, signs and roofs. A greenhouse was totally destroyed. Residents reported it as the worst windstorm ever seen due to the fact that the wind blew so long.
Saunders County	9	12:50 AM			0	0	0	0	Funnel
									A funnel was sighted 5 miles northwest of Ashland.

Hancock County	5	430 A			0	0	4	0	Lightning
									A thundershower passed through Allen Township with lightning strikes igniting 3 fires doing considerable damage.
Tuscarawas County	8	130 A			1	2	3	0	Lightning
									Lightning struck 3 men who were out hunting frogs killing a 30-year old man and injuring the other two men. Lightning strikes also ignited 3 small fires in the county.
Lucas County	10	7A			1	0	1	0	Lightning
									A 44-year old Toledo man was struck and killed by lightning while playing golf.
Columbus Area	11	630 P			0	1	4	0	Heavy rain, high winds
									A thunderstorm with winds to 80 mph and heavy rains damaged buildings, caused urban flooding and downed a number of trees and utility poles. A tree fell on a parked car in Rhodes Park injuring a 24-year old woman inside.
Toledo Area	16	455 P			0	0	5	0	Funnel Cloud Aloft and high winds
									A thunderstorm passed through Toledo with strong winds doing damage to buildings and trees. The Toledo Police Department reported a funnel cloud aloft in West Toledo.
Clermont & Brown Counties	21	4 P			0	0	6	C	Hail, Heavy rain, high winds
									A thunderstorm moved through southeast Clermont and southern Brown counties. High winds in the storm damaged buildings and downed trees. Heavy rains caused urban flooding. Hail as large as golf ball size damaged a number of buildings and destroyed over \$1 million in crops. Hail piled up 3 to 5 inches deep during the storm.
OKLAHOMA									
Near Holdenville, Hughes County	2	4:15 p.			1	1	2	0	Lightning, wind
									A Holdenville man was killed by lightning while fishing alone at a farm pond approximately 3 miles east of Holdenville. The man had taken shelter from the strong winds and rain under a large tree when lightning struck the tree and then apparently jumped to the man. A woman in a mobile home was slightly injured when the porch of the mobile home was flipped over.
Goodwell area, Texas County	2	5:30 p.			0	0	3	4	Hail, wind
									Hail up to 1 1/2 inches in diameter caused crop damage in the Goodwell area. High winds accompanying the hail damaged a wooden shop building and downed power lines.
OKLAHOMA (continued)									
Near Oakwood, Dewey County	2	5:30 p.	8	?	0	0	2	0	Tornado
									An apparent tornado uprooted a large number of trees in a strip 2 miles long and another strip 2 miles between the ground tracks. The beginning of the damage track is approximately 4 miles southeast of Oakwood and is orientated from NW toward SE.
Gage, Ellis County	2	6:30 p.			0	0	0	0	Wind
									A wind gust of 50 knots was measured at the Gage Flight Service Station during a thunderstorm. No damage or injuries were reported.
Near Seminole, Seminole County	10	5:00 p.			0	1	3	0	Wind
									A 70-year-old woman was slightly injured when strong thunderstorm winds overturned the small portable tin building in which she lived.
Flower Hill area, LeFlore County	13	4:30 p.-6:30 p.			0	0	4	0	Hail, wind
									Hail up to 1 1/2 inches in diameter caused property damage. The hailstones were driven by strong winds which blew down several trees. Lightning strikes damaged electrical equipment. Four and a half inches of rain was recorded in a 45-minute period.
Tulsa, Tulsa County	16	5:00 p.			0	4	2	0	Lightning
									Four men were mildly injured when lightning struck a concrete truck with which they were working. The driver in the cab was uninjured. All four men near the truck were knocked to the ground. The man holding the cement chute was the only one to receive burn marks.
Moore, Cleveland County	16	6:00 p.			0	0	5	0	Wind
									Strong thunderstorm winds caused considerable damage along Broadway Avenue from NW 18th to NW 27th. Six businesses sustained major roof damage and two others were damaged. Fifteen to 20 residential homes sustained minor damage, mainly to roofs.
Beaver County	19	12:00 a.-6:00 a.			0	0	5	0	Flash Flood
									Heavy rains measured unofficially at 3 to 8 inches fell on the night of the 18th and caused flash flooding in districts 1 and 2 of the county. Four bridges were washed out in district 2. Several bridge approaches and road sections in both districts were extensively damaged.
Duke-Martha areas, Jackson County	19	2:00a.-7:30 a.			0	0	5	0	Flash Flood
									Unofficial rainfall measurements of 4 to 7 inches in the area NE of Duke caused considerable flooding in the Martha community. Approximately a dozen homes were flooded to a depth of 1 foot of water. County roads and bridges in the Duke-Martha area were heavily damaged.
Near Vance AFB, Garfield County	23	1:45 a.			0	0	0	0	Hail
									Hail up to 3/4 inch in diameter fell west of Vance Air Force Base. No damage was reported.
Near Enid, Garfield County	23	1:50 a.	1	50	0	0	4	0	Tornado
									A small tornado caused light property damage in the residential housing area of Petty Acres, a short distance west of Enid. Two homes, a boat and a car were damaged. A barn was unroofed. Three storage sheds and one camper were destroyed.
Near Pond Creek, Grant County	23	8:30 p.							Funnel Cloud
									Three to 4 miles west of Pond Creek.
Near Snyder, Kiowa County	24	11:10 p.			0	1	4	0	Wind
									A strong thunderstorm caused damage in the Snyder area. Damage was concentrated in an area approximately 1 mile south of Snyder. A woman was injured when her mobile home was flipped over. Two mobile homes and a barn were destroyed. One mobile home, several campers, a business and about a dozen power line poles were damaged.

OKLAHOMA (continued)									
Cache-Faxon-Medicine Park, Comanche County	27-28	8:30 p. - 3:00 p.			0	0	6	0	Flash Flood
									Unofficial rainfall measurements of 8 to 10 inches in the damage areas of the West Cache and Blue Beaver Creeks caused severe flash flooding in the area beginning about 2 miles SE of Cache and continuing downstream to about Comanche County-Cotton County border. Rainfall amounts in Cache were measured at about 5 inches where street and minor home flooding was reported. Major residential damages were to about 12 homes which were scattered over several miles along West Cache Creek, Blue Beaver, and un-named tributary creeks, downstream from Highway 62. Since the flood occurred at night, many vehicles and other mobile properties were not moved to safety. There were very severe losses to fences, land scour, cattle and stored agricultural facilities and their contents. Numerous new homes were flooded to depths of 2 to 4 feet. Several families were evacuated. No deaths or injuries were reported. A county bridge across Beaver Creek was destroyed, along with a smaller bridge, numerous culverts, and road surfacing. A crane was submerged and other damages sustained at the construction site of a major bridge which will serve traffic into the new Goodyear plant. An elderly woman recovering from surgery was saved from the rising flood waters by placing her (on a mattress) in the bucket of a front-end earth loader. Six children were rescued via helicopter (Pt. 511) from a knoll in the common flood plain of West Cache and Blue Beaver Creeks, upstream from Faxon, during the morning of the 28th. They had been instructed by a parent, via phone to leave their mobile home and move to high ground - a pre-conceived plan, in case of high water. An older person in Faxon estimated that the last time water was that high was in 1935. Since there had not been the intensity of rain in Faxon, the first indication of trouble was a foot or more rise in less than an hour beginning around 7 a.m. At Medicine Park local drainage from the mountainside into back yards flooded several residences and was mistaken to be overflow from Medicine Creek, overflowing of the Lake Lawtonka Dam. At the end of the storm, the lake had filled to 2 feet below normal pool level, with no spillage or releases.
Bixby, Tulsa County	28	10:30 a.			0	1	2	0	Lightning
									A woman was slightly injured when lightning struck the roof at the corner of a wash house building while she was taking clothes out of the dryer.

									Lightning struck commercial fisherman while crabbing.
SOUTH DAKOTA									
Brule County	2	Evening	6	*1			3	5	Hail, Rain, High Winds
									Rain, hail and high winds moved eastward for about six miles from near Chamberlain to near Pukwana. Corn fields, trees and farm buildings were damaged. Hail drifts of close to six inches deep were reported at Pukwana.
Spink County	6	9:30 PM CDT	11	*2			4	5	Heavy Rain, Hail High Winds
									Scattered thunderstorms in the Frankfort-Dolan area destroyed some farm buildings. Some trees were damaged and a number of power poles were broken. This caused some power outages. Several reports of golf ball sized hail was reported. A number of cornfields in this area were damaged considerably.
Clark County	6	Evening	20	*2½			3	5	Heavy Rain, Hail
									Heavy rain and hail fell in a two to two and one-half mile path about twenty miles long. Some golf ball sized hail occurred. Windows in some houses were broken. Some flax, small grain and corn were damaged.
Kingsbury County	6	Evening						5	Hail, Strong Winds
									Hail and strong winds damaged crops in Osceola, Spirit Lake and Bancroft areas. Fences were broken, trees damaged and some small animals were killed.
Black Hills Area	8	Evening	1	*1					Large Hail
									Golf ball sized hail fell at Mt. Rushmore and marble sized hail occurred at Custer. At Hermosa, the ground was covered with golf ball sized hail.
Haakon County	8	Evening	3	500					Heavy Rain, High Winds
									Winds gusting from 60 to 70 MPH occurred at Philip. Over three inches of rain fell, one and one-half inches occurring in less than one hour.
Jackson County	8	Evening	2	500			4	5	Hail, High Winds
									Hail and high winds damaged homes and sorghum field in the vicinity of Kadoka. Car windows were broken.
Brule County	8	10:15PM CDT							Large Hail
									Marble sized hail was reported south of Chamberlain.
Bennett County	8	Night						5	Rain, Hail
									Heavy crop damage resulted in the western part of the county due to rain and hail. Roof and window damage occurred to buildings in vicinity.
Yankton County	9	2:00 AM CDT							High Winds
									Winds gusting to 84 MPH occurred at Savins Point
Union County	9	Early AM							Heavy Rain
									It was reported that three inches of rain fell at Elk Point during the early morning hours.
Grant County	16	Early Afternoon							Heavy Rain
									Minor flooding occurred in Milbank and surrounding areas. From all reports, only minor damage occurred.
Hand County	26	Early Morning					4	4	Lightning
									Severe lightning ignited some farm buildings and destroyed a number of bales of alfalfa in the Ree Heights area.

PLACE	DATE	TIME - LOCAL STANDARD	LENGTH OF PATH (MILES)	WIDTH OF PATH (YARDS)	NO. OF PERSONS				ESTIMATED ¹ DAMAGE	CHARACTER OF STORM	
					KILLED	INJURED	PROPERTY	CROPS			
SOUTH DAKOTA (continued)											
Douglas County	27	2:00 AM						4		Lightning	
										Lightning struck three hay stacks in an area west southwest of Corsica.	
Moody County	30	8-8:30 AM CDT								Heavy Rain	
										Heavy rain resulted in minor flooding in the city of Flandreau. 1.17 inches of rain fell in a 20-30 minute period.	
Brookings County	30	4-6 PM CDT								Heavy Rain	
										Brookings received two inches of rain in a two hour period in the evening.	
Brown County	31	Early Morning	30	*1			5	4		High Winds	
										Strong winds accompanying thunderstorms moved across the southern part of the county during the early morning hours. A barn was destroyed three miles west of Warner. Many trees were damaged in the Stratford area. Between Aberdeen and Groton, trees and farm buildings were damaged.	
Codington County	31	Early Morning								High Winds	
										A large empty fuel tank in southeast Watertown was folded inward by strong winds. Lightning during the storm resulted in a power outage in a portion of West Watertown.	
Faulk County	31	Early Morning	40	*2						Strong Winds	
										Strong winds associated with thunderstorms during the early morning from about two to five o'clock moved across the northern portion of the county. The winds first occurred at Onaka, moving into the Wekota area, then in the vicinity of Cresbard and to the north of Chelsea. Grain bins were destroyed at Wekota. Power poles were blown down and a grain auger was damaged at Cresbard. None of the reports of tornadoes were verified.	
Day County	31	4 AM CDT	1	*1			4	4		High Winds	
										The severe storms that had traveled across the counties to the west destroyed a barn northwest of Pierpont. It could not be established that any tornado activity existed.	
TENNESSEE											
Harriman, Roane County	7	1:55 p.			1	3				Lightning	
										Four members of a Harriman family were injured when they were struck by lightning as they sought shelter from a thunderstorm under a tree. The four were felled by the lightning bolt as they stood under a tree near Watts Bay Lake. Lightning struck the tree, knocking all four of them several feet. The one victim died eleven days later, unconscious until the time of her death.	
Chattanooga, Hamilton County	9	1:42 p.					5			Lightning	
										Lightning struck a major electric power board TVA substation during a thunderstorm and knocked out power in a widespread area. A large oil-filled transformer, which burst into flames when the lightning bolt hit, burned out of control for a brief period.	
Chattanooga, Hamilton County	12	7:30 p.	300 Ft.	50 Ft.			4			Tornado	
										A small tornado touched down briefly causing damage to moored boats and dock facilities. The twister uprooted an entire floating boat dock once sitting securely in the middle of the harbor. Another dock within 30 feet of the one that was destroyed was left intact.	
Hattrace, Bedford County	15	3:45 p.				1				Lightning	
										A 33-year old man was struck by lightning as he worked in the fields of a local nursery. He was one of 12 workers pulling weeds and clearing out trees on a hillside area of the fruit tree nursery.	
Knoxville, Knox County	17	P.M.					1			Lightning	
										A 23-year old woman was struck by lightning as she was taking clothes off a clothes line.	
Jonesboro, Washington County	17	4:10 p.						4		Flash flooding	
										Heavy rain as much as 2-1/2 inches in one hour flooded four stores located on the eastern end of Main Street. Nearly 1500 feet of water flowed into the establishments.	
TENNESSEE (continued)											
Rogersville, Hawkins County	17	4:30 p.						4		Flash flooding	
										A deluge of rain which began about 4:30 p. ended at 8 p. as quickly as it had started. But according to rain gauges at HRCSS and John Sevier Steam Plant, 5 inches had fallen in that 3-1/2-hour period, sending Crockett's Creek Federal Branch and another Branch out of its banks. Houses suffered severe damage when they were flooded and basements in a wide area were under water. Seven families were forced to evacuate their homes. Parked vehicles were water filled.	
Midway Section, Cocke County	27	1:30 p.						4	4	Flash flooding	
										Homes, roads, bridges, and crops were heavily damaged when a flash flood resulted in both John's Creek and Baker's Branch overflowing their banks, taking banks out of the roadway as well as bridges. Four inches of rain had fallen in less than one hour. A few homes had up to four feet of water in them at the crest of the flood. Most of the crop losses were suffered by the tobacco farmers.	
TEXAS NORTHERN											
Greenville, Hunt County	11	5:00 p					0	0	4	0	Windstorm
											Scattered wind damage occurred in Greenville when a strong thunderstorm swept across the area. Several plate glass windows were broken and at least one patio cover was destroyed. Television antenna and utility line damage was also reported.
Fort Worth, Tarrant County	12	5:00 p					0	0	3	0	Electrical Storm
											Lightning damaged a number of transformers as a heavy thunderstorm moved across Fort Worth. Power lines were downed in many sections of the city.
Hico, Hamilton County	13	4:00 p					0	0	4	0	Windstorm and Flash Flooding
											A severe thunderstorm resulted in widespread wind damage in the Hico area. Numerous trees, signs, and antennas were felled by estimated 60 to 70 mph winds. Some minor flooding resulted from very heavy rains that accompanied the storm.
3 SW Burk Burnett, Wichita County	22	4:00 p					0	0	4	0	Electrical Storm
											Lightning struck and burned two oil storage tanks 3 miles southwest of Burk Burnett. The initial explosion blew the top of one of the tanks 150 feet away. The owner of the tanks lost 300 barrels of oil along with the tanks. Total damage was placed at \$10,000.
Corsicana area, Navarro County	22	5:00 p-5:10 p	Short Narrow	Short Narrow			0	0	4	0	2 Tornadoes and Hail
											Around 5:00 p.m., two tornadoes occurred 5 to 6 miles east of Corsicana. Neither tornado lasted over several minutes, but one of the twisters destroyed two barns and caused considerable damage to the Lonnie Rhodes residence 5 miles east of Corsicana. Rhodes' house was twisted on its foundation. At 5:15 p.m. SKYWARN spotters reported marble size hail in Corsicana. The hail caused little or no damage. The thunderstorm moved from northwest to southeast.
Kilgore, Gregg County	24	Afternoon					0	0	3	0	Electrical and Windstorm
											Isolated instances of minor damage were reported when a thunderstorm moved across Kilgore. Straight winds picked up a small metal storage building and threw it over several cars in the parking lot of a discount center. The building was destroyed. Minor lightning damage also occurred in the Kilgore area.
Gatesville, Coryell County	24	3:30 p	1	*2			0	1	4	0	Windstorm
											Estimated thunderstorm wind of 75 to 85 mph caused \$20,000 damage near Gatesville in an area 1 mile long and two miles wide. A large truck was blown over, a trailer house overturned and demolished, and a new house under construction received roof damage. Two barns were unroofed and numerous small sheds were destroyed in the same area. The storm moved toward the southeast.
Wichita Falls, Wichita County	24	5:15 p	Short Narrow	Short Narrow			0	0	4	0	Windstorm
											Strong thunderstorm winds destroyed an 8 foot by 60 foot mobile home 5.5 miles west of Sheppard Air Force Base. The mobile home was in transit from the factory and had been parked at a truck stop at the intersection of Highway 287 and FM 869. Witnesses said the winds lifted the mobile home 5 to 8 feet off the ground and that the structure then seemed to explode. Cost of the mobile home was \$10,500.

Dallas County	24	6:30 p-7:00 p			0	0	5	0	Hail and Wind-storms
Scattered wind damage was reported in Garland, Dallas, DeSoto, Duncanville, and Lancaster when several intense thunderstorms moved across the county. Heaviest damage was in DeSoto where some building damage occurred. Golf ball size hail fell in Duncanville, DeSoto, and South Dallas. Hail knocked out the back window of an Oak Cliff Constable's automobile.									
Gainesville area, Cooke County	24	5:48 p-7:30 p	15	*2	0	0	4	0	Electrical and Windstorm
Straight line thunderstorm winds caused scattered damage in an area 15 miles long and 2 miles wide. Two mobile homes were blown off of their foundations in northwest Gainesville. A patio roof was blown down at Moss Lake and a number of outbuildings were damaged in the windswept area. Estimated wind speeds were 60 to 70 mph and wind damage was placed at \$15,000. Lightning set fire to and destroyed a frame house at Moss Lake.									
Bonham, Fannin County	29	Afternoon			1	0	0	0	Lightning
Lightning struck and killed a Mexican national, Garcia Mendoza, when he sought refuge from a thunderstorm under a tree in a pecan orchard. The lightning bolt struck the tree and then hit Mendoza in the back of the neck. The bolt traveled down Mendoza's body, burning holes in his clothes and knocking the soles of his shoes off. The incident occurred on Floyd Gibbs' ranch near Bonham.

VIRGINIA									
Trevilians (3 1/2 SW), Louisa County	1	Nr 2:00p	1/2	30	0	0	4	0	Tornado
Moved from NW to SE, lifting roof and trusses of two-story barn some 30 to 40 feet into the air and carrying it about 350 feet. The barn was then completely demolished. Witness heard "terrific roaring" sound as he ran for shelter in nearby shed. Narrow path of downed trees was found in line with the barn. However corn field immediately behind barn was not damaged. Farm house next to barn was not touched except for minor damage from small debris. Loss was estimated at \$5,000.									
Northern	1	2:25 p			1	0	3	0	Wind, Rain
Man fatally injured when tree crashed down on his car as he was driving in Arlington. Minor flooding reported in low-lying sections of Fairfax County.									
Mine Run (2E), Orange County	6	2:45 p			0	0	2	0	Wind
Dozens of trees on property in Gold Dale torn off at trunks, while some fences were also damaged and shutters ripped off homes. Parked truck reportedly moved several hundred feet into a field.

VIRGINIA (continued)									
Shenandoah and Rockingham Counties	7	12:30 p-1:00 p			0	0	4	0	Wind, Lightning
Two-story storage shed destroyed by wind on orchard southwest of Mt. Jackson, along with equipment and machinery inside. Some 3,000 homes in the two-county area affected by power outages due to lightning and toppled trees.									
Newport News area	7	3:00 p			0	0	4	0	Wind
Brief, but powerful squall line brought winds of nearly 60 mph, with damage concentrated especially in the Denbigh and Beechmont section. Some 14,000 homes without power for four hours, with several homes reporting structural damage due to tree fall. Of a group of sailboats taking part in a race, one had its mast snapped and another had rigging torn loose.									
Nr Richmond	7	Afternoon			0	0	3	0	Lightning
Bedroom of home in Chesterfield damaged when lightning struck trees, arced to house and entered via air conditioning ducts, blasting a six-inch hole in the wall. In Henrico County lightning struck the chimney of home, doing about \$300 damage.									
Lunenburg County, Kenbridge and Victoria areas	7	Afternoon			0	0	4	0	Lightning
Barn valued at \$8,000 burned to ground after being struck. Some 3,000-4,000 bales of hay stored inside also destroyed with loss estimated at around \$8,000. In addition, lightning hit two other homes in the county damaging the attic of one and setting a stack of magazines ablaze in the other.									
Bedford and Carroll Counties	8	Late Afternoon			0	0	4	0	Lightning
Large barn in Huddleston partially destroyed by fire. In addition, loss included some 1,000 bales of hay, a small bulldozer, two trucks and a car. Lightning also started a fire in a school storage shed at Hillsville with loss estimated around \$800.									
Toms Brook (3W), Shenandoah County	8	6:00 p			0	0	0	0	Lightning
Two lightning strikes caused a fire that burned two acres of woodland in the three hours before it was contained.									
Lynchburg Vicinity	8	6:45 p			0	0	2	0	Wind
Power outages occurred due to wind. Telephone pole knocked down did only minor damage to mobile home.									
Crewe-Burkeville area, Nottaway County	8	7:30 p			0	0	2	0	Wind
Brief 5-minute wind estimated at near 60 mph caused scattered light damage.									
Stafford and Northumberland Counties	8	Night			0	0	3	0	Wind, Rain
Wind gusts to 50 mph downed trees, disrupted power. Barn in north-eastern Stafford County collapsed by wind.									
Fredericksburg	10	Midday			0	0	3	0	Dust Devil
Metal shed weighing nearly 300 pounds lifted over 7-foot fence and damaged three vehicles as it fell back into a parking lot. Damage included \$1,000 to vehicles and \$269 for the shed.									
Roanoke and Bedford Counties	11	6:00 p-7:00 p			0	0	4	0	Wind, Rain
Home near Peaks of Otter damaged to extent of \$3,000 when wind tore front porch roof off around 6:10 PM. Two inches of rain in about 20 minutes also reported in vicinity. In Roanoke County storm hit hardest in northwest portion of Vinton and the southeast section of Roanoke City. Fallen trees did damage to at least three vehicles and blocked several roads, in addition to knocking power out to more than 1,000 homes. Another Roanoke resident reported a well-anchored CB antenna was ripped off the roof of his house.									
Caroline County	12	3:00 p	0.10	25	0	1	4	0	Tornado
Golf course pro shop near Rappahannock Academy hit by apparent small tornado, moving SSW-NNE. One section of shop carried some 40 feet and deposited on auto, destroying it. Golf Pro, working inside was found buried under debris. He was hospitalized with multiple injuries, including a broken shoulder. Another portion of the shop was picked up and moved more than 10 feet, then demolished, leaving three occupants standing unharmed. Total damage estimated at \$30,000.									
Stafford and King George Counties	12	3:00 p-4:30 p			0	1	4	0	Wind, Lightning
In northern Stafford County around a dozen trees snapped off just above ground level. Also hay barn near Hartwood burned to ground after being struck by lightning; loss estimated around \$8,000. Near Dahlgren a man was injured when a falling tree broke through the windshield of the car he was driving.

VIRGINIA (continued)									
West Central	12	4:00 p-5:00 p			0	0	3	0	Rain, Wind
Heavy rain caused water to accumulate several feet deep in Roanoke and Montgomery Counties. City of Roanoke reported about an inch of rain in 30 minutes in some sections, with several streets closed. In Christiansburg basements were flooded and some motorists were stranded. Fallen trees caused power failures to around 1,500 homes in Amherst County.									
City of Hopewell and Chesterfield County	12	Evening & Night			0	0	4	0	Wind
Strong winds lashed nine mobile homes in the Greenleigh Park area, Chesterfield County, around 9 PM. One was carried nearly eight feet off its foundation, but two occupants unharmed. Heavy damage done to 4 of the homes and minor damage to 5 others, with total loss estimated at \$25,000. Two separate windstorms hit in the Hopewell area, one at around 4 PM and the other around 10 PM, with generally minor damage reported.									
Farmville, Prince Edward County	13	3:30 p			0	0	2	0	Wind
Winds recorded about 80 mph did only minor damage.									
Fauquier County	14	Afternoon			0	0	4	0	Wind
As many as 200 trees reported toppled in Lees Ridge area near Warrenton. Fallen trees crushed a trailer and damaged the roof of a home and an automobile. Wind also took roof off a tractor barn, straying aluminum over a field and onto highway.									
Warren and Fauquier Counties	15	4:00 p-4:30 p			0	0	4	3	Wind, Hail
Section of large poultry house demolished, killing around 1,000 chickens, on a farm near Front Royal. Four-passenger airplane that was anchored at Front Royal Airport was noxed over on its back with loss estimated at \$16,000. Hail up to the size of baseballs reported, flattening a machinery shed and damaging machinery. Wind took roof off a residence in the Bettel area and some crop damage also reported along with scattered wind damage to farm buildings and homes in the vicinity.									
Winchester (7W), Frederick County	17	2:30 p			0	0	3	0	Wind
"Extremely high winds" lasting only a few minutes, lifted a small shed and sent it smashing into community building. Shed was demolished and cinderblock foundation of building was cracked and its roof partially separated from the upper portion of wall. Estimated damage about \$2,500.									
Lynchburg Vicinity	17	Nr 4:00 p			0	0	2	0	Lightning, Wind
Lightning set several fires, but damage to homes was minor. Wind and lightning also caused power outages, especially in Boonsboro.									
Richmond area	17	4:30 p-7:30 p			0	0	3	0	Rain, Lightning
Up to 3 inches of rain reported in the Bor Air area, with some street flooding and widespread power outages. Lightning responsible for 20 small fires that did only minor damage.									
Dugspur (8SE), Carroll County	21	5:00 p	1	30	0	0	4	0	Tornado
Tornado, moving SW to NE, struck a two-story 24x28-foot oak barn. It was picked up from its foundation and completely demolished, with pieces scattered over a wide area. Two 2x4-inch studs pierced the exterior of home 200 feet to the west; one of these pushed the electric range two feet from the inner wall. Another 2x6-inch board was impaled in the ground some distance away. All that was left of barn was a stack of lumber that had been stored inside. A roaring sound was heard by occupant of home and neighbors reported to have seen a funnel. Damage estimated at over \$5,000.									
Stafford County	24	Nr 1:00p			0	0	2	0	Wind
Strong winds associated with cold front downed or twisted apart more than 50 trees near Brooke. Some minor damage in the vicinity.									
Campbell County	30	7:00 p-8:00 p			0	0	4	0	Lightning
Home six miles north of Albavista burned to ground when struck and set on fire by lightning. In another similar incident, a mobile home in the Gladys area was destroyed.									
Bedford County	30	7:35 p			0	0	3	0	Lightning
Home near Boonsboro caught fire and received moderate fire and smoke damage when lightning entered via an electrical circuit, setting bedroom afire.									
Rockingham County	31	Nr 7:00p			0	0	3	0	Lightning
A 20x20-foot shed struck by lightning and burned, along with lawn mowers, garden tractors and tools that were inside.

									Hail reported to have damaged tobacco crops near Viroqua.
Rock County	8	Early morning			0	0	?	?	Thunderstorm
									Janesville police reported numerous trees and powerlines down as a result of high winds.
Fond du Lac County	13	1:00 p			0	0	?	?	Hail
									Golfball sized hail was reported at Campbellsport.
Dodge County	13	2:00 p	9		0	0	?	?	Tornado
									A tornado damaged roofs, outbuildings and crops at several farms along a path between Reeseville and Lebanon.
Waukesha County	13	2:43 p							Funnel clouds
									Police reported a funnel cloud over Lake Nagawicka, the intersection of Brookfield and Capitol Drive and over the town of Sussex.
Milwaukee County	13	3:07 p							Funnel clouds
									Funnel clouds were reported at I-894 and Layton and at Jackson and Juneau Avenues in the Milwaukee Metro area.
Rock County	21	Evening			0	0	5	0	Lightning
									A lightning related fire destroyed a barn in rural Hanover.
Washburn County	27	10:00 a			0	0	?	?	Hail
									Hail described as "larger than golfballs" was reported 2 miles east of Spooner.
Vilas County	27	Evening			0	0	?	?	Thunderstorms High winds
									Numerous trees were reported down with power outages across much of the county as a result of high winds.
Racine County	28	1:55 p	6		0	1	?	?	Thunderstorm Wind
									The first reports of damaging winds came from the Mount Pleasant and Sturtevant area, southwest of Racine. A church steeple was blown over and a garage and part of the roof of a home were destroyed. The storm then passed over North Racine where it downed trees and power lines. One person was injured by flying glass when at a tavern in downtown Racine.
Langlade County	30	7:00 a			0	1	?	?	Thunderstorm Wind
									Damaging winds blew roofs from buildings and downed trees. One person was injured by flying glass.
Eau Claire	31	5:00 p			0	1	?	?	Thunderstorm
									A severe thunderstorm moved thru Eau Claire. Wind gusts were estimated around 80 mph. Small aircraft were flipped over and damage was reported to several homes and to four mobile homes. Two persons were injured by flying debris.
Marathon	31	7:15 p	45	1000	0	10	6	5	Tornado
									On the evening of August 31 a devastating tornado "spun out" a 45 mile path of destruction across Marathon County. The first sightings of the funnel came from 7 miles southwest of Fenwood. The funnel base was described as reaching tree top levels as it downed barns in the area. The next sightings were near Marathon City where more barns were destroyed and extensive damage to Ginseng (root) crops. The funnels first touch-down was in the town of Rib Mountain at 7:40 p where 15 homes were demolished and 30 others severely damaged. The storm then moved into southwest Wausau damaging a mill and lumber yard. As the funnel moved across the southern end of Wausau, local observers described it as "banding" at tree top levels. Brief touch-downs occurred at Grand Avenue and at Tenth and Manson Streets. The storm then moved out of the Waupau City limits and touched down on McIntosh Street. The funnel then lifted and moved eastward touching down for a final time on Linden Street. Barns and sheds were destroyed on Linden. The funnel reportedly lifted and dissipated after its Linden Street touch down. Heavy damage occurred on 20th Street. Damage occurred to 60 farms for an estimated loss of \$1,036,000. In Wausau business losses were put at \$300,000, automobile damage at \$78,000 and damaged homes at \$1,570,000. Total losses in Marathon County were estimated in excess of \$3,500,000.

EASTERN JULY 1977									
Franklin, Blair, Juniata, Bedford, Luzerne, Snyder, Dauphin, Columbia, Lehigh, Northampton, Bucks, Carbon, Berks and Montgomery Counties	19-20	2:30PM to 2 AM EDT			2	0	5	5	Wind, heavy rain, electrical, hail
Heavy rains accompanying thunderstorms caused flooding and flash flooding in Bedford, Blair and Juniata. Up to 5 inches of precipitation fell in Bedford County and as much as 2.5 inches in Blair County. The flooding resulted in considerable crop damage as well as damaging or destroying houses, mobile homes, other buildings, barns, farm wagons and farm machinery and equipment. 30 cattle also were lost. There was considerable roadway flooding and mud slides. Hail accompanying the rain added to crop damage. Wind gusts downed trees, tree limbs and utility lines and damaged many buildings. There was damage to barns and houses with one mobile home flipped over and destroyed. Many trees were uprooted, some falling on buildings and automobiles with a woman killed in one automobile. In Bucks County a man was blown from a sailboat and drowned in the choppy water. There were also many lightning strikes causing damage and a number of fires. Two barns were destroyed by lightning fires with a dog killed in one.									
Franklin, Huntingdon, Centre, Bradford and Schuylkill Counties	21	2 to 6 PM EDT			0	1	5	0	Electrical, wind
Thunderstorms scattered over Eastern Pennsylvania caused damage in a few counties. Lightning strikes caused fires that destroyed one barn and one mobile home and injured one man. Wind gusts blew a large tree over on to a house and blew a large part of the roof from a manufacturing plant.									
WISCONSIN
